GOSSIP.

During the warm weather be sure to give the family dog regular attention to keep him free of mange and fleas. The West Disinfectant Co. advertise a special remedy for these affections, and also small pumps for applying fly sprays to cattle. See their advertisement.

At a sale of Berkshire pigs, on June 22nd, from the herd of H. H. Clough, Elyria, Ohio, 52 head brought an average of \$31.87. The two-year-old boar, Royal Premier, brought \$320, and was taken by Riley & Son, Thorntown, Ind. The boar, Rockland's Gentry, six years old, sold for \$205, to the same buyer.

The partial figures issued of the cowmilking demonstration at the St. Louis Exposition show in the milk record of the Jerseys from June 16th to 20th, inclusive, but four cows that have fallen below 40 lbs. of milk per day, with fifteen above 50 lbs. per day; the highest amount, 57 lbs. 1 oz., being for Prize May Duchess 2nd.

Mr. H. J. Davis, Woodstock, Ont., writes from Quebec on his way to Eng-"I have recently sold to Mr. land: Jas. Vance, Ratho, a very nice roan yearling Shorthorn heifer, sired by Imp. Bapton Chancellor. She is one of those thick, low-down, mellow-coated animals so desirable in any herd. To Mr. C. Hintz, Freemont, Ohio, a number of Yorkshires for the shows of his circuit, among the lot being an Imp. Lady Frost sow, that will be heard from in the show-rings of the United States. The demand for good hogs is as active as

The Show of the Royal Agricultural Society, of 1904, says the Scottish Farmer, has often been surpassed so far as merit is concerned in the champion animals. The depletion of the Shorthorn herds consequent on the extraordinary demand from Argentina could not but make the exhibition poorer. The champion bull from Windsor is a noble specimen, and it ought to be matter of thankfulness that the King is carrying on the Royal farms in such a spirited way. Herefords were a remarkable display, but our American friends believe they could beat us here, and we agree with them. The Hereford is the breed of the Western ranges, and one who has not seen the Hereford section of the International at Chicago has not seen the best that the Hereford can do. For the rest, Galloways made the best and most representative showing at Park Royal. The Ayrshire cows conveyed a good impression of the dairying properties of the Western breed.

\$20,000 CATTLE SALE

Among the big lots of cattle Chicago Market, July 6th, was a shipment of 265 head of steers, fed by Mr. J. A Roberts, of Carthage, Ill. These cattle were bought in January last, at a cost of \$3.50 per cwt. for one lot of 161 head and \$4 for another lot of 104 head. They were on full feed for five months, and made an average gain of 400 lbs. per head. Mr. Roberts had sold the cattle to a firm of local shippers, but came up with the shipment. That he is one of the men who bank on cattle for profit-makers is attested by his story of himself. Twenty-seven years ago he "hoofed" it into Hancock County, Ohio, in search of a job on a farm. He drifted into Illinois, located near Carthage, and now has a large farm, from which the large bunch of cattle was sold for even \$20,000. "I have always made money on cattle," said he, "and still have faith enough in them to take 300 head home with me."

"INTERNATIONAL STOCK FOOD"—3 FEEDS FOR ONE CENT—is a purely medicinal, vegetable preparation, composed of roots, herbs, seeds, barks, etc., and is fed to stock in small quantities, in addition to the regular grain feed, for the purpose of aiding digestion and insuring perfect assimilation. It is entirely harmless, even if taken into the human system, and is prepared by a practical stockman, who is a thorough master of scientific stock feeding.

Extra Profits are made by feeding "INTERNATIONAL STOCK FOOD" to Colts, Calves and Pigs during the Summer Season.

You can secure a greater growth of your pigs, colts and ealves in warm weather than any other time, and the use of "International Stock Food" will make you a large extra profit during the Summer season.
