Mr. Eringer is travelling representative of the northwest for a California fruit packing company, and met Miss Minter at Hollywood, Cal., where she was making a picture called "All Souls' Eve."

FIND NEW RIVER IN NORTHWEST

Prince Rupert, B. C., July 12.—After finding a new pass across the Rockies, discovering a river, which they named the McMurphy, staking out lands at Fort Norman and traveling in all five thousand miles through the wilds of the North, Walter Murphy, David McNeil, Charles McDonald and Howard Colley, all representatives of a Victoria syndicate, have arrived here. The party followed the little Salmon River, crossed the divide into the south fork of the McMillan, followed it to its source in the Rockies, where they found the new pass, and on the other side came out following the new river, a tributary of the Crave river. This river flows into the Mackenzie only a few miles from Fort Norman.

1200 CAN TALK OVER ONE CABLE

Windsor, Ont., July 12.—With prominent officials of the Bell Telephone Company of Canada and the Michigan State Telephone Company present, the largest submarine cable in the world was laid today on the bed of the Detroit river between Detroit and Windsor. The cable carries 400 pairs of wires and will make it possible to conduct six hundred conversations simultaneously between the two cities.
