The regular monthly tea of the Ladies' Association of the Riverside Golf and Country Club was held yesterday afternoon and on account of the unfavorable weather no matches were played, but were indulged in. Mrs. A. W. Adams and Mrs. George J. McLeod were in charge of the tea.

DECLARE DOLLAR CUT DOES NOT CHEAPEN BREAD

Vancouver, B. C., Sept. 3.—Bakers say that a reduction of \$1 a barrel in the price of flour announced here Wednesday does not mean cheaper bread in this city. The reduction, they say, is not sufficient to justify a decrease in the price of bread.

Winnipeg, Sept. 3.—A reduction of \$1.05 on all grades of flour was announced here yesterday making factory patent flour \$18.75 and bakers' patent \$12.95 a barrel. There will be no reduction in the price of bread.

SEND 'EM TO JAIL

New York, Sept. 3.—John E. McGeehan, "acting" chief magistrate of New York city yesterday sent letters to all city magistrates recommending jail sentences for baseball fans convicted of throwing pop bottles at players or umpires.

Just a minute, please!

HERE'S a timely suggestion for your vacation kit. Put in an Ingersoll Maple Leaf with a Radiolite dial—the face that lights up in the dark. The cost will be \$4.00, and for that you'll have a handy, husky watch, built to keep going wherever you're going; to stand any rough stuff you can stand, to give you faithful record of the time of day and time o' night.

Thus you can give your expensive watch a vacation in a nice comfortable strong box, knowing that the Maple Leaf will tell just as good time and bear hardships much more cheerfully.

Then if you lose the Maple Leaf Radiolite—you should worry, when you realize you've only lost \$4.00. Suppose it had been your high priced watch!

And there isn't any town too small to supply you with a new Maple Leaf.

MINISTER FROM TURKEY TO ROME

Sultan to Send Representative of Government to the Vatican.

Constantinople, Sept. 3.—Turkey will send a minister to the Vatican, so it was announced today.

This is the first time that Islam officially has affiliated with Christendom, the step being taken on the Sultan's initiative as a mark of gratitude for the Pope's financial and other aid to Turkish war prisoners during the war.

Before the minister is sent to Rome, the Vatican will be asked if he will be received.

SAYS ALL SMOOTH SAILING UNDER NEW ELECTIONS ACT

Ottawa, Sept. 3.—(Canadian Press).—Little difficulty is being met by returning officers in mastering the procedure under the new election act, according to Col. O. M. Bigger, chief electoral officer. The instructions placed in the hands of the returning officers have apparently smoothed out the difficulties which they were facing, and very few of the officials are having any trouble in getting all the necessary machinery in order for the taking of the vote or presiding in their district.

SCHOOL BOYCOTT IS VOTED DOWN AT T. & L. MEETING IN MONTREAL

Montreal, Sept. 3.—A movement at a trades and labor council meeting last night to appeal to trade unionists to keep their children away from Catholic schools was overwhelmingly defeated by a vote of eighty-two to seven.

The issue arose over the refusal of the Catholic commission to re-engage sixty-eight male teachers.

THE SADDEST THING

Halifax Chronicle—The saddest thing about the tumbling of sugar prices in the States, from the Canadian point of view, is that some of the sugar is the product of Canadian refineries, which exported it to the States to get the benefit of the exchange.

Ladies Let Cuticura Keep Your Skin Fresh and Young

You will like Lantic fine!

For BAKING. For pound, tea or sponge cakes, layer cakes, fruit cakes, coconut cakes, short cakes, macaroons and biscuits, rolls, buns—ALL cakes—LANTIC creams quicker with the butter—because it's FINE.

For BEVERAGES. For tea, coffee, cocoa, lemonade, root beer, orangeade, lemon pop and fruit punch, use LANTIC. There will then be no wasted spoonful left at the bottom of the cup or glass—because it's FINE.

FINE in granulation—finer than all other sweeteners in actual use—finest in results obtained. "Fine" has many meanings to the Lantic user! In snowy glistening crystals of pure cane sugar—all sugar and nothing else—Lantic brings you concentrated sweetening. And because each crystal is fine and even, Lantic dissolves at once—it instantly delivers its great sweetening power without hesitation. Of course it goes farther. Of course it costs less. Of course you will like it fine.

In PRESERVING late fruits such as pears, plums, and peaches, it eliminates the danger of over-cooking, which robs fruit of its natural color and shape, and some of its flavor.

In BAKING, Lantic creams quickly with the butter—which makes the cake light and dainty. Creaming need not be tedious.

In CANDY-MAKING fine granulation gives candy a soft velvety quality. Most of the highest grade chocolates and fine candies are made with Lantic. The exquisite "velours" of the best chocolate creams come from Lantic fineness.

In TEA or COFFEE, in fact in all beverages (hot or cold), every Lantic crystal dissolves at once, yielding readily the full sweetening of the purest cane.
