The original edifice which was of wood was commenced in 1835, and completed in 1838. It was enlarged in 1854 by the erection of a chancel and two compartments of the nave in stone, these were designed to form the commencement of an entirely new structure of a higher style of architecture. This latter is now drawing near completion, the old building having been pulled down about two years ago. Since the formation of the new Diocese of Niagara, Christ's Church has been constituted a Cathedral church, and will be provided with a Bishop's throne and suitable stall for the Dean, Archdeacons and six canons.

THE CHURCH OF THE ASCENSION.—The foundation stone of this church was laid on Ascension day 1850, and on a site given by the late Richard Juson, Esq. It was opened for Divine worship in June 1851. The Rev John

Hebden, M. A., canon of Christ's Church Cathedral, having been appointed rector of the parish, by the late Bishop of Toronto.
