A daughter of this Mr. Lewis has been traced by the police, and it was explained that when Mr. Lewis died six years ago his family were surprised to find how little property he had left.

A gambler of Tin Can borrowed a sum from a money lender, and when the note fell due he said he could not settle.

"You must settle!" shouted the money lender. "If you don't settle I'll—"

Wilkie, Sack., Feby. 21st, 1913.

The Canadian Pacific Railway are calling for tenders for the erection at this point of Engine and Boiler Shops at once. This means much for Wilkie as it only proves that the C. P. Ry. have a great plan for this town. This last call for tenders establishes beyond a doubt Wilkie's claim to being the largest railway divisional point between Winnipeg and the Coast.

The Winnipeg Free Press announced March 20th, 1913:

That the Dominion Government would send their purchasing sgent to Wilkie to locate the site for a New Post Office, and to create Wilkie a Customs Port of Entry, at the earliest possible date.

It is estimated the building will cost \$40,000.00.

Lots purchased in Wilkie about 18 months ago for \$600 are being held at the present time at \$3,500 and upwards. These conditions existing without any boom. Wilkie values are increasing so rapidly that investors purchasing now are bound to receive large returns from their investments.
