Katsey Indian Reserve
Katsey B. C.
April 29th 1914

To The Royal Commission

Sir.

We the undersigned Katsey Indians of the Stalo or Fraser River, Approach you on on your visit to the land of our Fathers here known to you as the Katsey Indian Reserve.

With great appreciation of the Spirit, which has led you to come, from your homes, to take the grievance of the Stalo Indian.

We feel especially grateful to you for premitting us the opportunity of expressing to you personally the great appreciation of the Stalo Indians, for the action of your Government to take steps and settle the long standing grievance of the Indians.

We know that this Royal Commission bearing that name, is not coming to decide but to bring a satisfactory settlement between the Indians and the Government.

And we are more convinced to know that you are bringing the Bible of almighty God with you that Supreme being who created the world, and all man kind, and who sit us in different continent according to his wish and a day to come will be our Judge and to Judge world.

Chief Joseph Isaac
