Twentieth Century Fine Tailored Garments For Men.

Canada is now making ready to wear clothing equal, at least, to fine American.

This fall 20th CENTURY BRAND competed with several of the best American makes for the order of a large concern in Toronto. The sample garments were all submitted at the same time and the concern selected TWENTIETH CENTURY. This is proof beyond question of the great advancement made in Canada in this line, particularly illustrated by 20th CENTURY GARMENTS because U. S. high grade ready-to-wear has been regarded as the best produced.

If a WINTER OVERCOAT of Dark Grey or Black is to your taste—as it is to that of the majority, we think we can please you with these at \$10, \$12, \$13.50, \$15 and upward—we KNOW WE CAN FIT YOU.

TO BREAK THE ICE.

New Star Liner Will Try to Open a Passage to Fredericton Today.

The steamer Pokenoket came up through the falls yesterday at noon, and moored at the Indian town wharf. This morning she left on a trip to Fredericton, and will act as an ice-breaker. Late yesterday afternoon a permit was received from Ottawa allowing the boat to make such a trip, without any passengers.

The Pokenoket left her wharf at 6 a. m., closely followed by the Victoria, which is packed with freight for Fredericton. At Gagetown or a point farther up the river they will pick up the Champlain, which also has a large consignment of Fredericton goods. The three boats, with the Pokenoket in the lead, will then make a dash for Fredericton, and if possible cut their way through the ice. As quickly as possible the two cargoes will be discharged and return freight taken on board. It is expected that they will leave on the down trip early Sunday morning.

N. S. LABOR MEN ENTER LOCAL MOVEMENT.

SYDNEY, N. S., Nov. 11.—The executive committee of the Independent Labor Party of Cape Breton met last evening at Glace Bay. The following resolution was introduced:

"Resolved, that in the opinion of this meeting it is advisable for the independent labor party to select a candidate for the coming bye-election for the local house, or two candidates in the event of a general election."

"Further resolved, that committee of four be sent to Sydney Mines to confer with friends of the party there, and said committee to report to this executive on Thursday evening, Nov. 17, and if said report prove favorable this executive to call a general convention and duly nominate such candidate or candidates to contest the election in the

HOME FROM JAPAN.

Rev. E. A. Wicker of Kobe, Japan, is at the Clifton. Mr. Wicker has recently returned from the Orient, having for two years been in charge of the only foreign Presbyterian church in Kobe, which is one of the trouty ports, and a city of three hundred thousand population. Mr. Wicker is a native of Toronto, a graduate of the University of Toronto, of Knox College, and also studied at Halle University in Germany.

Mr. Wicker will preach in St. Stephen's church here for the next three Sundays.

HOW TO SHOOT.

(T. S. Van Dyke in Outing).

I believe practice with the rifle the true way to learn to shoot best with the shot-gun. The old idea was that shooting a rifle made you too slow with the shot-gun, and that the shot-gun spoiled your rifle shooting. There is something in the latter, but not much in the former idea. If one were shooting continuously with either and should suddenly change to the other, he might not at once do as good shooting as if he had tried both; it might take a few days' practice to get used to the new conditions. But rifle shooting can injure shot-gun shooting only by making one too slow and my experience is that one cannot be so injured except temporarily.

By beginning with the rifle you eliminate at once most of the trouble from excitement, because you know you can rarely hit anything with the rifle. You will find little trouble in becoming quick enough. The man who begins with quick shooting and becomes a good shot after the expenditure of barrels of ammunition does not become so by virtue of making a machine of himself. It is because in making a machine of himself he unconsciously acquires the habit of seeing the gun and the target at the same glance which he could not do at first. A quick shot thus becomes accurate with time, and a slow shot will become quick with time and far less practice. There is no reason why one should not learn in one season to get sufficient enjoyment out of the gun if one will but remember that the pleasure is not in the size of the bag or in the cleanness of the score and never was.

DEDICATION SERVICES.

The two story addition, for Sunday school purposes, which has been made to St. Luke's church, north end, is now completed, and last evening very interesting dedication services were held. The congregation, assembled in the rooms, where an address was delivered by the rector, Rev. R. P. McKim, explaining the purpose for which the addition is to be used. It will be devoted almost entirely to the use of the younger children, and it is the intention of the rector, after which the following excellent programme was rendered:

March—Twelve little girls.
Drill—Boys' Brigade.
Dumb bell exercises—Sunbeam Club.
Solo—Miss Emma Reubens.
Violin solo—M. H. White and members of the choir.
Duet—Lansdowne Belders and Willard Smith.

MAIN ST. BAPTIST TR.

The last meeting to be held on Thanksgiving Day by the ladies of the Main Street Baptist church promises to be one of the most successful yet. The ladies ever undertaken by the members of the congregation. Another meeting of those in charge was held last evening and reports received from the soliciting committee. These were very satisfactory, and encouraging in every respect.

The tea will be held in the school room of the church from 8 to 9 p. m. There will be four tables, and the following ladies:

No. 1—Mrs. Granville and Mrs. Berry.
No. 2—Mrs. Roberts and Mrs. Fiewel.
No. 3—Mrs. W. H. White and members of the choir.
No. 4—Mrs. Cowan and Mrs. Sharp.

CHURCH IS 25 YEARS OLD.

Next Thursday evening the supper to be held in the Victoria street Free Baptist church will have a historic significance. It will be the 25th anniversary of the congregation's organization. A paper of a reminiscence character will be read, and the members of the congregation, who are gathering their information from old members and incomplete records. The first services of the congregation were held in a small building on Metcalf street, almost directly in the rear of J. E. Cowan's store and residence, which front on Main street. Some of the church's earlier members will be present on Thursday.

CANADA EARNING LESS AND SPENDING MORE.

OTTAWA, Nov. 7.—The statement of revenue and expenditure of the Dominion for the four months ended Oct. 31, shows the revenue to be \$23,512,283, a decrease of \$22,422 as compared with the same time last year.

There was an increase in the expenditure for the four months of \$1,000,000. The details are as follows:

	1903.	1904.
Customs	\$14,418,173	\$14,372,385

GOT A COLD BATH.

An accident occurred yesterday afternoon at the wharf on the foot of Main street, Indian town. Bright Howard, a young newsboy, went to jump from the wharf to the ferry boat E. Rose, which plies between Indian town and Milford, just as it was leaving the wharf. He jumped short and instead of landing on the deck of the tug he fell between the boat and the wharf into the water. He was once to the surface gasping and spluttering. Officer Greer, who happened to be on hand with some others, got a boat to the rescue and pulled him in. The young fellow though in the water only a short time, was thoroughly chilled. He was taken to the hospital and has been seriously ill. As it was he seemed none the worse for his cold bath, and a warm one in the morning of the boat set him on his feet.

Sporting News.

FOOTBALL.

A double-header will be played this afternoon on the Shamrock grounds between the four teams in the intermediate league. The league standing at present is as follows:

	Won.	Lost.	Tied.	Pts.
Neptunes	3	0	2	21
Carlton	3	0	2	21
Trinity	1	3	1	9
Fairview	0	4	2	3

Each team has but one more game to play, so that today's results may decide which team wins the trophy. Carlton plays Fairview, and the Neptunes meet Trinity at the conclusion of the first contest. If both Carlton and the Neptunes win they will be tied for first place and a play off will have to take place. A loss or a tie would put either team into a running, so every energy will be bent towards a win; but neither Trinity nor Fairview will allow of a walkover and so, fast games may be anticipated. First game starts at 2:30 sharp.

In speaking of the game between Montreal and McGill, which will take place today, the Montreal Star says: "In Montreal and McGill, McGill has two of the best wings in Canada."

Moncton Badly Defeated.

The Moncton football team went to Sackville Thursday and played the Mount Allison team. The result was a decisive defeat for the Moncton team, the score being 25 to 0 against them.

A return match between the same teams will be played at Moncton today. The home team will be strengthened somewhat. The St. Dunstons college football team of Charlottetown is expected to play here on Thanksgiving day.

YALE-PRINCETON.

Today is the day of the big game between Yale and Princeton. All week the Yale eleven has been practicing secretly and none of the plays that she will try on Saturday has been seen. They are said to be simple and to have a dash and speed and force than on trick tactics. Yale places its chances of winning on its ability to score early in the game, and they will not cross old Eli's line.

The Princeton men have been having a holiday at Atlantic City after their game with West Point, and have had but light practice. These tactics worked last year and the Jersey stadium look for success again.

Both teams have been playing rather erratically this season, each defeated by Pennsylvania and Yale by 13 to 0. However, they expect to be in the pink of condition tomorrow.

SWIMMER DANIELS FOR EUROPE.

NEW YORK, Nov. 10.—C. M. Daniels, amateur champion swimmer of the New York A. C., has gone to Europe. Daniels will compete against the champion swimmers of England, France and Germany.

Daniels holds the world's record for 220 yards. He is in fine form at present. In the New York Athletic Club's tank Friday he swam 100 yards with ease in 1 minute and 2.5 seconds. The record for the distance is 1 minute 13.5 seconds. At the present world championship, Daniels won the 220 and 440 yards swimming races. In these events Daniels beat Rousch, the champion of Germany.

AMERICAN LEAGUE FORMED.

Professional Hockey Clubs Arrange a Circuit.

CHICAGO, Nov. 7.—The American Hockey League has been formed here and the other cities in it are the two Soos, Calumet, Houghton and Pittsburg. The team will all be paid and Ottawa plays hockey is assured.

OTTAWA PLAYERS FOR CALUMET.

CALUMET, Mich., Nov. 7.—Hod St. John, captain of the Calumet club of the American Hockey League, has gone to Canada to sign players. Three of the fastest members of last year's champion Ottawa team have been secured.

In all 35 alleged senior hockey matches will be played in Montreal in 10 weeks, or a match every other day, and occasionally on consecutive days. The league will include intermediate, junior, school and other leagues will play probably a hundred games.

ICECLANDERS TO PLAY HOCKEY.

The Icelandic Athletic Club hockey team is a new organization to make its bow in local hockey circles to-night. It will be organized in the old Lutheran church, corner of Pacific and Nena, at 8 o'clock.

FOOTBALL PLAYED IN ZION.

Ladylike Game Arranged by Dowle's "Unkissed" Son.

CHICAGO, Nov. 9.—Zionites are to be allowed to play football this fall—not the rough, dangerous game of the colleges, but a gentle, safe, expurgated game suitable to their quiet tastes.

Gladstone, Dowie and Overseer.

Bracefield, both former football players, have gone over the regular football rules and changed them with a view to reducing the violence and possible injury resulting therefrom. Striking, tackling, holding, tripping or touching blows intentionally are fouls. No spikes or steel cleats are allowed to be worn, but leather cleats may be. The idea is to make the game as open as possible and eliminate all roughness and chance of injury.

TORONTO, Nov. 9.—At a meeting of the Toronto baseball club directors, held last night, J. J. McCaffrey purchased the Toronto club grounds and all-and paid \$21,500. Mr. McCaffrey so doing was not acting for himself, but for a new company, which is composed of six Toronto gentlemen.

A curious case of football fortune was shown at the Princeton-Annapolis match. Douglas, the crack Navy full back, whose leg was broken in the Princeton game, is not only a fine punter, but can kick from close to the line, after the manner which Sharpe and Mitchell of Yale, had down so fine. This kick puzzled the Tigers not a little. It was a factor in the Navy's victory. When Douglas was injured he refused to be carried off the field. He had not come on the field that way, so was not going off that way, so

broken leg and all, he crawled over the chalk marks and beyond the side lines, and not until then would he consent to the use of the stretcher in taking him to the hospital.

CHANGE IN SPECIFICATIONS FOR NEW FERRY BOAT.

Architect McLean Wants American Instead of Canadian Dynamos.

A meeting of the board of works was held yesterday afternoon at the request of Naval Architect McLean. Ald. Christie was in the chair, and there were present Aldermen Hamm, Lewis, Daley, Holder, Tilley, Brannen, McGoldrick, Maxwell and Supt. Glasgow.

Mr. McLean explained that his chief reason for asking for the meeting was to ask the board to reconsider a motion passed the other day, that no changes would be made from the specifications. It had been specified that the electric dynamo for producing electric light in the new boat should be supplied by the Canada General Electric Company. While he had first suggested this he meant that an equally good dynamo could be used. The Canada General Electric dynamo had been raised the price since then, and Mr. Fleming wished the matter to be looked into. He mentioned that in the specification he had power to make any changes which were necessary.

Ald. Maxwell moved that the matter of the change of dynamo be left to a committee of five.

The chairman thought the matter required time and should be properly considered.

The motion was carried and the chairman appointed to the committee Ald. Maxwell, Bullock, Lewis, Holder and the chairman.

A GREAT LOT OF BREAD.

Leaves our place every day. It goes to the homes of people who appreciate high quality. The high grade flour used; the skill of the bakers and the modern ovens are all factors in producing results that are entirely satisfactory.

Our bread is uniformly well baked. Every loaf is like every other loaf, light, crisp, palatable and wholesome. Have you tried the Union Bread? There's health and strength in it. Tastes good, too.

CONSISTENCY AND THE LAW.

An American judge, says Motornoth illustrated, overlooked himself on the morning of the trial of a motorist for exceeding a speed-limit of twelve miles an hour. The court house was twenty-five miles from the judge's residence, but, nothing daunted, he hired a motor-car, and got comfortably seated on the bench well within the hour, where he collected \$5 from the motorist.
