**Life and Fire Insurance.** The Underigned has been appointed Agent for the "Trenton Mutual Life Insurance Company of Trenton," United States, and having previously taken the Agency, received satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible fire risks at moderate rates of premium, and to receive proposals for Life Policies, which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital stock of the Trenton Mutual is now \$250,000, well secured in good productive Stocks, Mortgage on Real Estate, and Cash in Banks—and is doing a very large and as yet from its commencement in 1847, a very successful business.

In the Life Department they issued the first year, ending 1st October, 1849, 957 Policies—a number which very few Companies of long standing ever reached in the same time. The benefit of the mutual system in Life Assurance is very apparent, and is most favourable to all Policy holders in this Society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premiums then payable, which are lower than any of the English Companies and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, who furnishes all Blank and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information.

RUFUS S. BLACK, Esq., M. D. is Medical Examiner for the Company. **DANIEL STARR**, Halifax, 15th June. n1. Agent.
