

# Nelson Will Meet Moran Anderson and McDonald Sign F. Finley Wins Roll-off

## DON'T KNOW SPEED OF THE HARVESTER

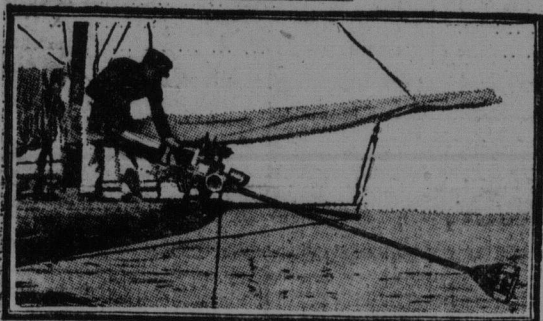

Pop Giers, taken after the accident which came so near becoming fatal.

Ed. Geers, who knows more about harness horses than any man, is authority for the statement that The Harvester won many of his races this year "under wraps." Notwithstanding that the son of Walnut Hal stepped the two fastest successive heats ever credited to a stallion and established a new record of 2.01 for a 5-year-old stallion, the veteran driver believes his pet can go faster.

"I did not urge The Harvester to go any faster than necessary to beat Bob Douglass, Spanish Queen and Country Jay. I was satisfied to win. Had the other horses pressed us closer The Harvester would have done better. I think I have the greatest stallion in The Harvester that I hope to prove it to the world."

Friends of Geers wanted him to send The Harvester against the stallion record last year as a 4-year-old, but the veteran refused. He preferred to nurse his charge along until he thought he was right to clean up on all trotting records for stallions at one and the same time. Race horses follow the country over pulled for Old Pop to achieve this crowning success to a career unparallelled in trotting history, and all are glad that the veteran and his wonderful trotter succeeded.

## SUBSTITUTE FOR A "PIPING" BREEZE

Here's a nifty arrangement for the yachtsman whose craft is not fitted with auxiliary motor. This motor attachment is attached to a sail driven yacht when becalmed, to drive the yacht to her anchorage or temporary harbor. The detachable motor is a German idea, and is used by the subjects of the Kaiser. Canadian yachtsmen might find the attachment beneficial and valuable.

POLITICIAN FOR PRESIDENT

JOHN MORIN.

So dissatisfied with President Tom Lynch are some of the National league club owners that they are planning to oust him at the league's annual meeting next month.

Among the men mentioned to succeed Lynch are John Morin, Fred Richter and John Morin. Don't know Morin, do you? He's safety director of Pittsburgh. What he knows about running a baseball league is probably known to the men who want to place him in power. The chances are that if the public was asked, it would vote against placing a politician, especially one of the Pennsylvania type, at the head of the league.

Cincinnati, O., Nov. 21.—President Hermann, of the Cincinnati national league, yesterday said that he was in favor of having a complete list of the stockholders of the national league published in order that the people who have been knocking the league for the last two years on the score that it is a syndicate organization can be unveiled.

"I believe the best way to do this would be to make public a list of the stockholders in each of the eight clubs so that the people of this country can be satisfied that they are being treated fairly," said Mr. Hermann.

"The matter will be brought up at the meeting in New York and if this list can be made public we will see if there is not a way to stop all this talk. I think it hurts the game in the eyes of the American people."

Walsh vs. Attell.  
Jimmy Walsh and his old antagonist, Monte Attell of San Francisco, are billed for a bout at Kansas City, Wednesday night. This will be the fourth time they have met. Two of the bouts were draws and Walsh has one decision. It looks good for another win for Walsh.

Lewis Matched.  
Willie Lewis and Dick Nelson have been matched to box in New Haven, Dec. 12. Bunny Ford will meet Willie Howard in the semi-final bout.

Frank Klaus Again.  
Frank Klaus, the Pittsburgh middleweight, and Jimmy Gardner have been matched to box at the Boston Armory A. A., Nov. 29. Gardner believes he can retrieve himself and the conditions under which he offered to box Klaus again caused the club to accept the bout.

Bowling at Black's.  
There was a bowl-off on the Black's alleys last night and F. Finley won. In the game between the C. P. R. and the Island yard team the former won by a score of 1247 to 1232.

Jack O'Brien Once World Champ. Dead

Philadelphia, Nov. 21.—"Jack" O'Brien, who was one of the catchers of the Athletic baseball team, when it won the championship of the American Association in 1883, died yesterday in a hospital in this city, and will be buried from the Elk Home on Wednesday. After playing as the battery partner of the famous "Bob" Matthews, pitching star of 1883, O'Brien played with Brooklyn, Baltimore and other clubs.

### ANDERSON VS. McDONALD.

Moncton, Nov. 21.—Articles were signed this afternoon between Sam Anderson of Boston, middleweight champion of the world, and Dan McDonald of Cape Breton, for a wrestling match on Friday evening for the championship belt and a purse of five hundred dollars, of which four hundred is to go to the winner.

## WHY THIS GIRL HAS MADE GOOD

ROSE PITONOF.

Boston, Mass., Nov. 16.—Rose Pitonof, the 15 year old girl mermaid, whose feats have astonished the athletic world, to the extent of earning Prof. D. A. Sargent, the physiological authority, has gone the way of Annette Kellerman—behind the footlights.

Of Miss Pitonof, Sargent says: "She is very short for her age, compared with our girls, but in breadth, girths and depths is very large. Al though her muscles are well developed, there is a thin layer of fat on the body, arms and legs. Her complexion apparently denotes good surface circulation, but arms, legs, feet and hands are cold to the touch and upon pressing the flesh with thumb or finger, the blood immediately leaves the surface, which remains white for a much longer time than usual."

"Poor surface circulation in an athlete is regarded as an indication of a deranged vasomotor system, or evidence of a weak heart. A trainer would take such a man from a Marathon run or any endurance contest. It is difficult to account for the ability of this girl to perform feats so many men sail at."

In the water Miss Pitonof uses a stroke peculiar to herself and one that conserves her energy and propels her rapidly through the water. Her leg stroke instead of the familiar drawing in of knees and thighs under the body or out at the sides, as is usual with the breast stroke, is one of her own. She keeps her legs nearly in line with her body, crosses her feet and legs and flexes them at the thighs, kicking out vigorously with the powerful extensor muscles of the legs, against the top of the legs or shin bones and the top of the foot or instep to the water.

"In other words, her leg stroke is the scissor's scissors made with the lower leg in connection with the side stroke or trudgeon."

"In addition to the proficiency acquired by developing this stroke for distance swimming, Miss Pitonof owes much to hygienic living and non-emotional temperament. She has always been regular and systematic in her habits, and usually gets only one hour of sleep."

"She considers herself a small and very slow eater, thoroughly masticating her food and eating meat only twice a week."

"How far the reduction of proteins and thorough mastication have led to the reduction of waste material and the elimination of fatigue after strenuous efforts, I must leave for consideration."

"To summarize, then, some of the factors that made it possible for Miss Pitonof to accomplish remarkable athletic performances are: The quick metabolism of youth, less body surface for radiation in proportion to weight than most girls of her age; muscles covered with a layer of fat; favorable anatomical structure; slow retarding circulation; peculiar stroke; prolonged practice in swimming; an emotional nature; good habits of living, supplemented by high moral courage, steadfastness of purpose, and a determination to accomplish the object in view."

Band Anniversary.  
There was a large attendance in the St. Mary's church school room last night when the members of the band celebrated their seventh anniversary under the leadership of C. H. Williams, a young band leader, who took his father's place as teacher, and the selections rendered by this popular musical organization under his supervision were greatly appreciated by those present. Among those present were His Worship Mayor Frink, Ald. Sprout and Ald. Wigmore, who made speeches.

## \$35,000 PAID FOR SILICO

Walter Winans Gets Fancy Price for Famous Trotting Horse -- Canadian Hunters Win Two Prizes.

New York, Nov. 21.—Interest and attendance at the New York horse show gives no signs of falling off.

Two important sales were made at the garden. The five famous Mel Valley ponies, brought to this country by Wm. Foster of England, were sold to Mrs. H. C. Bowen of Belton farm, Greenwich, Conn., for \$20,000.

The second sale was that of Silico, the famous trotting horse, by Walter Winans of England, to John E. Madden, master of Hamburg place. The reported price is \$35,000. Silico is one of the finest stallions in the country.

Two Canadian horses were placed in the qualified hunter class, Lieut. Sifton taking first and Hon. Adam Beck, third.

The results were:—

Hunter class, qualified hunters, up to carrying 180 pounds, performance over fences—Lieut. Clifford Sifton, Jr.'s b.g. Wasp, first; Frederick Bull's chm. Sunday Morning, second; the Hon. Adam Beck's b.g. Sir Edward, third.

On Result of Battler's Match With Owen Moran Saturday Will Depend His Signing With Ad Wolgast.

San Francisco, Nov. 21.—While it is the general opinion of the sports that Battler Nelson cannot come back and again become a holder of the lightweight championship, his bout with Owen Moran, the English boxer here will show the fans whether they are correct in their view.

Moran will be lighter than the old Battler, but he has been more active in the game than Nelson for six months. When Nelson could get no better than a draw with La Fournier, a second-rater, the sports felt that Nelson was only wasting his time trying to regain his title. Still the Battler, like all the dethroned champions, has the idea he can come back, but his showing against Moran may change his belief.

Moran, too, is not the boxer he was a year ago, but still the sports figure he is good enough to make Nelson show what they are anxious to know.

Should Nelson win he will go after Wolgast, who took the title from him but it will be March or April before he will get that chance, providing he wins over Moran.

Wolgast, who is out to make matters as disagreeable as possible for Nelson by way of evening up accounts does not think he will have to meet Nelson, as he is of the opinion that Moran will win over him, and if Moran does, Nelson's chances of meeting Wolgast again for the title will have gone glimmering.

BOWLING ALLEY FOR Y.M.C.A. AT CHATHAM

Chatham, N. B., Nov. 21.—A Y.M.C.A. committee headed by Messrs. G. E. Fisher and A. B. MacKinnon are doing some aggressive work towards forwarding the bowling alley project of the association.

Mr. MacKinnon has secured pledges amounting to nearly \$100, including a \$50 donation from himself, and other collectors are giving very well. Although only four out of the twelve directors are at work, \$300 of the \$500, the mark set at, has been secured.

This big fellow, who hails from Minneapolis, is at present the world's championship heavyweight wrestler. Ordeman defeated Kid Cutler in sight if he hopes to hold the title. With the army of invading freaks, including Hackenschmidt and Gamma, to say nothing of a lot of husky home talent, he will have a hard time holding his own. Should Fred Beel train faithfully, it is probable the little demon could take the title away from Ordeman.

Henry Ordeman.
