

## INSTITUTE BOYS GIVE EXCELLENT GYM DISPLAYS

Annual Review Repeated  
Tonight and Thursday  
at St. Vincent's.

Physical culture exercises interspersed with gymnastic displays of high merit comprised a strikingly interesting programme for the annual review of the Y. M. C. I. in St. Vincent's Auditorium last evening with a good number present despite the inclement weather. The performers, who numbered both adult and junior, carried out the various drills with a precision that would excite the admiration of a grizzled army instructor, while the juggling and acrobatic feats of Charles Cromwell possessed a real professional style that aroused considerable applause.

The work of Walter Evans as the comedian for the show also deserves special mention. He filled the role of clown admirably and had a real thriller for the crowd as his masterpiece. Placing three tables on each other and seating himself on a chair placed on the topmost table, he commenced rocking them. At each swing, a fall appeared imminent, but he kept the suspense well sustained until finally, with a crash, the clown landed cleverly on his feet. This act often is featured on a vaudeville circuit and it was handled by Mr. Evans last evening exceptionally well. The bar work of George Pemberton also was clever and aroused much applause.

The Salor's Hornpipe by 16 young boys dressed as sailors was interesting. The Indian club drill, the tumbling and pyramid work were executed very well. The entire performance was under the direction of W. E. Stirling, physical director of the Institute, and reflects great credit on him. It required a great deal of time and patience to handle all the details of the show, but the programme went through without a hitch.

There were 16 events on the programme and every one was good. Those performing were received with rounds of applause. Miss Anna McGarrigle and Miss Gussie McGrath were the pianists during the drills and selections were rendered during the evening by an orchestra directed by Frank O'Hara. George Stafford was stage manager, with Thomas Killen acting as assistant. John Fitzpatrick looked after the electrical effects, while Physical Director W. E. Stirling was in full charge of the

performance. The programme was as follows:  
Giant March.....Matted Classes  
Dumbbell Exercise.....Junior Class  
Floor Pyramids.....St. Peter's Class  
Indian Dance.....Junior Class  
Vaulting Horse.....Junior Leaders  
Juggling and Acrobatic Feats.....Charles Cromwell  
Wand Drill.....Junior Class  
Tumbling Exhibition.....Tumbling Troupe  
Salor's Hornpipe.....Junior Boys  
Club Swinging.....High School  
Parallel Bar Exercises.....Bar Troupe  
Elephant Vaulting.....Bar Troupe  
Free Hand Exercises.....High School  
Horizontal Bar Exercises.....Bar Troupe  
Horizontal Bar Pyramids.....Bar Troupe  
There was a large advance sale of tickets for the exhibition which will be continued this evening and tomorrow evening.

Those taking part are to be commended on the grand performance and undoubtedly there will be large audiences for the next two nights.

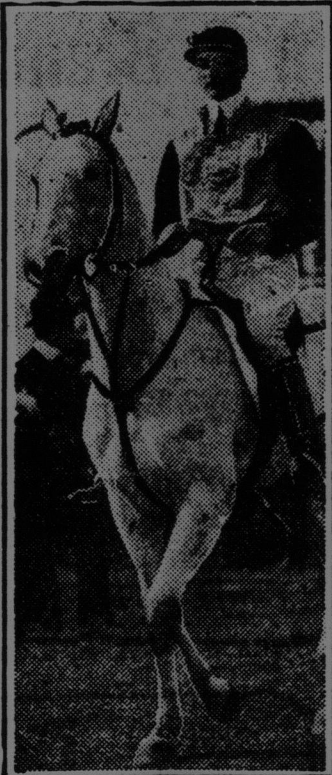

## FLAG FLY IN HONOR OF SAINT GEORGE

(Continued from page 9.)  
found him a good writer whose position on the grand performance and unchallenged, and whose opinions upon so vexed a subject coincided with their own. He filled the role of clown admirably and had a real thriller for the crowd as his masterpiece. Placing three tables on each other and seating himself on a chair placed on the topmost table, he commenced rocking them. At each swing, a fall appeared imminent, but he kept the suspense well sustained until finally, with a crash, the clown landed cleverly on his feet. ## POLO VICTIM

A. J. Devereaux, world-famed polo player and horseman, and wealthy Philadelphia society man, who was thrown so violently in several polo matches that his brain was injured. He was adjudged insane and sent to a Pennsylvania hospital for treatment.

## BOY'S BAD COLD TURNED TO BRONCHITIS

The frequency with which bronchitis develops into pneumonia is appreciated by very few mothers. The danger of pneumonia is, probably, well understood too, but how many mothers take into consideration that a neglected attack of bronchitis frequently leads to this dangerous disease.

We would advise all mothers to give their children Dr. Wood's Norway Pine Syrup the first moment they show any symptoms of a cold or cough, as by doing this they may save them from an attack of bronchitis or pneumonia. Mrs. Lawrence Quick, Sandwich, Ont., writes: "My little boy, six years old, had a bad cold which turned to bronchitis. I tried everything I thought would be best for it, but did not see him getting any better. I was told to try Dr. Wood's Norway Pine Syrup, and after giving him two bottles he got wonderful relief. I cannot praise it enough."

Price 85c. a bottle; large family size 60c.; put up by the T. Milburn Co. Limited, Toronto, Ont.

poison planes. Attacking the weevil from the air with calcium arsenate in the form of dust from a specially equipped airplane is proving to be effective.

In the last few years, says the New York Times, B. R. Coad of the Bureau of Entomology, in charge of the cotton insect investigations at Tallahassee, Fla., has made extensive tests of various poisons and of many ways of applying them. It has been shown that dusting with calcium arsenate will yield of seed cotton except where the land is of low productivity. In a comparison made last year on adjacent plantations, the fields dusted with calcium arsenate by airplane showed an increase of 200 pounds per acre of seed cotton over those that were not poisoned in this manner.

Although the cost of dusting with airplanes, which were supplied and manned by the Air Service of the United States Army, is not definitely

## NEWS NOTES GATHERED FROM WORLD OF STAGE AND SCREEN

### Too Much War Already!

The notes of war even strike its discordant note in musical circles. Antonio Molinari, famous operatic tenor, and his company were winning great success in Mexico City when the last revolution started. After weeks of idleness, Molinari moved over to Yucatan. He reached there just in time for his company to get caught between the fire of two armies. Several of his singers were killed. Now Molinari and his wife, an operatic soprano, are recuperating in San Francisco.

### Kate Douglas Wiggin Left \$182,699 Estate

Kate Douglas Wiggin Riggs, novelist and playwright, one of whose plays, "Rebecca of Sunnybrook Farm," is being staged at the Opera House here this week, left an estate the gross value of which is \$182,699, with net value of \$165,448, according to a transfer tax appraisal filed in the New York surrogate's court yesterday. Mrs. Riggs' largest asset consisted of stocks and bonds valued at \$163,189.

Mrs. Riggs left to her sister, Mrs. Nora Archibald Smith, all her books of association, autographed and inscribed, in consideration of her sister's service and inspiration to her. Mrs. Riggs also gave to her sister her properties in Hollis, Me., known as The Library, Quilicoote and Bell Cottage. The value of the bequests to Mrs. Smith was \$47,692.

Mrs. Riggs left \$3,000 to Bowdoin College and \$1,000 to the First Congregational church, Buxton, Me. The share of her husband, George C. Riggs, in the estate was \$72,851. Kate Douglas Libby, a namesake but not relative, received \$2,000. The rest of the estate was divided among relatives.

### QUADRUPLETS GAIN WEIGHT.

When they were last weighed each of the Mahoney quadruplets had gained weight satisfactorily. John Douglas, the only boy, had gained eight ounces and weighed nine pounds, 8 3/4 ounces, but one sister was still ahead of him. Lydia Christine, although she had gained just six ounces, weighed nine pounds, 11 ounces. Edna Louise came short of the six-pound mark by one-quarter of an ounce. She had gained four ounces. The "littles"

### OCEAN FREIGHTS SHOW A DECLINE

Lower Rates on Coal From N. S. and Grain From Montreal.

New York, April 23.—Indications that the threatened British coal strike would be settled by negotiation tended toward causing a weakness in ship charters during the week just closed. Lower figures for handling grain and coal shipments were accepted by many owners. Several other factors aided in depressing the charter market.

Following the recent activity, the coal market was quiet last week. Some shippers offered cargoes at \$2.80 to \$3 a ton to French Atlantic ports, and up to \$3.40 a ton to Italy. The South American coal trade was quiet also, due to the increased number of available vessels. A price of \$3.88 to the River Plate was fixed by one ship for May loading, but when another vessel followed this with a rate of \$3.40 prices dropped to the lower figure.

### Mr. Carroll Starts Another Engagement

Opens This Week at Bangor, Me., With Whole New Company.

F. James Carroll added another company to his string of operations this week, when, on Monday evening, he opened at the Bijou Theatre, Bangor, with William Anthony McGuire's comedy, "It's a Boy." This is the opening of the third successive summer season which Mr. Carroll has had at Bangor.

The personnel of the Bangor company is as follows: Joyce Booth, leading lady; Alden Gay, second lady; Edith Bowers, character woman; Winifred Gillmore, ingenue; Estelle Forrest, extra woman; Graham Velsey, leading man; William Lemuel, second lead; Maurice Penfold, comedian; Richard Clark, character man; J. Arnold Daley, juvenile man; Arthur Bouvier, utility and stage director; John Malcome, extra man.

Mr. Carroll now has companies operating in St. John, Bangor, Newell, N. B., and Scranton, Pa.

A STORY THAT WILL KEEP YOU GUESSING

"THE COBBLER" "LONE LANG"

—THURSDAY—  
ANOTHER SPLENDID WEEK. END SHOW.

### Women's Clubs Have Their Garden Week

Washington, April 23.—(United Press.)—The second annual Garden Week of the General Federation of Women's Clubs, starting today, has the personal endorsement of President Coolidge and Secretary Hoover. It is being conducted under the personal auspices of Mrs. John D. Sherman of Denver, chairman.

In a letter to Mr. Winter, President Coolidge wrote:—"National Garden Week seems now to be well on the way to establishment as a fixed national affair, and I hope this year's observance of it will strengthen its position in the public interest and activities."

Montreal grain conditions improve with the approach of the opening of the St. Lawrence season. April, May and June cargoes were set at 19 cents a hundred pounds for shipments to the Italian and other ports in the Mediterranean. Hamburg and Antwerp business brought 15 cents a hundred pounds with one way loading at 19 1/2 cents to two or three ports of discharge.
