RELIABLE GOODS IN ALL LINES

TO OUR FRIENDS, THE PUBLIC:
The Fairbanks-Morse Gasoline Engines in general, and the "Jack of all Trades" in particular, have become as well known to you as the stories of old, and as each day passes, the reliability of our goods and the almost unlimited purposes for which they can be utilized are more apparent to you.
In addition to the 2 1/2 H.P. geared base vertical gasoline engine, the traveling companion of the "Jack of all Trades," we now have a twin brother to the Jack, a 2 1/2 H.P. "Jack of all Trades." In a quiet way he has been introduced into all sections of the country; from the Yukon River to Mount Pelee, and today is doing all sorts of work for all kinds of people and making true friends of all with whom he comes in contact.

2 1/2 H.P. JACK OF ALL TRADES.
Send for further information and Catalogue.
