Four days after Scott's "execution" take more interest in scenting out corrup Bishop Tache, sent for from Rome by the tion than in discovering goodness, and in Ottawa Government to intervene in the gloating over a wickedness than in hold troubles, arrived in Manitoba; the ing a generous act up to public commen country became quiet and the delegates dation. Criticism should be unsparing left for Ottawa. We have on a former and severe, but always tempered with occasion described their arrival in that justice. The faults and the foibles of city, the arrest and liberation of Scott public men ought to be censured and and Ritchot, and the correspondence and ridiculed, but their merits should not be negotiations with the Dominion Govern- overlooked and their generosity should ment. The first condition demanded by receive recognition and approval. The them was an amnesty for all concerned fact that a man occupies a high official in the North West troubles, which Red position should not shield him from Donald, Sir George Cartier, Lord Lisgar being exposed and condemned; but it and Sir Clinton Murdoch. The delegates suggested to His Excellency that they would like to have this promise in writing, but, he replied that there would be no difficulty about the matter, and that it would be settled as soon as Parhe country is bound up with respect for liament had sanctioned the other arits officers and veneration for eminent personal worth. To cheapen character

nearly a whole session of Parliament.

The right to be in arms, even when it is of the best, does not earry with it is to weaken public order as well as to the right to refuse quarter to, and to shoot prisoners for turbulent conduct in gaol. We see nothing therefore to take the shooting of Scott outside of the very cold blooded and atrocious kind, the calamity may be reduced in magnicategory of murder, and murder of a That is the judgment which we are compelled reluctantly to form of Riel's acts as they are generally understood, and the Times will show the state of the case. there seems to be very little room for doubt as to the nature of them.

The daily consumption of rice in Bengal is 37,000 tons; the famine is supposed doubt as to the nature of them.

assail the integrity of human nature.

likely to affect more than one third o MUD THROWING.-We would most the population, or over twenty million respectfully advise our confreres, in the of people. Ordinarily Bengal produce County Town, to study the etiquette of enough rice for its own consumption and the editorial chair. Country readers considerable for export, the shipments do not admire their awkward attempts last season being very nearly 400,000 to imitate Billingsgate style or street tons. This year the rice crop has totally corner slang. Can they not learn to say failed in many districts and is very scanty "good morning," through their columns, at the best. The Government has been without snarling and calling naughty compelled to buy up rice for importation names. They are yet young and capable wherever it can be found and is unable of learning. Gentlemen let us maintain anything like the amount needed. The the dignity of our profession. The barvests in Siam and Java also have failspirited cartoon in the Graphic admir- ed and nothing can be obtained from ably represents the late Mr. Greeley, those quarters. All the surplus rice in who often gratified small opponents by the British Provinces of Arracan and standing still while they climbed up to Burmah had beeen secured for Bengal. pour detraction on his head, as that sort and purchases were being made elseof shampooing would not hurt him much, where. The principal portion of the but would please them a good deal, and Burmese rice is of the soft kind, and keep them out of worse mischief. The will probably cause dysentery among the contrast between the whiteness of his Bengalese, that will curry off thousands character and the blackness of their who escape being starved to death. The character and the blackness of their total amount secured from external calumnies is strikingly brought out.

There is a good deal too much jour- at 200,000 tons, and if to this be added. calumnies is strikingly brought out.

There is a good deal too much journalistic mud-throwing. The discovery of the corruption in our old Government, the scandals, and the numerous defalcations of men occupying positions of trust and responsibility have had the natural effect of bringing the character of public men more or less into suspicion. It is certainly true that the debates in Parliament and the antecedents of many of the men show a marked deterioration in that body. There is a widely diffused distrust of public men in the community at large; and many of our journals have at large; and many of our journals have of the natives. yielded to this current of suspicion and distrust, and have tried to win a cheap mentioned the fall of the Bennett admin popularity by ministering to the almost norbid spirit of depreciation and defamation. Their columns bristle with per- learn that Mr. Carter, the well known legal opinion that the productions of the sonalities.
