MEMORANDA of the agree-
ment reached tentatively at
the conference last week in Mon-
treal on immigration for the
Maritimes has been received here
by Premier Baxter and signed
by him and forwarded on to
Premier Stewart of Prince Ed-
ward Island. This report out-
lines conclusions reached at the
meeting of representatives of
the C. P. R., the C. N. R., the
Hudson's Bay Overseas Settle-
ment Board, and the three Pre-
miers of the Maritimes, Premier
Baxter said today.

"Mostly," Hon. Dr. Baxter said, "the
conclusions are general in character but
we are hopeful good will flow from
them. As soon as the agreement is
signed by all parties concerned, it will
then be laid before the Minister of
Immigration, Hon. Robert Forke."

RHODES SPEAKS
HALIFAX, Nov. 19.—"I am very
hopeful of the outcome of the con-
ference and of the effect which the
proposals will have when they are put
into force. With the hearty co-opera-
tion of the provincial and federal gov-
ernments, I am confident that much
will be accomplished."

Thus declared Hon. E. N. Rhodes,
Premier of Nova Scotia, on his return
last evening from Montreal where he
attended a conference at which immi-
gration as it affects the Maritime Pro-
vinces was the chief subject of discus-
sion.

The conference, called at the invita-
tion of E. W. Dunder, president of the
C. P. R., was attended by Hon. Robert
Forke, Minister of Immigration; Pre-
mier Baxter of New Brunswick, and
Stewart of Prince Edward Island, to-
gether with representatives of the C.
P. R. and C. N. R., and the Hudson's
Bay Company.

OTHER MEETINGS
The Montreal meeting was describ-
ed as a preliminary conference, the re-
sults of which might be of the utmost
importance to the Maritime Provinces.
Further meetings are to be held, to
discuss the matter, the Premier said.

P. E. I. Wake
Held For Man
Alive and Well

Special to The Times-Star
SHEIDIAC, Nov. 19.—The captain
of a schooner from West Point,
P. E. I., relates a remarkable story
concerning a dead man, which has
been verified. Recently, a patient
at Falconwood, the provincial hospi-
tal for nervous disease cases, passed
away, and supposed relatives at
Tignish, who had been notified,
ordered the body forwarded. At a
wake this week the Tignish people
decided to view the features, but
when the head plate was re-
moved it was seen that the body
was that of a stranger. When the
hospital authorities were notified
they found that the dead man had
been a resident of Mimiasgash,
bearing a name similar to that of
the Tignish patient. The latter is
alive and as well as usual.

ANXIETY FELT
Men Unaccounted for, However,
May Have Landed or Been
Picked Up

Canadian Press
QUEBEC, Que., Nov. 19.—At
10 o'clock this morning it was
reported officially that with
the exception of three deck-
hands, every one on board the
ill-fated "Montreal" had been
accounted for. The "Montreal"
burned near Sorel, P. Q., last
night. Fears for the safety of
these three, however, were ex-
pressed by the company officials
though they were not prepared
to admit that the men had been
lost. As a matter of fact, the
missing men have two chances
for life. They may be on board
the "Brant County," which stood
alongside the burning vessel, or
they may have succeeded in
landing at one of the other
villages along the river bank.
The names of the deckhands
were not known at the local
office of the Canada Steamship
Company.

that kind of a fellow," said the
