

### WELCOME HOME TO MR. BARNARD CONSERVATIVE SMOKER TO THE CITY MEMBER

All Asserted That He Had Made a Record in the House of Commons

What was termed a "rousing welcome" was tendered Tuesday night to G. H. Barnard, M. P., by the Victoria Conservative Association at the A. O. U. W. hall. There were present on the platform: Premier McBride, Hon. W. J. Bowser, Hon. Dr. Young, George H. Cowan, M. P.; H. B. Thomson, M. P.; A. E. McPhillips, M. P.; P. J. Mayor Robinson, of Kamloops; Mayor Lee, of New Westminster; Col. E. G. Prior, Leonard Tait, chairman, president of the Victoria Conservative Association; C. B. Reidfern, W. Blake-Morey, Frank Taylor, Reginald and H. B. Helmcken, K. C.; D. H. MacDowall, A. C. Burdick, Arthur Berwick, F. Bittancourt, John Haggerty, F. Maynard, J. W. Bolden, R. W. Perry, H. Cuthbertson, M. G. O. B. Kelly, George Morphy, F. Heal, A. B. Erskine, W. T. Williams, F. B. Pemberton, J. A. Alkman, George Fraser, S. S. Baxter, H. H. Molony, S. Williams and W. E. Price, secretary of the Victoria Conservative Association.

The attendance was large. Mr. Barnard dealt mainly with the naval policy of the Laurier government, contending that the scheme as it was devised by Sir Wilfrid Laurier and his colleagues, after consultation with the admiralty, was unwise and futile. There were speeches in corroboration of this by Premier McBride, Hon. Mr. Bowser, Hon. Dr. Young, G. H. Cowan, M. P., and others. All declared that Victoria had never had a better representative at Ottawa than Mr. Barnard, and the gathering, being a Conservative one, there were no dissenting voices.

Mr. Barnard, after his introductory expressions, entered into an extended criticism of the provisions of the naval bill which had lately been passed by the Commons. He argued that if the people of Canada had been consulted in the matter the government would have had to amend its plans. He believed that a great blunder had been made in deciding to have the bulk of the Canadian fleet that is to be stationed on the Atlantic instead of the Pacific. He took issue with the government when it declared that the navy could only go to war with the consent of the governor in council, and said the Conservative party took the view that on every and all occasions when Great Britain was at war Canada was at war.

Turning from the naval question, Mr. Barnard made an allusion to the question of Better Terms. He mentioned that during the recent session he had asked for a statement of the amount of the wharf expenditures in this province, and the figures he got in reply had shown great discrimination against British Columbia. Mr. Barnard concluded by expressing his delight at being home again in Victoria, his native city.

Premier McBride, who followed Mr. Barnard, was given a great reception. He pleaded mainly that the "organization" of the party in British Columbia should be maintained at its present state of efficiency. The Conservatives of this province must be on the watch, and the figures he got in reply had shown that such visits were the prelude to general elections.

Hon. Mr. Bowser made a brief speech in which he pointed out that the speaker did meeting showed that in the Conservative party were the best citizens of British Columbia. No one present took exception to this statement.

Hon. Dr. Young described Mr. Barnard as a man in whom the Conservatives of the province had the fullest confidence. G. E. Cowan, M. P., announced that Mr. Barnard had been first to sound the Imperial note in the House of Commons. This announcement was corroborated later by other speakers. H. E. Thomson, M. P.; A. E. McPhillips, M. P.; P. J. Mayor Robinson, of Kamloops; Mayor Lee, of New Westminster, and Mayor Robinson, of Kamloops.

### FIND REPORT FAIRLY OBTAINED AND USED

Police Commission Inquires Into Fire Chief's Charge Against Constables This Morning

That a reporter on civic buildings detail obtained the news, obtained it in a perfectly legitimate manner, and reported it correctly, was the decision of the police commissioners Wednesday, after sitting for an hour and a half to discuss a report made to the commission by the fire chief, who complained that an erroneous report of a fire had been published in the morning paper.

The news was given by Patrol Driver Bradley and Constable Blackstock, who went to the fire in the wagon, and they averred that the fire brigade made the slowest turn-out since the new chief has been in command. The driver and constable maintained Wednesday on oath, that the brigade was fifteen minutes later getting to the fire than the patrol wagon.

When the fire chief took up the matter of the complaint, Commissioner Tait went into the news item sentence by sentence, and had the fire chief answer it. The chief admitted there had been delay, and that there was trouble with the hose. The brigade, however, got there as fast as possible, and there was no damage by smoke and water. The delay was caused by a hose-wagon wheel getting stuck in the sand of a thoroughfare which was under repair, unknown to the brigade.

Patrol Driver Bradley said: "The patrol wagon was slow in turning out, but it was on the street and off before the fire brigade automobile. The patrol man had to lead the horses out by hand, whereas the brigade had not."

Constable Blackstock said he had told the reporter that the fire brigade had made a very slow turn-out. "We were there fifteen minutes before any water went into the building."

The fire chief denied the constable's statement, and P. C. Blackstock replied: "They laid the hose the wrong way on." The chief maintained the men were putting in an extra length of hose and asked: "Who is the best judge of the fire department, this man or I?" Constable Blackstock—I can see other witnesses to show it.

Another witness remarked that after the report had been published that the brigade had made a slow turn-out, the fire chief had gone over to the police station "like a crazy man and went it hammer-and-tongs with the patrol driver."

Commissioner Tait, when it was asked what could be done to control the reports that went out, said: "You cannot control a reporter. The fire chief called upon to pass a reprimand on the patrol-man and the constable, whose conversation, in making their report to the jailer, had been overheard by the newspaper man."

Judgment has been handed down by Judge Lammman in the court case of Lawrence vs. Landberg, in which the plaintiff sought to enforce a mechanic's lien. Defendant had a house built last fall and after the architect had filed his final certificate, she left the city believing that the building was complete. In January, during her absence, plaintiff, who is a plumber, went to the house and changed a register. Being refused payment for this work he sought to enforce a lien. His Honor held that the plaintiff failed to show that the work was done under an original contract and dismissed the case with costs.

### COURT MUST SEE CITY'S RETAINER

INJUNCTION ARGUMENT HELD UP MEANWHILE

Mayor's Action Towards Preventing the Races Comes Before the Courts

(From Wednesday's Daily.) In chambers this afternoon the application made by Fred Peters, K. C., and entitled "Victoria City versus the County Club," for an injunction, to prevent the defendants trespassing upon the Driving Park, was stayed by Mr. Justice Gregory until Mr. Peters can produce a retainer for the city.

H. W. R. Moore, for the defendant club, argued that Mr. Peters was not retained by the corporation, and filed affidavits to show that the proceedings, although taken in the name of the city, were instituted by Mayor Morley not only without the consent of, but against the wish of the city council.

Mr. Peters, when challenged to produce his retainer, produced a letter from the mayor to J. P. Mann, acting city solicitor, instructing Mr. Mann to have Mr. Peters make the application. His Lordship held that the mayor had no right to initiate litigation against the city council, and that the city can produce a retainer showing that he is acting for the corporation.

### DESTRUCTIVE FIRE AT PORT ESSINGTON

Anglican Church, Three Stores and Five Small Buildings Are Wiped Out

Prince Rupert, June 13.—The steamer Port Simpson brings news of a disastrous fire at Port Essington Tuesday night. It broke out in a Chinese dive about midnight and rapidly spread to the New Anglican church, which was soon a mass of flames and was totally destroyed. It was a handsome structure and only erected last March.

From the church, with the high wind blowing, the fire rapidly spread to adjoining buildings, and three stores and five small buildings were burned to the ground before the configuration was at an end.

The Port Simpson was loading on freight at the time the alarm was given. Captain Jackman immediately turned out his whole crew, and it is due to him and his crew that several buildings were saved. "There was nothing to fight the fire with except by bucket brigades, but these did excellent work."

Captain Jackman of the Port Simpson, said: "It was sharp at 12 o'clock, and we were just finishing loading when Mr. Knox, our chief steward, started to hullo 'Fire!' Immediately all the crew came to the front, and by that time the Indians and others on shore got around to where the fire was. They started bucket brigades, but seeing the headway the flames were making, we tried to dynamite the adjoining buildings."

(Special to the Times.) Ottawa, June 15.—Little credence is placed here in the report from Edmonton that Hon. F. Oliver is to resign as minister of the interior in order to become a member of the railway commission. It is regarded as unlikely that he would be going to the Yukon in the interest of the interior department, as he is intended resigning that portfolio.

Water Tanks in Toronto. Toronto, June 15.—The question of water towers was discussed by the fire and light committee yesterday. Aid. Hamby asked what measures had been taken by this city to protect the people against such a catastrophe as occurred at Montreal. A committee decided to have a report on the city architect on the question of water tanks.

### INTERIOR RIFLE ASSOCIATION MEETING

Over \$700 Distributed in Prize Money—Capt. Carrie, of Nelson, Has Three Cups

Nelson, June 14.—After lasting four days the second annual prize meeting of the Interior of British Columbia Rifle Association has just closed. Larger in numbers and far more representative than the meet of the previous year, the successful prize meeting just concluded set a standard for future years.

The winners of the 11 matches are given below in the order of the competition: First match—Prizes donated by the city of Trail, 7 shots at 200 yards, for tyros, won by A. W. Bessard, of Fernie.

Interior Association match—Cup put up by Interior Association, 10 shots at 500 yards, for active militia, won by P. E. Weir, of Nelson.

Trailway match—Cup, donated by the old Nelson Electric Tramway Company, 7 shots at 500 and 600 yards, for all comers, won by Capt. A. Carrie, of Nelson.

C. P. R. match—Cup donated by Canadian Pacific Railway Company, 7 shots at 200, 500 and 600 yards, for militia and rifle associations, won for the second time and now the property of Capt. A. Carrie, Nelson.

Land's match—Prizes in kind, 10 shots at 500 yards, for all comers, nominated by judges, won by Col. Serge L. W. Ashton, Nelson.

The Nelson Daily News match—Cup donated by the News Publishing Company, Limited, this year, 7 shots at 200, 500 and 600 yards, service conditions, for militia and rifle associations, won by A. Donaldson, Trail.

Merchants' match—Prizes in kind donated by the merchants of Nelson, 10 shots at 600 yards, for militia and rifle associations, won by J. Buchanan, of Trail.

Bankers' match—Cup donated by the banks of Nelson, this year, 10 shots at 200 and 600 yards, for militia and rifle associations, won by Rev. W. H. Simpson, of Nelson.

Nelson Agricultural Association match—Cup donated by the Nelson and Industrial Association, 7 shots at 200 and 600 yards, for militia and rifle associations, won by Capt. A. Carrie, of Nelson.

Team match—Cash prizes donated by the Interior Association, for best aggregate of scores in C. P. R. and Daily News matches by teams of five men from single association or club, won by the team from Trail.

Grand aggregate—Silver and bronze medals donated by the Dominion Rifle Association for best aggregates of the six matches earlier designated, silver medal won by J. Buchanan, of Trail; bronze medal won by Capt. A. Carrie, of Nelson.

The only possible of the meet was made when Capt. Carrie made 35 points in the 500 yard stage of the tramway match, with seven bullets.

The annual meeting of the Interior of British Columbia Rifle Association will be held at Nelson on December 1st when the business of the present meeting will be closed out, and officers will be elected, while the plans for the 1911 meet will be laid.

A prize fund of over \$700 was distributed at the recent meet.

Working Arrangement Between Canadian Pacific and Canadian Northern Steamship Co. A working arrangement has been arrived at between the C. P. R. and the Canadian Northern Steamship Company, by which the big steamships of the Royal line shall run on alternate weeks with the Empresses. The new steamers resemble the Empresses in a great many respects and they are the fastest boats on the Canadian trans-Atlantic route, the Empresses coming next.

### BUSY SCENE AT OUTER WHARF

FOUR STEAMERS TIED UP THIS MORNING

Two Blue Funnel Liners, Cable Ship Restorer and Excursion Steamer Spokane

(From Wednesday's Daily.) The outer dock was a busy place this morning and still wears quite a commercial air. Before 11 o'clock four steamers were moored, three in the inner basin and one across the city. These were the Blue Funnel liners Keemun and Oanfa, the cable ship Restorer and the Pacific Coast excursion steamer Spokane.

The Keemun left for the Orient in command of Capt. Conradi with a half cargo, consisting of about five thousand tons of lumber for Europe, Manila, Hongkong and Yokohama; four for Manila and Hongkong, and a quantity of general merchandise. She also took about 80 Chinese passengers, of whom over 30 were from this port and six were deported by the immigration department, because they were unable to find the necessary \$500 tax payable in entering the country.

The Oanfa, another of the Blue Funnel liners, is here to-day discharging cargo. The most interesting item is the big cable for the C. P. R., 45 miles in length, which is being wound out into the cable steamer Restorer. The new cable is a three-core combination, 4 1/2 inches in diameter. It was brought out in an immense tank 21 ft. 10 in. in diameter and 9 ft. 4 in. deep, and was kept covered with sea water all the way. The tank will be taken to pieces in the hold and landed at Vancouver, where the C. P. R. telegraph department will use it for keeping open cable for repair purposes.

It will take three days to wind the cable out on the one steamer and coil it in the tank of the other. The tank in which it was being placed in the Restorer already contains 30 miles of cable and is 31 feet in diameter and 13 feet deep. The Restorer always carries 250 miles of cable to be used if necessary in repairing the Commercial Cable Company's big trans-Pacific cable.

While it takes three days to load the new cable into the tank, it will take only one day to lay it across the Gulf to Vancouver.

As soon as the cable and the Victoria general cargo has been discharged, the Oanfa will move round to Esquimaut, where she will discharge a few miles of the big water mains for the Esquimaut Waterworks Company. She then goes to Vancouver to discharge the rest of her cargo.

The other steamer at the dock this morning was the Spokane, which brought 135 passengers whom she is taking north on a fourteen-day excursion to Alaskan points. Capt. Thomas is in command. He said that these excursions were becoming very popular with Americans and others, who were just learning to appreciate the fact that they had in Alaska some of the finest scenery in the world. The passengers all went ashore and took tally for the 1911 meet will be laid.

A prize fund of over \$700 was distributed at the recent meet.

Working Arrangement Between Canadian Pacific and Canadian Northern Steamship Co. A working arrangement has been arrived at between the C. P. R. and the Canadian Northern Steamship Company, by which the big steamships of the Royal line shall run on alternate weeks with the Empresses. The new steamers resemble the Empresses in a great many respects and they are the fastest boats on the Canadian trans-Atlantic route, the Empresses coming next.

The Royal steamers sail from Montreal every second Thursday, while the Empresses sail every second Wednesday. Through bookings are now being made by the local C. P. R. office for either route and it is expected that the new steamers will become as popular as are the C. P. R. liners.

The people who are likely to suffer from the new arrangement are the owners of the Allan line, whose steamers sail a day after the Royal liners. The owners of that line were not as speedy as the steamers of either of the others and passengers like a speedy boat.

MORE TROUBLE WITH INDIANS. Mexico City, June 14.—Indians in the states of Chiapas are threatening open revolt because of the conflict, according to dispatches received here.

Officials here are excited because of the shooting of a prominent lawyer by the Indians, the attempted murder of a surveyor and threats to assassinate many public officials.

Another dispatch to a daily paper says a general uprising among the Indians is feared and suggests that troops be sent to protect the lives and property.

FOUND DEAD. Valleyfield, Que., June 15.—A man about thirty-five years of age and of small stature and well dressed was found dead in the yard of the New York Central railway yards here this morning. It was evidently a case of suicide. Documented in his pocket would indicate that his name is Owen O'Brien, who recently resided at 188 Jarvis street, Winnipeg. By trade he was a carpenter, and he bought considerable property through Birkett & Chalmers, real estate agents, Winnipeg. He was apparently a man of means.

### Loose Tea Loses Flavour

deteriorates in quality and flavour before half your last purchase is used up, but

Tea, in its sealed lead packages, always has a delightful freshness. You buy it in pound or half-pound packets from your grocer just as you require it. Besides, you know, "SALADA" was picked just fifteen weeks ago in Ceylon.

Black, Mixed and Natural Green, 40c, 50c, 60c and 70c per lb.

LIQUOR LICENSE FEES INCREASED Vancouver Council Awaits Operation of Provincial Act in Reference to Hours of Closing

Vancouver, June 14.—Although the license fee by-law was finally passed by the council Monday night nothing was done with that fixing the hours, as the city solicitor advised, in accordance with the operation of the provincial act in August.

The increase in the license fees will mean an advance in the civic revenue in this way of \$38,250. The new fees are as follows: Hotel, \$1,000; wholesale, \$500; wholesale beer, \$750; restaurants, \$1,000; shop, \$800; transfers, \$250; temporary, \$50 per day. There are no changes in the restaurant fees. The by-law goes into effect on June 30th, and this will affect all licenses for the next year.

Ald. Hepburn moved that the fee for hotels be placed at \$700 for the first year with an annual increase of \$100 until the \$1,000 mark had been reached. Mayor Taylor said that the draft of fees as prepared by the council had at first been acceptable to the commissioners, as it was thought that the hours agreed upon by the latter would remain as they were, but when the council saw fit to increase the hours, it did not choose but oppose the increase in the hotel license and he therefore announced that he would support Ald. Hepburn. Ald. Enright, Crowe and Roberts also voted for the amendment, but it was defeated on a 6 to 5 vote.

The decision to take action with reference to the hours of closing was taken after Ald. Roberts and the city solicitor had reported that the new provincial act dealing with this question would go into effect on the first of August. The latter thought that on account of the ambiguity in the proposed by-law and the many conflicting clauses in the liquor license by-laws and the city charter, it would be better to await the provincial act and then make some move. Thus the hours are to remain as they are for the present, unless the license commissioners succeed in making a change.

The Musicians' union sent in a petition asking that no alteration be made.

SEEKING AID FOR AGRICULTURAL FAIR Deputation Interviews Klamloops Council—Matter Referred to the Finance Committee

Klamloops, June 14.—A deputation from the Agricultural Association waited upon the city council asking for assistance. J. L. Brown, one of the delegation, informed the council that the association is determined to this year make a special effort to make the exhibition successful. The association was receiving the support of the board of trade as representing the business men and the board had granted the exhibition \$200. It was intended to provide splendid attractions and the association would be at great expense. He maintained that the defeat of the park by-law had no bearing whatever upon the exhibition and the aldermen should not regard it in that light. He urged that as it was for the public good the general public should contribute and the best way to that end was through the council granting a substantial sum and he asked the council to grant \$1,500 to the exhibition. It was not fair to expect the business men to bear the whole crunt of these affairs which are for the general benefit and every property owner and citizen would benefit by the exhibition which must be made a success this year to wipe out all indebtedness.

J. Gill said it was in the interests of the citizens that the exhibition should be made a success and he strongly supported the application for a grant of \$1,500.

Dr. Wade supported the application, pointing out the intentions of the Agricultural Association. Last year with much economy and poor receipts the exhibition was held. This year the success of the exhibition was paid for by the general public. He suggested that it was felt that better attractions should be provided to afford entertainment to draw a record attendance.

C. E. Lawrence urged that as all the money given in prizes and in fixing up the grounds and buildings is spent in the city, it is desirable that the exhibition be kept to the front and made a success of. The sum granted by the provincial government is also spent here and that is good for the city. Keeping the exhibition going by making a substantial grant was like buying seed to secure a good harvest.

Ald. Rushton moved the request be granted. Ald. Norris and Vasey, as members of the finance committee, asked for time to look into finances before making a vote. They did not feel like voting a sum without knowing how the city stood although they were both strongly in favor of making the grant as large as consistently possible.

Ald. Baynton thought \$1,000 sufficient. Ald. Vasey moved the matter be referred to the finance committee and Ald. Bulman seconded it. Ald. Rushton moved that \$1,000 be granted and Ald. Baynton seconded. On the vote being taken it was a tie and the mayor voted in favor of the original motion, stating that while he was thoroughly in accord with granting the sum asked for, it was right that the finance committee should first look into it. The deputation thanked the aldermen and then withdrew.

N. S. W. COLLEGE HEAD OF EMPIRE DAY SHOOT Two-Hundred-Guinea Cup May Go to Antipodes for Second Year The London Daily Mail gives the following scores received of the Daily Mail Empire Day shoot, which was fired last month. The account in full is as follows: "A large number of clubs have not yet forwarded their scores, but it is hoped to get a complete list of the cables received on Saturday. The highest score received so far is that of the Granville Technical College, Granville, New South Wales, and it appears therefore that the Daily Mail 200 guinea challenge cup will, for the second year in succession, go to New South Wales. "A gratifying feature of this year's contest is the high standard of shooting of the competing clubs. It will be seen from the list published below that no fewer than forty-six rifle clubs have scored 70 and over, a possible 100 as against eleven in 1908 and thirty-four in 1909. "Before the final awards are made the actual score-sheets signed by the independent referees, which are being forwarded by mail, will be submitted to our advisory committee."

Table with 2 columns: Name of Club, Score. Includes Granville Technical College (NSW) 82, North London 80, Young, New South Wales 75, Peak Hill, New South Wales 74, Quesanbeyan, New South Wales 72, Durban Light Infantry, Natal 70, East Torrens, South Australia 69, Queen's Edinburgh 68, Port Augusta, South Australia 68, Gunnsburg, New South Wales 67, Gumbston 67, Eglinton, Irvine, Ayr 66, Wiltwatersand Rifle Club 65, Victoria Railway, Australia 65, Bonaccord, Aberdeen 65, City of London 65, Adelaide 65, Dechmont, Glasgow 65, Epping Forest 65, Bathurst, New South Wales 65, Victoria Rifle Club, Victoria 65, Rifles 65, Altona, Lancashire 65, Kimberley Volunteers 65, 8th Bn. North Staffs. Regt. 65, Akarana, Auckland, N. Z. 65, Sydney States Vol. Rifles 65, Royal Garrison 65, Penhalonga, Rhodesia 65, Sheffield 65, Graton, New South Wales 65, Bombala, New South Wales 65, Ibis, London 65, Salisbury, Rhodesia 65, Borough of Lewisham 65, Milton, New South Wales 65, Southern Rhodesia Vol. (Western Div) 60.

### FINE FLOWERS
