FIERY APPEAL TO RUSSIAN PEASANTS

Urged to Exterminate the Upper Classes.

Dangerous Sermon Against the Intellectual
Classes Preached by the Metropolitan of St. Petersburg.

ST. PETERSBURG, March 30, 12.30 p.m.—In view of the peasant agitation throughout the country some of the newspapers are seriously alarmed at the recent pastoral address of the metropolitan of St. Petersburg, M. Antonius, as being a direct incitement to the ignorant peasants to begin a war of extermination against the entire educated class and the papers are demanding that the Metropolitan and the Holy Synod, whose mouthpiece it is assumed

JELOBOWSKY, Chief of the military gendarmes of Russia, whose life is sought by nihilists.

Antonius was, take immediate measures to counteract the effect of his statements.

Prince Meshchersky, editor of Grassydan, denounces the sermon as the most dangerous utterance of the century and pictures the inevitable impression produced on the ignorant religious minded peasants of a damnation from the altar of the "intellectuals" as being the foes of Russia, bloody wolves and followers of the anti-Christ of the west, who would destroy holy temples, place sacred bones in anatomical museums and wear the people from their chance of entering the kingdom of Heaven.

Monestchikoff, the famous Russian author, declares that to call on the faithful to fight with the cross to the last drop of their blood for the salvation of Russia as the home of Christ and to cut off the rotten branches, is nothing short of a toxin for a religious uprising in appeal to the most fanatical and the most uncontrollable of human passions. "The fire once started," he adds, "would produce a world of historic conflagrations which neither the government nor the intellectuals can stop." In effect, he affirms that Antonius' address was an appeal to the peasants to tear out from Russia all European culture and put the country back to the state in which it was in the middle ages, and from that standpoint, it was more radical than the doctrines of the most radical revolutionaries.

(Special to the Star.)

HALIFAX, N. S., March 29.—This morning at seven o'clock a special train from Montreal arrived with a party of twenty or more, including the minister of marine and fisheries, and leading members of the Allan line, who will meet the Victorian and go around in her to St. John.

During the forenoon the party paid a visit to the deep water terminal, where the Parisan is lying with her bow aground and the water over the deck at the stern. Pumps are going at full blast and the company are confident that the ship will be raised. At noon the Victorian had not been signalled.

MORE RESIGNATIONS FROM LEAGUE TICKET.

J. N. Harvey and F. H. Flewelling follow

B. R. Macaulay's Example---W. D. Baskin May Follow---Candidates Interviewed.

The Citizens' League is shy two more candidates. J. N. Harvey, of Wellington ward and F. H. Flewelling, of Lorne ward, have followed the lead of B. R. Macaulay and have asked that their names be withdrawn from the ticket. Their resignations were handed in to the executive last night and will be presented to the League at its next meeting. W. D. Baskin is undecided and may also decline to run.

This leaves on the ticket only two men who have not been adherents, R. R. Patchell and James Sproul. The ticket as it stands now is as follows:—

Mayor—W. W. White.
Sydney Ward—Ald. Lewis.
Dukes Ward—Queen Ward—Ald. Bullock.
Kings Ward—J. R. Armstrong.
Wellington Ward—Prince Ward—James Sproul.
Victoria Ward—R. R. Patchell.
Dufferin Ward—Lansdowne Ward—Dr. Christie.

Stanley Ward—Ald. John McGoldrick.
Guys Ward—W. D. Baskin.
Brooks Ward—J. B. M. Baxter.
Aldermen-at-Large—W. M. Jarvis, James H. Frink.

What the League will do to replace those who have resigned is not known. It is reported an effort will be made to get Ald. Barker again to become a candidate in Dukes ward.

Mayor White has already publicly declared his independence of the League and the Star interviewed a number of the other members of the ticket who could be found this morning, with the following results:

J. N. Harvey, when seen by the Star, said he was in hearty sympathy with the reforms which the league was trying to bring about. He declined to say whether he would be a candidate or not. He had given the matter careful consideration and his decision was in the hands of the president of the league and while he was in sympathy with the decision to the public before the meeting tonight.

Ald. Bullock told the Star that he was in sympathy with the league and its aims but he did not feel himself bound to support the ticket. He would work for the best men. He believed that the citizens were for the best men who were before them, regardless of the league ticket. He had intended to retire this spring, but he had been persuaded to remain in the league and while he was in sympathy with the league he did not feel bound to that organization in the least.

F. H. Flewelling, when asked his attitude towards the league and reform, said he was in perfect sympathy with the league in its effort to reform civic politics, but he would not be a candidate. When first approached in

the matter he said he would be a candidate if what he considered was a proper ticket could be secured. The league had met with but little success in getting the kind of ticket he considered proper and consequently he would not be a candidate.

Col. J. R. Armstrong is in thorough accord with the league in every respect and will support the ticket, of which he is a member.

R. R. Patchell said to the Star this morning that he had been nominated by the league and intended to be a candidate. When asked whether he intended to support the ticket as a whole or not, Mr. Patchell said that as he was brought out by the league, he could hardly be expected to oppose the ticket, but he did not care to commit himself at present to any definite course of action in that regard.

Ald. McGoldrick is not a member of the Citizens' League. He has represented his ward at the council board ever since the union of the two cities and expects to do so the coming year.

He has signified his intention of again becoming a candidate when the Citizens' League adopted him without any restrictions. He felt pleased that any body of good citizens should have the face of the city at heart should endorse him and so stamp their approval on the course he had followed during the many years he had been at the board.

He had many friends among the present aldermen and as he was in no way committed to the League or its candidates, he would use his own judgment as to whom he would support.

W. D. Baskin said that if he should be a candidate, which was not at all settled fact, he would be a representative of the Citizens' League. He preferred not to discuss the situation at present, but in answer to a direct question as he had not consented to be a candidate.

P. R. Macaulay remarked to the Star this morning that when he says a thing it means it and it will be useless for the executive of the League to endeavor to get him to be their candidate for Dukes, an honor he had declined year after year as he did not have any time to devote to civic politics.

Under no circumstances will Mr. Macaulay be a candidate.

At a meeting of the League last night W. H. Thorne consented to act as president for the present at least. He authoritatively denied the Telegraph's story that Mayor White had offered to contribute money to the fund of the League.

SMALLPOX COST \$17,000.

New Brunswick Paid That Much to Fight the Disease Last Year—

Some Queer Changes.

(Special to the Star.)

FREDERICTON, N. B., March 30.—The public accounts committee this morning first took up the public health account. The provincial account for the past year \$1,605.14, and hospitals \$9,000. These items were passed without criticism.

The small pox expense amounted to \$1,067.46. Some of the bills were considered pretty high, and many of the charges criticised at some length, among those especially being those of Kent and Gloucester counties. Coach hire does not appear under this head, but the hiring of horses amounts to a neat sum.

The legislative assembly accounts were passed. This amounted to nearly \$30,400 and includes indemnity paid \$22,500 and mileage \$1,394.80. Under the head of mining, the opposition criticised the expenses in connection with the running of the diamond drill. There were no vouchers for this work, but simply receipts for money paid.

FINE AND PRISON FOR A WEALTHY WOULD-BE-SUICIDE.

SAN FRANCISCO, March 30.—Griffith J. Griffith, the Los Angeles millionaire, who three years ago attempted to take his life, must spend two years in state prison and pay the fine of \$5,000 according to the decision of the supreme court, which has affirmed the sentence of the lower court. Griffith gave a park of 3,000 acres to Los Angeles.

ROJESTVENSKY IS SHORT OF COAL.

His Action Depends on Arrival of Fuel.

He Still Insists His Fleet Was Attacked—

Jap Flanking Movement—Powers Will Not Interfere.

PARIS, Mar. 30.—1.20 p. m.—Admiral Rojestvensky, in the course of an authorized interview with a Matin correspondent at the Island of Nossi Be, near Madagascar, March 29, said the future movements of the squadron depended on the arrival of coal and military developments, adding, "the slow arrival of coalers becomes a serious question when a fleet consists of sixty warships. If coal is abundant it may go to meet the third division."

Admiral Rojestvensky received a telegraphic summary of the verdict of the international inquiry into the North Sea incident and said: "I am glad the admirals approved of my conduct, but owing to doubts concerning the incident I shall always feel a certain measure of moral responsibility. However, torpedo boats were certainly there, my ships were endangered, I was obliged to save the flagship and I succeeded."

MOGHIELIV, Russia, Mar. 30.—Proclamations have been scattered broadcast here calling upon the people to support the war in order to escape a second Mongolian yoke, the Japanese being described as being worse than the locusts of Egypt. It is added that once they establish themselves in Asia, they will not only possess Manchuria and Korea, but will swarm over and drive out the Russians from Siberia.

ST. PETERSBURG, Mar. 30.—A telegram from Sitjaas, Manchuria, under today's date, says: "The Chinese report that a Japanese column, which is probably carrying out a flanking movement, has been seen twenty-seven miles northeast of Sipinghai (74 miles north of Tie Pass). Snow has fallen heavily here."

POWERS WON'T INTERFERE.

BERLIN, March 30.—The suggestion that an international congress might be called to arrange the Russo-Japanese terms of peace finds no favor at the foreign office here, where a full settlement between the belligerents, without the interference of other powers is much preferred. An international settlement would mean a de-arrangement of the present equilibrium of interests, because those undertaking the settlement of peace would seek advantages for themselves as a proper brokerage on the transactions.

The strongest obstacle against peace appears to be the influence of the Russian military body, which still stands resolutely for a continuance of the war.

P. E. I. TUNNEL DELEGATION.

(Special to the Star.)

OTTAWA, Ont., March 30.—Sir Wilfrid Laurier will listen to the P. E. I. land tunnel delegation tomorrow morning. Rev. Father Burke waited on the premier and assured him that the delay in the delegation's arrival was another argument in favor of reliable transit across the Straits of Northumberland.

REFORMATORY BURNED.

Prisoners Helped Firemen Fight The Blaze and Made No Effort to Escape—

Hospital Scorched.

(Special to the Star.)

ELMIRA, N. Y., March 30.—The fire at Elmira Reformatory at midnight last night totally destroyed the tailor shop, storehouse, laundry, bathroom, number one engine room, shoe shop, book-binding, upholstery, blacksmith shop, photograph gallery and broom shop and entailed a loss to the amount of \$75,000. The fire started in the clothing storehouse, but its origin is unknown. At no time were any of the inmates in danger. Sixteen of them were assigned to assist the firemen. The hospital, which is located about 40 feet from the burned building, took fire and appeared to be in danger for a time but it was saved. The patients, numbering 44, were taken to other parts of the institution without commotion. There was no effort on the part of the men to take advantage of the situation and no panic was threatened.

LEPROSY IN NEW YORK.

NEW YORK, March 30.—A patient, whose illness is diagnosed as leprosy, has been received at Bellevue Hospital. When the doctors had satisfied themselves as to the disease, the man was hurried off to an isolated ward on Blackwells Island.

This is the first case of the kind received at Bellevue in many years. The victim was a Russian who has been in America only a short time.

FRENCH ANARCHIST BLOWN UP BY HIS OWN BOMB.

PARIS, March 30.—A man suspected of being the author of the bomb outrage in the Avenue de la Republique, when members of the Republic Guard and of the police were wounded, has been arrested. His discovery was due to an accident. The man is a waiter out of employment. He was engaged yesterday in preparing a bomb which exploded, injuring him. A search of his residence resulted in the finding of anarchist documents.

The police have proof that at the time the outrage occurred, Jan. 30, he was employed in the neighborhood.
