A Look Back Over the N. B. and Maine Season to Date

St. Croix Again on Top, Fredericton Moving Fast and Marathons Stronger Than Last Year—Bangor Takes New Lease of Life and Brisk Baseball Promises

The first month of the baseball season comes to a close this week, and a look back over the first few weeks of play may be of interest. The St. John team are batting much stronger and are in general playing a higher class of ball than last season. They have already occupied the position of league

You must expect a troop of Boy Scouts to capture Gibraltar as to expect any ordinary dentifrice to successfully combat the ravages of "Acid Mouth" upon the teeth.

There's as much difference between any ordinary dentifrice and Pebeco Tooth Paste as there is between a flintlock musket of 1776 and a present-day machine-gun.

Ordinary dentifrices clean, whiten and polish teeth. Here their work stops—for this is all they were ever intended to do.

Pebeco Tooth Paste was made to do what no other known dentifrice has ever done—over-come "Acid Mouth"—that arch-enemy of the teeth because it is the direct cause of 95% of all tooth decay.

Lyman Bros. & Co., Limited, Toronto, Ont.

leaders, and at present date are not far removed from this enviable position, in spite of a few recent reverses. They have excellent baseball material, and during the month of July, even a much better showing may be expected with the warmer weather.

The Fredericton team is much stronger than at the opening of the season. They are indeed dangerous rivals of the locals, and the future ought to see some sharp conflicts between the teams of the capital and the westport.

The marney team from St. Croix opened the season with a notable string of victories over all competitors, and though they were checked and forced from the position of leaders, they are at the top again and it is very evident that they are not the class of ball players that will rest content in remaining low in the list. The work of their players has shown strength in batting, high-grade in pitching, and excellent team work, all of which have been factors in making them the fine ball team they are.

They were unfortunate in missing Tuesday's game with Bangor, and again on Wednesday when weather conditions caused postponement of the match with the St. John team at the border town.

Starting rather late in getting their team together, the Bangor management have been seriously handicapped. The retirement of Manager Magoon from his position followed but now Frank Connaughton, who is spoken of as an excellent ball player, has succeeded to the position of manager, and much may be expected of him to help lift his team out of the cellar. This change will be important in the general league results.

The St. Croix team will clash with the Marathons tomorrow on the local grounds at 8 o'clock. Pinkerton is back again in the lineup for Marathons, and Ramsey has been released, although followers of the game are heard to express the opinion that the excellent work of Ramsey so far would justify the management in retaining his services, which they may do. Joe Harrington was expected here today to strengthen Mr. Leonard's twirling staff. Fredericton also is said to be getting some new players, so it will be seen that things are just nicely warming up.

Fredericton defeated the Marathons yesterday afternoon in Fredericton by falling on Tarbell in the sixth inning and scoring eight runs, each side having already scored one. The game was marked throughout by heavy hitting, each side was forced to use three twirlers. Fredericton did not score after their onslaught in the sixth while the Marathons were able to put seven runs across in the sixth, seventh and eighth but were unable to lead their opponents. Three double plays were pulled off during the game, two of them by Fredericton. Ganley and Duggan added to the excitement of the fatal sixth by

Boy of Eighteen Making Place For Himself in the Ring Records

By TOM ANDREWS

The Badger state can boast of five or six class boxers at the present time, one of them almost a world's champion, with two others coming fast. Jimmy Clabby, who gained all his fighting knowledge in Milwaukee, and has made it his home for many years, is near the top of the middle-weight ladder, while Bob Moha and Gus Christie are also middle-weights who can make trouble for any of the stars. Matty McCue, the Racine sensation, can be classed with the best of the feather-weights, and now comes another Racine boy—Kid Mahoney—who promises to take rank among the best of the lightweights.

At the South Side A. C., Milwaukee, last week, Mahoney put up a wonderfully clever battle against that past master of boxing—Patsy Brennan—and made the big crowd of fans who saw him think of the days when Charley Neary was a topheavy favorite here. The Kid is only a mere stripling and eighteen years of age, but he is compactly built and as fast as a streak of lightning on his feet. He had some hard battles down east in the last eight months, meeting boys heavier than himself, but he never missed up a chance for a match as long as his opponent was not more than ten pounds heavier. He was good enough for consideration of a match with Kid Williams of Baltimore, but the matching of the Oriole boy out west spoiled his chances, and probably it is just as well for the present. Mahoney gave Patsy Brennan ten of the fastest rounds he ever had, and while the Pittsburgh boy shaded him, it was not by a very big margin; in fact, many considered it a draw only, but the veteran earned the shade just the same. The Kid has a peculiar feat with his body and at times mimics Patsy. He is also like a feather on his feet and darts in and out like a fish. He carries a good wallop for a youngster and does not rely upon a style of fighting. He varies his style and has shown that he has a pretty wise head on a grade of very young shoulders. If he takes care of himself he will be heard from later on.

executing a double steal by means of which Ganley got home.

The box score—

	AB.	R.	H.	PO.	A.	E.
Fryer, ss	3	0	2	4	5	1
Ganley, cf	5	2	2	8	0	2
Duggan, lf	2	1	0	1	0	0
White, rf	2	1	0	2	1	1
Conley, 3b	3	1	0	2	1	1
Callahan, 2b	2	2	2	5	2	0
Wakelield, lb	2	1	0	4	0	1
Murphy, c	3	0	1	2	0	0

Score by innings:

Fredericton	0	0	0	1	8	0	—2
St. John	1	0	0	0	2	3	—8

Summary—Hits—Off Ingalls, 4 in 6 1/2 innings; off Edwards, 8 in 1 1/2 innings; off Condon, 0 in 1 2/3 innings; off Tarbell, 6 in 5 1/2 innings; off Dedrich, 2 in 2 innings; off Shankey, 1 in 1 1/2 innings. Stolen bases—Ganley (6), Duggan (2), Black. Bases on balls—By Ingalls, 3; by Edwards, 1; by Tarbell, 1; by Dedrich, 6. Sacrifice hits—Conley, Wakelield, Murphy, Pinkerton, Waterhouse. Double plays—Callahan, Fryer and Wakelield; Conley, Callahan and Wakelield; Pinkerton and Shankey. Hit by pitched ball—Tarbell, Ruggan. Umpire, Labelle. Time—1 hour, 58 minutes.

Notes of the Game
Six pitchers used—three by each team. At this distance it looks as if Joe Tarbell was kept in too long. It must have been Joe's off day.
Five errors for St. John; seven for Fredericton; nine hits for each team.
It's a nice race for first place and gives added interest to tomorrow's game here with St. Croix.

Dartmouth defeated Amherst at Hanover on Monday, 8 to 2. Captain Dave Moroy, of last year's Fredericton team, pitched his last game for Dartmouth, and it was one of his best. Had it not been for errors he would not have been scored on. He kept the visitors' five hits well scattered and was master of the situation at all times.

WILL PAY \$175,000 IN PRIZES FOR LIVE STOCK

Panama-Pacific Horse Race Prizes Will Total \$225,000

San Francisco, June 27—Great prizes and valuable trophies are to be offered for prize winning live stock at the Panama-Pacific International Exposition. The exposition management has set aside \$175,000 as prize money for the live stock division alone and besides this there will be many special funds and trophies. The sum of \$225,000 will be devoted to harness races.

An innovation which has already attracted the attention of breeders all over the world is that live stock will be on display throughout the period of the exposition, which lasts for ten consecutive months, from February to December, 1915. This is a decidedly new venture in universal exhibitions and a record display is assured in the live stock division. Prize winning stock from all parts of the world will be shown.

Two race meetings will be held at the exposition during the year, one in the spring and one in the autumn. The \$225,000 is offered under the auspices of the Pacific Coast Trotting Horse Breeders' Association. The races will be international in character and will be held on a mile race track which is now being constructed.

FLEA-BEETLES AND THEIR CONTROL

The Division of Entomology of the Experimental Farms Branch of the Dominion Department of Agriculture, Ottawa, has recently issued Entomological Circular No. 2, by Mr. Arthur Giblin, Chief Assistant Entomologist, on "Flea-Beetles and Their Control."

The flea-beetles are an important group of insects which attack the foliage of many plants. They are particularly destructive to the leaves of several kinds of vegetable crops, such as turnips, potatoes, tomatoes, radishes, etc. The chief injury is effected in spring and

early summer when the plants are visited by large numbers of the beetles. Numerous small holes are eaten into and through the leaves, in fact, some of the species completely defoliate certain plants. Owing to their jumping habit, these insects were given the popular name of flea-beetles. In size they range from one-twentieth to one-quarter of an inch. In Canada there are five species which are of considerable economic importance, and these are discussed and figured. In addition, descriptions are given of eight other species which occasionally appear in destructive number. A chapter on "Methods of Control" gives full particulars as to remedies which have been found most successful in the control of these insects.

Copies of this publication may be obtained from the Publications Branch, Department of Agriculture, Ottawa.
