MORRIS BROMA. The following observations having reference to the preparation of Broma, appeared in a number of the Boston Medical Journal:— A few years since a great manufacturer of Broma sought the opinions of many medical gentlemen of distinction, for the purpose of having an unobjectionable food for invalids, and was assured that he had fully succeeded. Hospitals, infirmaries, and households generally, could always be provided with it. When gruel, arrowroot, galls, barley, starch, rice, farina, and many other things ordinarily resorted to for patients are of no utility, the Broma is sometimes resorted to. It is believed that these various articles will have manifest diuretic and cathartic effects on the consumers of tea and coffee. We see it stated that during the last summer those individuals who were continually using Chocolate or Broma neither had attacks of cholera or dysentery afflicting, while others of the same families, taking their daily potatoes in tea, coffee, or simple cold water, were the sufferers, if any. We cannot vouch for the truth of this, but it has recalled to mind the statement that the oil dealers in London have been free from Cholera or the choleric symptoms. And it has been further observed that persons who were taking cod liver oil for chronic difficulties, during the prevalence of the late epidemic, were not affected by it. Vegetable oil in the first instance, and animal oil in the last, taken liberally, would appear, by these statements, to have a decided effect on the system, and to be a valuable substitute for the oil of fish. It is certainly a point well worth to be determined, whether the chocolate drinkers have been secure in other infected cities.

Morr's Broma has now been before the public for a considerable period, and along with the commendations of the Medical Faculty of this and the neighbouring Provinces, it has received the approbation of all classes of consumers. It is held to be an article of standard reputation, and the demand for it is constantly increasing. LIFE AND FIRE INSURANCE. The Underwritten Insurance Company of Trenton, United States, and having previously to taking the Agency, received satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible fire risks at moderate rates of premium, and to receive proposals for Life Policies which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital stock of the Trenton Mutual is now \$250,000, well secured in good productive Stocks, Mortgage on Real Estate, and Cash in Banks—and is doing a very large and as yet from its commencement in 1847, a very successful business.

In the Life Department they issued the first year, and in 1850, 1849, 1851 Policies—a number which very few Companies of large standing ever reached in the same time. The benefit of the mutual system in Life Assurance is very apparent, and is most favourable to all Policy holders in this Society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premiums than payable, which are lower than any of the English Companies and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which are sent last for distribution, who furnishes all Blanks and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information.

ABDOMINAL SUPPORTERS, TRUSSES, INHALING TUBES, &c.

M. HERBERT is now manufacturing ABDOMINAL SUPPORTERS on the latest and most improved principles. It has been ascertained by a Medical Commission of the largest experience in Pulmonary Complaints, that one third of the cases of Pulmonary Consumption, with a view to other diseases, originate in the falling of the bowels caused by the relaxation of the Abdominal Muscles, such as—Weakness and Loss of Voice and Discharge, of the Air Pipes, Short Breath and Wheezing Breathing, palpitation of the Heart, Sinking feeling, and All Gone at the Pit of the Stomach, Diseases of the Liver, Breaking away of the Bowels themselves, Piles, Gravel, Pain and Weakness, threatening Discharge of the Spine, Swelling of the Lower Extremities, with various diseases peculiar to Ladies, &c. &c.

The greatest number of these diseases cannot be cured without, but in general may be cured with abdominal support, &c.—which aid the above Supporters are pre-eminently calculated to afford.

M. HERBERT'S Abdominal Supporters have been inspected by most of the Medical Gentlemen of Halifax, and were highly approved of by all who examined them. They weigh but a few ounces—allow the most unrestrained action of the body—while the only feeling produced by them is that of support and comfort.

M. Herbert is also manufacturing RUPTURE TRUSSES, which are constructed on principles the most modern and improved.

He will also keep on hand VALVULAR INHALING TUBES. These instruments are valuable auxiliaries to the Trusses and Supporters, for all Contractions of the Chest—that obstruct, stopping chest, pains in the chest; in cases of Cough; in all cases after Pleurisy or Inflammation of the Lungs; in all cases of Asthma; in all cases of Loss of Voice, Weak Voice, Hoarseness and Weak Throat; in all cases where the Breast-bone or Ribs contract or fall down upon the Heart, and prevent its free action; in all cases of Shortness of Breath, and when the chest does not expand well; in the cases of all persons who are in any way predisposed to diseased Lungs by family taint, or long sickness or confinement in bed; in many cases of Dyspepsia, &c. &c. &c.

All the above with Herbert's Ladies', Gentlemen's, and Children's CHEST EXPANDING BRACES, are for sale wholesale and retail at M. HERBERT'S ESTABLISHMENT, No. 6 Argyle Street.

TRY ERRE YOU DESPAIR. HOLLOWAY'S PILLS.

CURE OF ASTHMA. Extract of a letter from Mr. Benjamin Mackie, a respectable Quaker, dated Greenah, near Loughall, Ireland Sept 11th, 1840.

Professor Holloway, Respected Friend.—Thy excellent Pills have effectually cured me of an Asthma, which afflicted me for three years to such an extent that I was obliged to walk my bed at night for air, afraid of being suffocated if I went to bed by cough and phlegm. Beside taking thy Pills I rubbed plenty of thy Ointment into my chest night and morning. (Signed) BENJAMIN MACKIE.

CURE OF TYPHUS FEVER, WHEN SUPPOSED TO BE AT THE POINT OF DEATH.

A respectable female in the neighbourhood of Loughall, was attacked with Typhus Fever. She lay for five days without having tasted any description of food. She was given over by the Surgeon, and preparations were made for her demise. Mr. Benjamin Mackie, the Quaker, whose case is referred to above, heard of the circumstance, and knowing the immense benefit that he himself had derived from Holloway's Pills, recommended an immediate trial, and eight were given to her, and the same number was continued night and morning for three days, and in a very short time she was completely cured.

N. B.—From advice just received, it appears that Colonel Desr, who is with his Regiment in India, the 21st Fusiliers, cured himself of a very bad attack of Fever by these celebrated Pills. There is no doubt that any Fever, however malignant, may be cured by taking night and morning, copious doses of this fine medicine. The patient should be noticed to drink plentifully of linseed tea, or barley water.

CURE OF DROPSY IN THE CHEST.

Extract of a Letter from J. S. Mundy, Esq., dated Kensington, near Oxford, December 2nd, 1845.

To Professor Holloway, Sir.—My shepherd was for some time afflicted with water in the chest, when I heard of it I immediately advised him to try your Pills, which he did, and was perfectly cured, and is now as well as ever in his life. As myself received so astonishing a cure last year from your Pills and Ointment, it has ever since been my most ardent endeavour to make known their excellent qualities. (Signed) J. S. MUNDY.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from his Lordship, dated Villa Messina, Leghorn, 21st February, 1845.

To Professor Holloway, Sir.—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my liver and stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; nay! not even the waters of Carlsbad and Baderbad. I wish to have another box and a part of the Ointment, in case any of my family should ever require either. Your most obliged and obedient servant, (Signed) ALDBOROUGH.

CURE OF A DEBILITATED STOMACH.

Mr. Mate, a storekeeper, of Gundaga, New South Wales, had been for some time in a most delicate state of health, his constitution was debilitated that his death was shortly looked upon by himself and friends as certain; but as a forlorn hope, he was induced to try Holloway's Pills, which had an immediate and surprising effect upon his system, and the result was to restore him in a few weeks to perfect health and strength, to the surprise of all who knew him. He considered his case so extraordinary that he, in gratitude, sent it out for publication to the Sydney Morning Herald, in which paper it appeared on the 2nd January, 1848. A few doses of the Pills will quickly rally the energies of both body and mind, when other medicines have failed.

These celebrated Pills are wonderfully efficacious in the following complaints.

DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA.

THE WONDER AND BLESSING OF THE AGE! THE MOST EXTRAORDINARY MEDICINE IN THE WORLD. This Extract is put up in Quart Bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the patient.

We have manufactured 1,500,000 Bottles of this Sarsaparilla during the past year, and are now putting up 5,000 bottles per day; using more of the Sarsaparilla Root in one month than all the other manufacturers of Sarsaparilla in one year.

This Extract has cured more of the following diseases than all the other advertised medicines together have done:—

- Scrofula, or King's Evil, Obsolete Cutaneous Eruptions, Pimples or Itch on the Face, Blisters, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Disorders, Lumbago, Salt Rheum, and all Diseases arising from an injudicious use of Mercury, Ascleites, or Dropsy, Exposure, or Impure Air in Life. It invariably cures Rheumatism, Indigestion or Dyspepsia, Neuralgia, General and Nervous Debility, Palpitation of the Heart, Liver Complaint and Inflammation of the Kidneys.

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and vigour.

The number of Diseases mentioned above, as cured by this preparation of Sarsaparilla, may seem large; but we are, nevertheless, prepared to prove, by an extensive array of certificates, that such is the fact. A fraction of the evidence which we possess concerning each disease, would be received before any judicial tribunal as complete demonstration. It may be remembered that all this frightful array of maladies, though appearing in an endless variety of forms, are yet similar in their origin and causes; for they all spring directly or indirectly from a corrupt fountain. If the blood were in a pure, healthy, and active state, it would drive all these complaints from the system, and chronic disease would be impossible.

HOPE FOR THE AFFLICTED.

Halifax, N. S., May 13.

Mr. Samuel Starr, 3rd.

Agent S. P. Townsend's Sarsaparilla. Sir.—Having been afflicted for the last twelve months, with an affection on the lungs, which prevented me attending to my work as well as I could wish, during which time I was under three Doctors' hands, and must say, I derived no benefit whatever, and began to despair of ever getting better. I was induced to try S. P. Townsend's Sarsaparilla, that you are remembered by seeing its advertisement, and after using 2 bottles, found immediate relief, and am now able to attend to my work as usual. I sincerely believe it has been the means of restoring me. I have also been afflicted with the Piles for the last seven years, and when I began using your valuable Sarsaparilla, to my astonishment, I was cured.

STILL THEY COME.

CORNWALLIS, July 6th, 1850.

Mr. S. Starr, 3rd.

General Agent for Dr. S. P. Townsend's Sarsaparilla, for British Provinces.

DEAR SIR,—My wife has been declining in health for the last fifteen years with weakness and general debility, but the last 12 months she had been getting worse and worse, being under 3 doctors' hands, and taking various kinds of Medicines, but found she was getting no better, being troubled with palpitation of the heart, &c.—Her frame became emaciated, and her appetite and strength failed, and she was considered, as she undoubtedly was, in the last stage of Consumption. I was informed kindly by one of her doctors that he could do nothing more for her, and did not wish to put me to any more expense. As a last resort I purchased a bottle of your valuable Sarsaparilla, from your agent in Kentville, Mr. B. Calkin, at the same time expecting it would be of no use. But I am free to confess that I was disappointed; my wife commenced using it, and before one bottle was exhausted she experienced a decided relief, she has used about 7 bottles, and her health and strength are restored and appetite good, and rests well at night. I earnestly recommend it to suffering mankind as a valuable Medicine. You are at liberty to publish this. Respectfully yours, SAMUEL STARR.

The above Medicine to be had at the General Agent, 61, Hollis Street, December 24.

He is desirous that those who are afflicted with what, in many cases of that disease, is considered incurable, and that all who are suffering from its attack, may have the benefit of the WONDERFUL POWER OF HEALING OF THIS MEDICINE, and removing all diseases of ERYSIPELAS or SALT RHEUM. MRS. C. BERTHAUX, Niagan.

It may be procured from any of the following Agents: John Naylor, Esq., Halifax. Andrew Henderson, Esq., Annapolis. Daniel More, Esq., Kentville. William H. Troop, Esq., Wolfville. Elder Samuel McKeown, Barrington.

CERTIFICATE.

Of persons who were suffering from severe attack of Erysipelas, who had tried the many remedies which are usually prescribed from which they found relief; but on applying Mrs. BERTHAUX'S MEDICINE were effectually cured.

This is to certify, that I have been afflicted with the Erysipelas, or the Salt Rheum, as the Doctors call it, for ten years. My hands were frequently so diseased, that I could make no use of them. I employed several physicians, but to no purpose, as my suffering only increased. I applied Mrs. BERTHAUX'S MEDICINE for a short time and was soon cured of every vestige of the disease. The thankfulness which I felt, on the long and painful disease being removed, was much more than tongue can express. After three years from the time when I used the Medicine, I applied the Medicine on a relapse or return of the disease. From that time to the present, I am perfectly free from all symptoms of Erysipelas or Salt Rheum. I therefore heartily recommend it to all who are similarly afflicted, as a speedy and effectual remedy. ANN S. WHELLOCK, Niagan. August 5, 1847.

This is to certify that my wife was attacked with Erysipelas in the face. I applied Mrs. BERTHAUX'S MEDICINE, and the first application stopped its progress, and, continuing to use the medicine, in less than a week my wife was quite well. May 1st, 1848. ELIAS GRIMES, Wilmet.

Wilmet, May 13, 1850. This is to certify that my son was severely afflicted with the Erysipelas in his leg last summer, so badly that he scarcely slept for five successive nights. I then procured some of Mrs. BERTHAUX'S MEDICINE, and applied it, and in the course of one week, the boy was well, and I verily believe I had not used the above Medicine, that he would have lost his life. Sworn before me, THOMAS C. WHELLOCK, Esq. May 16, 1850.

Annapolis, January 3rd, 1851. This is to certify that my daughter about a year ago had a very severe attack of Erysipelas in her head and face, so much so that there was left no hope of life. Medical aid was called, but the worst was that all was over as the dreadful disease had overpowered the brain, and she was raving distracted. In this extremity I had accidentally heard of Mrs. BERTHAUX'S MEDICINE. I went and got a small phial, and proceeded to apply it as directed; and almost instantaneously the disease was arrested from further progress, and, in a few days, the swelling was gone, and her senses returned, and she is now alive and well. Sworn before me, WILLIAM McEWAN, Westray & Atholmount, 6 mo. oc.

TWO INTENDING EMIGRANTS FROM NOVA SCOTIA.

THE CANADA COMPANY would submit to the serious consideration of parties who may contemplate leaving Nova Scotia whether the Western Section of Canada (formerly the Province of Upper Canada) does not offer every inducement for them to settle there, rather than that they should proceed to the United States. In Upper Canada they will find a most healthy climate, the soil very fertile, and abundance of excellent Land to be obtained upon easy terms from the Government and Canada Company. The great success which has attended Settlers in Upper Canada is abundantly evidenced by the prosperous condition of the Farmers throughout the Country, and is also shown by the success of many Natives of New Brunswick and Nova Scotia who have settled in many Townships of the Country; and the individual progress made by several thousands of people who have taken Lands from the Company, corroborated by the success which has attended settlement in Upper Canada. The Canada Company's Lands are offered by way of Lease for Ten Years; or for Sale Cash down. The plan of 1-5th Cash and Balance in Installments, being done away with.

The Rent, payable 1st February each year, are above the interest, at six per Cent., upon the Cash Price of the Land. Upon the Lease, when Leased, no Money is required down; whilst upon the others, according to locality, One, Two, or Three Years' Rent must be paid in advance, but these payments will free the Settler from further Calls, until the Second, Third or Fourth year of his Term of Lease.

The Settler has secured to him the right of converting his Lease into a Freehold, and of course, stopping payments of further Rent, before the expiration of the Term, upon paying the purchase Money specified in the Lease.

The Lessee has thus guaranteed to him the entire benefit of his Improvements and increased value of the Land he occupies, should he wish to purchase. But he may, if he pleases, refuse to call for the Freehold; the option being completely with the Settler.

A Discount, after the rate of Two per Cent., will be allowed for anticipated payment of the purchase Money for every unexpired year of Lease, before entering the Tenth Year. The Lessee has also secured to him the benefit of the Settler's Savings Bank Account.

Printed Papers containing full and detailed particulars, may be procured gratis from every Post Master in Nova Scotia, as likewise from the Rev. E. Evans, Halifax, of whose permission the Company allow themselves to refer inquiring parties to him, as a gentleman long resident in Western Canada, and who, possessing Maps, will afford information respecting the Company's Lands, and upon Canada generally. Commissioners of the Canada Company's Office, Toronto, C. W., June 1850.
