Were Burned to Death.

FREDERICTON, N. B., Sept. 4 .--One of the most shocking fatalities in the history of York county occurred shortly after 5 o'clock this morning, when word reached this city at seven had been burned to death. The story was hardly credited, but investigation soon revealed the fact that the story was only too true.

The McGibbon farm and orchard, situated about six miles above Fredericton, on the Currey Mountain road, in the parish of Douglas, has been for years one of the best known properties in the vicinity of Fredericton. A few years ago Charles McGibbon sold the premises to Alfred Jewett. The latter has since his occupation made considerable improvement to the place and with his wife and three children have lived a happy and prosperous life.

Not very far from the Jewett home Mrs. Jewett's sister, Mrs. Edward Clarke, resides with her husband and family, on what is known as the Caverhill road, and it was often the custom for the two families to travel to Mr. and Mrs. Clarke, with their daughter, a bright young girl of 16 years, his life. drove to town on their usual Saturday

At the same time smoke as pouring out of all the upper winlows of the two-story house. Willing heighbors were soon on th cene and Mr. Jewett, who had made his appearance, brought a ladder to 4 the front part of the dwelling and made an attempt to enter one of the fashion among smart women of carryupper windows, but the ladder gave ing at church parade prayer books in way and Mr. Jewett was hurled to the bindings to match their dresses has 200.

Mr. and Mrs. Clarke were the parents of nine children, eight of whom are now living.

There can be found no explanation whatever of how the fire originated. One report is that rats and matches was the cause. Mr. Jewett feels positive that the kitchen fire was out on his retiring to bed and it was the ono'clock that no less than six persons ly fire in the house during the day. There is no suspicion whatever of incendiarism.

TOKIO, Sept. 4, 9 p. m .- Beyond Field Marshal Oyama's despatch reporting the occupation of Liao Yang from the clutches of the enemy, but it roki's turning movement against the Russian left, nothing further concerning the battle of Liao Yang has reach-ed Tokio today. Neither the number of Russians who succeeded in escaping northward, nor the number encompassed by Gen. Kuroki's turning movement is known here. The severity of the Russian defeat hinges largely on Kuroki's movements. If successful, the number of Russian prisoners will be large.
