John A. Smith and His Remarkable Rheumatism Remedy Cured Himself First and Now Proposes to Cure the World

Cured Many Cases of 30 and 40 Years Standing.

On the theory "that seeing is believing," John A. Smith of Milwaukee, wants everyone to try his remedy for the cure of rheumatism at his expense. For that reason he proposes to send a 50c box FREE to everyone who will enclose this advertisement and send name and address. Mr. Smith has suffered all the agony and

JOHN A. SMITH

torture from rheumatism, tried all the remedies known, and yet utterly failed to find relief.

At times he was so helpless that he had to take morphine and after considering the danger of this he gave up in despair. He began studying into the causes of rheumatism, and after much experimenting, finally found a combination of drugs which completely cured him. The result was so called his new found remedy "Gloria Tonic." Those of his friends, relatives and neighbors suffering from rheumatism were next cured and Mr. Smith concluded to offer his remedy to the world. But everybody had tried a hundred of more remedies and they couldn't be made to believe that there was such a thing as a cure for rheumatism. But an old gentleman from Austin, Texas, U.S.A., wrote him saying if Mr. Smith would send him

a sample he would try it, but as he had suffered over thirty years and wasted a fortune with doctors and advertised remedies, he wouldn't buy anything more, until he knew it was worth something. The sample was sent, he purchased more, and the result was astonishing. He was completely cured. This gave Mr. Smith a new idea and ever since that time he has been sending out free sample boxes to all who apply.

At the U.C. College, Toronto, it cured Mrs. J. Whitley, who had suffered excruciatingly. Fred K. McDonald writes from Sunny Brae, N.S., that "Gloria Tonic" has cured him of a case of rheumatism of many years' standing. From Ambrose M. McLennan, Meteghan River, Digby county, N.S., comes a letter that he has been cured of a severe case. Even the first sample box cured Mrs. B. Brett, at 12 Towell street, Guelph, Ont. Two boxes left Mrs. Geo. Wright, of Oakbrook, Que., well and happy.

Mrs. T. Deline, West Plains, Ont., writes that she could scarcely dress herself because of rheumatism, but that "Gloria Tonic" has completely cured her. Mr. George Lees, of Dundas, Ont., says that he tried many different remedies, but found no relief until he tried "Gloria Tonic," while Clarence A. Scott, writes from Toronto, N.B., that he feels that he owes his life to this remedy.

A case of thirteen years' suffering is reported by James McFarlan, of L'Anse-au-Loup, Ont., but "Gloria Tonic" cured it quickly. Even prominent physicians have to admit success, among them Doctor Quinlan of the University of Venezuela, to whom it was recommended by the United States Consul. In hundreds of other instances the result has been the same. It cured many cases which defied Hospitals, Drugs and Electricity, among them persons of upwards of eighty years of age.

Mr. Smith will send a 50c box FREE absolutely free of charge to any reader who writes him, for he is anxious that everybody should profit by his good fortune. Simply tear out this advertisement and send it together with your name and address, to

A BIT OF HISTORY

Sandy Macdonald SPECIAL LIQUEUR SCOTCH WHISKY 10 YEARS OLD

WHISKY—the liquor distilled from grain and malt, probably originated among the Celtic inhabitants of Scotland, as the name is from the Celtic meaning "Water of Life." It was first known as AQUA VITAE and used only as a medicine; it was first used as a drink in Scotland in the XVII Century.

Very few whiskeys could now be truly known as "water of life" as many of the concoctions sold under the label of Scotch Whisky are positively dangerous to health and life. It is even said that "Made in Germany" should truthfully be the label of millions of gallons of liquor consumed in this country under the name of whisky.

SANDY MACDONALD SCOTCH stands out in strong relief amongst the many brands offered for sale on this market, as it is medicinally recognized as a pure, tonic and invigorating drink of quality, flavour, strength and purity.

FABLES IN SLANG

Series of 1912 -- BY GEO. ADE

THE NEW FABLE OF THE NIGHT GIVEN OVER TO CARELESS REVELRY

Four Old Grads, With Variegated Belshazzars, Were Massed Together in The Egyptian Room Trying to Fix The Date on Which Dr. Milo Lobosque Became Emeritus Professor of Saracenic Philology.

(Copyright, 1912, by George Ade)

THE NEW FABLE OF THE NIGHT GIVEN OVER TO CARELESS REVELRY.

All those who had done time at a certain endowed institution for shaping and polishing highbrows had to close in once a year for a banquet. They called it a Banquet because it would have been a dinner to call it a dinner.

The Invitations were phrased in the type of Old Bohemian to dig up 3 Sesterces and get ready for a Big Night.

To insure a Riot of spontaneous gaiety the following Organization was effected:

- Committee on Speakers.
- Committee on Lights and Music.
- Committee on Spoken.
- Committee on Decorations.
- Committee on Police Protection.
- Committee on First Aid to Injured.
- Committee on Maytag.
- Committee on Liquid Nourishment.

Each Committee held numerous meetings at the call of the Chairman, and discussed the impending Festivities with the solemn regard for spilling Detail within Hagia.

The Frolic was to be perpetrated at a Hotel famous for the number of Electric Lights.

The Hour was to be 9:30 Sharp, so that Belshazzars, were massed together in the Egyptian Room trying to fix the Date on Which Dr. Milo Lobosque became Emeritus Professor of Saracenic Philology.

Along about 7:30 a Sub-Committee wearing Satin Badges was sent down stairs to round up some recent Alumni who were trying to get a Running Start, and at 7:45 the Reunion Party.

Finally at 8 o'clock the glad throng moved into the Main Banquet Hall, which was a snug Apartment about the size of the Mammoth Cave of Kentucky, done in Gold and various shades of Pink, to approximate the Chambermaid's Dream.

CURED OF DRINK BY SIMPLE REMEDY

A Devoted Wife Helps Her Husband to a Cure Through Samaria Prescription

Mrs. S., of Trenton, was in despair. A loving father and a careful provider when sober—her husband had gradually fallen into drinking habits, which, when he was home, health and happiness. Drinking had inflamed his stomach and nerves and created that insatiable craving that kills conscience, love, honor and breaks all family ties.

But read her letter:

"I feel it my duty to say a few words about your Tablets. As you are aware, I sent and got a bottle, thinking I would try them in secret. My husband had only taken them a week when he told me he was going to Fort Arthur for the summer, so I had to tell him all about the tablets. He said he would take them just the same, so I sent and got the second bottle for fear one would not be enough. He writes me saying that he has taken the contents of both bottles, and he feels splendid, does not care for drink, the fact he has not taken any liquor from the first of my giving it to him. I feel I cannot say too much in favor of your wonderful Remedy.

Mrs. S.—Trenton, Ont.

Vienna, Feb. 24.—An empty sled drawn by two horses, belonging to an official named Komeliev, came into the Russian frontier station of Cukovka. A search was made along the road, and some fragments of Komeliev's clothing were found and further back the bones of seven freshly killed wolves.

The official had evidently been pursued by a pack of wolves, and had shot a number of them, but ultimately he must either have been pulled out of the sleds or have fallen out of it, and been torn to pieces.

A ST. JOHN RIP VAN WINKLE

The wintry sun had closed the day along the shore of Courtenay Bay. An aged farmer, sought his bed to rest his weary aching head. His nerves were all strung up of late. For twelve months in slumber deep, late Rip Van Winkle's noted sleep. At length he woke and rubbed his eyes. He gazed about in mute surprise. He failed to find the slightest trace of field or farm about his place. The old familiar cove and rocks were hid by a thick growth of weeds. The brackish water owned by neighbor Lee was now a villa by the sea. The Alma House, too, had disappeared. And on its site hotels were reared. Water neighbors worked the plover and hoe. And Anthony's Cove along the shore he felt so proud of all he'd seen. He hastened back once more to dream; it may be perhaps a year or two. Till that bright day when dreams come true.

RUBBID TIPPING.

St. John, Feb. 23, 1912.

To catch even on the 83 ticket, fell as if they had been loaded with pig iron. Up at the Long Table enough Speakers to supply a Chautauqua Circuit were feeling of themselves to make sure that the Manuscript had not been lost. Each thought that he was the Orator of the evening.

The Committee had put on the Toast Programme every one who might possibly take offense at not being asked.

Also they had selected as Post-master a beaming Broncho whose Vocal Chords were made of seasoned Horse-Hide and who remembered all the black-foot Gray and Billy Hoes used to shoot across at Lew Benedict when Nibbles Garden was first opened.

After every 20-minute Address he would speed ten minutes in polite kidding of the Last Speaker, and then another 10 minutes in climbing a Mountain Height from which to preach the Next Speaker.

Along about Midnight the Coward and Quakers began crawling out of Side Doors and most of the Loyal Sons of Old Bojunks propped themselves up and tried to be Game.

Before 1 o'clock a Member of the Faculty put them on the Ropes with 40 Minutes on projected Changes in the Curriculum.

At 1:30 the Toastmaster was making Speech No. 8 and getting ready to spring the Oldest Living Graduate.

Protected by the Gray Hair that was left to him he began to Reminisce, going back to the Days when it was considered a Great Lark to put a Cow in the Chapel.

The Toastmaster arrived home at 3 a.m. and aroused his Wife to tell her it had been a Great Success.

MORALE.—If they were paid \$3 a Head to stand for it, no one would attend.
