Ladies' New Suits AND Coats For Spring

Striking originality characterizes the new spring styles in Coats and Suits. A glance at some of the new models reveals the radical nature of the new vogue.

It is a change that makes for greater novelty, more fanciful styles, and in some instances more striking extremes.

Among the fascinating styles in the Coats are: "The Balmaoan," "The New Sport," "The Slip On," and the much talked of "Flaring Coat."

The Suits are so varied in style that it is difficult to describe them in type, but you must see them.

The prisoner has quite a record in police circles and only yesterday was given his liberty by Judge Forbes, when he was allowed out on suspended sentence for attempting to escape from the chain gang. Kirk was first arrested about December 1, when he was charged with begging and being a common vagrant. He was then sentenced to three months in jail with hard labor. About a month later he attempted to escape, and after finishing his sentence for the first offence, he was committed for trial about a week ago, and when brought before Judge Forbes he was allowed to go on promise to return to his home in Nova Scotia. When arrested last night the prisoner gave his name as Michael Delaney, but he was too weak to be recognized at the police station not to be recognized.

BOYS TRY TO SAVE FATHER

Police Court Case One of Worst in Magistrate's Experience - \$5,000 Spent in Year

A scandalous case of riotous living in a residential street in the city was brought to light in the police court this morning when it was shown that a man had squandered no less than \$5,000 within a year.

His two sons appeared in court and asked that some steps might be taken to protect their father who, they said, had been spending practically all his time in a house, the proprietor of which has lately been reported by the police for keeping a disorderly place. The boys produced a bank pass-book in court showing where their father had had to his credit \$5,000, which had been left him hardly a year ago, while at the present date the books showed a balance of slightly more than \$300, and as they said their father had also received \$300 besides what appeared on the book, he has got rid of fully \$5,000 within a year. To make the case still more deplorable, the money was left him on the death of his wife, and this neat sum represented many years of toil and thrift.

Sergeant Scott and Policeman Powers went to the house on Sunday night, when they heard oaths and curses coming from within. They reported the proprietor for keeping a disorderly house and it is probable that some action will be taken by the police.

Some time ago the boys had their father's name placed on the interdict list and since he cannot buy liquor in the bars he goes to this house, where the boys say that there is no doubt he gets all he wants. As an explanation of the quick disappearance of the money, the boys say that their father gives the proprietor of the house a large-sized bill with which to buy liquor for him, and when he gets the bottle he never thinks of looking for his change. It was shown by the bank-book that \$30 had been drawn out a few days ago, while only three days previous to that \$20 had been withdrawn. The boys are anxious that something should be done to bring to justice those who are supplying liquor to their father. The magistrate said it was the worst case that had ever come under his notice.

FURTHER PLANS FOR BOYS' CONFERENCE

The weekly meeting of the City Teacher Training Institute was held last evening in St. David's church with a special attendance. F. S. Porter gave the first of a continued series of addresses on the duties of the Master Teacher. Last evening he dealt more especially with his preparation for his work. He emphasized the fact that Jesus stood among the people of His day as an example to a teacher, and so such He was authoritative, original, spiritual, pity and freedom. The boys' conference will be held in the preparation of the Maritime Territorial Committee of the M. C. A. and the New Brunswick and P. E. Island Sunday School Association. It aims to give practical leadership to religious work among the boys of the city and province by bringing together a hundred boys between sixteen and twenty years of age, chosen from the several counties of the province, with as many more from the churches of the city itself, to a conference led by special leaders in boys' work.

The executive committee charged with the responsibility of arranging for the approaching boys' conference in the city of St. John, met at the close of the institute to confer upon their plans. The meeting will be held early in April, and is being promoted jointly by the Maritime Territorial Committee of the M. C. A. and the New Brunswick and P. E. Island Sunday School Association. It aims to give practical leadership to religious work among the boys of the city and province by bringing together a hundred boys between sixteen and twenty years of age, chosen from the several counties of the province, with as many more from the churches of the city itself, to a conference led by special leaders in boys' work.

The "Older Boy and the Sunday School" will be the general theme of the conference. Talks will be given on such subjects as "The Call to New Brunswick Boys," "The Boy Asst," "Choosing a Vocation," "The M. C. A. and the Sunday School," "The Canadian Standard Efficiency Test for Boys." Among the chief speakers will be Rev. E. W. Halpern of Toronto, general secretary of the Ontario S. S. Association; Taylor Station, of Toronto, national secretary boys' work department, Y. M. C. A.; Rev. Ivan S. Nowlan, Wolfeville, N. Mr. Belyea will look after the carpenter work himself, and has awarded the various other sub-contracts as follows: - Masonry, B. Mooney & Sons; plumbing and heating, J. Harry Doody; painting and glazing, J. H. Pullen. The contract includes the entire remodeling of the present building to meet the requirements of the new occupants and owners, and the addition of an extra story. Mr. Belyea will start today as soon as the contract was awarded, and expects to have the ground floor ready for occupancy by the middle of July, and the whole contract completed by October 1.
