NERVOUS PROSTRATION May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done. For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

Shock Left Her Weak and Nervous COULD NOT SLEEP

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, you can't sleep at night, and you wonder if life is worth living. To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs. Mrs. J. J. Bunyan, Pilot Butte, Sask., writes: "I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over. I had hot flashes and fainting spells. When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on until I had used six boxes, when I felt like a different person. I am never without them in the house, and highly recommend them to all who suffer with their heart." Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Dangerous Antiseptics And Germicides Are Unnecessary

A dependable antiseptic has come to be considered a necessity in most homes. Especially is this true since Absorbine, Jr., has had such a wide introduction, because this liniment is not only a powerful antiseptic and germicide but it is absolutely safe to use and to have around the house. It is not poisonous and it cannot do harm even if the children do get hold of it. That is a big point to consider. Absorbine, Jr., is concentrated and is therefore economical. It retains its germicidal properties even diluted one part Absorbine, Jr., to 100 parts water—and its antiseptic properties, one part Absorbine, Jr., to 200 parts of water. The antiseptic and germicidal properties have been repeatedly tested and proven in many prominent chemical laboratories. Detailed laboratory reports mailed upon request. Absorbine, Jr., combines safety with efficiency. \$1.25 a bottle at most druggists or postpaid. Send 10c for liberal trial bottle. W. F. Young, P. D. F., 817 Lyman Bldg., Montreal, Can.

PREPARE CLAIMS FOR DAMAGES

Government Directs Canadians Suffering by War to File Proof

Ottawa, Nov. 18.—The government has directed the preparation of a list of claims by Canadians arising out of the illegal methods of warfare by the enemies during the war. These claims arise through the torpedoing of ships without warning, the aerial bombing of undefended places, and commandeering or requisitioning without compensation, destruction and violation of legal acts so as to enable the government to make a demand if an occasion arises. Instructions showing the method of filing claims and the proof to be forwarded may be obtained from Thomas Mulvey, Under Secretary of State. The officer appointed by order-in-council to prepare and report upon the claims, or to C. B. Allan, secretary Navy League, 46 Germain street, St. John.

THE LEAGUE OF NATIONS TO TAKE A FIRST PLACE

Paris, Nov. 26.—(By the Associated Press)—A league of nations is likely to figure before the peace conference at a very early stage of the proceedings, instead of being relegated to the close, after the territorial aspirations of the various powers are settled. Two distinct view points have now developed on this subject. The American view is that the coming congress will not be like the Vienna congress, which devoted itself principally to arranging what each power should receive as a result of a Napoleonic upheaval. According to the American view, the present war was based on certain high ideals and was not a struggle for territorial gains. Therefore, it is maintained, ideals should come before territorial aspirations in the deliberations of the congress and these ideals have been first defined should thereafter be the main guide in national aspirations. One of the chief of these ideals, it is pointed out, was to prevent future warfare, and a league of nations has been generally and officially accepted as the most practical organization for accomplishing that ideal. It is therefore held that this should be one of the first subjects considered, and should set a standard of ideals for other subjects following.

It can be stated that this view of procedure has found warm supporters in England and France, though there is still so another view-point, which clings to the old procedure under the Vienna congress, whereby individual aspirations for territorial gains have first consideration. Those urging that territorial questions should come first, say that it is highly desirable to sign a peace treaty containing the essential details at the earliest possible moment, so as to terminate the official war period under which troops are held for the duration of the war, and railroads, telegraphs and other public utilities are similarly affected until peace is declared. According to this view, an early peace agreement on essentials would release the armies holding the occupied regions.

PLANS TO AVERT DEPRESSION WHEN WAR ORDERS END

Ottawa, Nov. 26.—To avert acute depression in Canada despite the cessation of war orders, Hon. A. R. MacLean, chairman of the reconstruction committee of the privy council, is co-operating with the Canadian Association of Building Industries in formulating a programme that will result in the employment of returned soldiers and of idle munition workers.

Speaking today at a meeting of the association, Mr. MacLean said that the municipalities alone in Canada are probably nearly a billion dollars behind in construction, due to postponements of work on account of the war. This figure does not include large sums that will be spent by the dominion and provincial governments, the railways and private corporations, nor does it include orders for reconstruction that have been promised to Canada by various European nations. "Provinces, cities and towns in Canada which have reconstruction programmes should resume them at once; it is their clear duty to do so," declared Mr. MacLean. "There are now no restrictions on issues of bonds for these communities. The representative bodies must give the lead to the people of the country if confusion is to be avoided." Recognizing the importance of the economic problem now facing Canada, and desiring to help the cabinet by making suggestions that would result in the quickest relief to the greatest number of people, several hundred leading business men connected with building industries are gathered here in a three-day conference. Delegates from Halifax to Victoria are in attendance, and every building exchange in the dominion is represented, also the largest supply and manufacturing firms and general and trade contractors. To insure co-operation in stabilizing the building industries throughout the country, a permanent association has been formed, known as the Canadian Association of Building Industries, with J. P. Anglin of Montreal as president.

WARM WINTER OVERCOATS

in Full Readiness \$20 to \$45

From the house of 20th Century Brand and other standard makers. If you could see the cabinets full of these fine overcoats—

If you could examine these overcoats carefully and see how well they are made—

If you could tear them open and see how conscientiously the makers have done the inside tailoring, the foundation of the garment that you do not ordinarily see, but which means so much to its service—

You would know with certainty that you need not look further for your overcoat.
