

STOMACH NEURALGIA.

Interesting Facts About This Peculiar Trouble.

A Pembroke Lady Who Suffered for Eight Years Gives The Particulars of Her Illness, and Tells How She Obtained Relief.

From Pembroke Standard.

The grateful thanks of thousands in all parts of the Dominion who have been made well is the best evidence of the sterling merit of Dr. Williams' Pink Pills for Pale People. We suppose there is not a city, town or village in Canada in which the good record of this health giving medicine is not known, and Pembroke is no exception to the rule. Among those who speak of Dr. Williams' Pink Pills in terms of the highest praise is Mrs. Fournier, wife of Mr. Peter Fournier both of whom are held in high esteem by those who know them. To a reporter who recently visited their home Mrs. Fournier gave a plain, unvarnished statement of her illness and cure. "It is now about eight years," she said, "since I began to grow ill with a pain in my back, stomach and side, and the amount of suffering which it caused me can scarcely be realized. As the days and months passed by I began to grow weaker, and I was seldom free from the intense pains. At last I grew so weak that I was obliged to take to my bed, and even then suffered from the pains which were making my life so miserable. My appetite failed me and I feared that I was doomed to be an invalid. During those days I was under the care of a skillful physician, but his medicines did me no good. He said that my trouble was neuralgia or rheumatism of the stomach. It was during those dark days, as I lay almost helpless invalid, that a friend strongly urged me to try Dr. Williams' Pink Pills. Although I had little faith in their efficacy at the time, I consented to try them. After using a few boxes I began to feel myself growing stronger and the pains leaving me. I continued using them until I had used a dozen boxes, and now you can see for yourself whether I look like a sick person or not. The pains in my stomach, side and back, have ceased to trouble me and I have not been as well in eight years as I feel now. My appetite which was as poor at one time is now fully restored, and I am confident that not only have Pink Pills cured me but they have saved me from misery and pain I would have otherwise still been enduring." Mr. Fournier, who was present at the interview, fully endorsed all his wife had said.

Dr. Williams' Pink Pills make pure, rich blood, thus reaching the root of disease and driving it out of the system, curing when other medicines fail. Most of the ailments afflicting mankind are due to an impoverished condition of the blood, or weak or shattered nerves, and for all these Pink Pills are a specific which speedily restore the sufferer to health. These pills are never sold in any form except in the company's boxes, the wrapper round which bears the full name "Dr. Williams' Pink Pills for Pale People." All others are counterfeits and should always be refused. Get the genuine and be made well.

A PRIMITIVE INCUBATOR.

Here is a Queer Australian Bird That Builds a Mound in Which to Hatch Its Young.

An Australian traveller has recently brought to light a rather remarkable fact which seems to explain the invention of the incubator. The story is nothing more nor less than that of an extremely primitive incubator that several species of Australian birds known as "mound builders" construct for the purpose of hatching their young. The most artistic of these "mound builders" is the brush turkey or Talleghalla latham, which is called the Weelan by the natives.

The mounds these strange birds build are conical and sometimes rise to the height of nearly ten feet. In building them the birds first draw a large circle with their claws and march around it, throwing clumps of sticks and rubbish in the centre. When a sufficient quantity of material is gathered it is then piled up symmetrically and tightly.

On the accomplishment of this the hen flies up on the summit, and scooping away a cavity two feet or more in depth, deposits the eggs in a circle, with the large end upwards, carefully covering them. The fermentation of the mass of vegetable matter and the heat of the sun hatch them. Born the male and the female stay faithfully around the mound, keeping a close watch and scaring off intruders.

When the young birds come out of the egg they stay in the mound for at least twelve hours. On the second day they fight their way out with both wings and legs fairly developed. Late in the afternoon these fledglings are put back in the mound again by their parents, but at a diminished depth, and they are only lightly covered. Twenty-four hours later they are strong and well equipped for flight and running.

The Australian jungle fowl, megapodius, is an even greater mound builder, the heaps it raises sometimes rising to a height of nearly sixteen feet. It is the Australian tradition that these birds were originally ten feet high, and when haunted by the natives in the early days of the earth threw up the mountain ranges of the country while endeavoring to escape.

Marvelous Lightning Stroke.

Twelve years ago Hiram Hornbeck, then 17 years of age, residing in the town of Neversink, Sullivan County, N.Y., quarreled with his parents. He left home and went West, declaring his intention of becoming a miner. Nothing was heard of him until last Tuesday, when he straggled into his home ragged, penniless and penitent. The parents gave him a cordial greeting and the meeting after his long absence was a happy one. Shortly after Hiram's arrival a terrific thunder storm passed over the farm, and lightning struck and killed a calf in the barn yard. From there the same bolt entered an open window of the house, hit the family Bible lying on the parlor center table and opened it at the fifteenth chapter of St. Luke, leaving a black mark opposite the twenty-third verse which reads: "And bring hither the fatted calf and kill it; and let us eat and be merry."

The Russian Thistle.

The Russian thistle, or "tumble weed," has just been discovered growing in Lake County, Indiana. Only about a year ago it made its first appearance in Dakota and the western states, and to find the pernicious weed under great headway in Indiana has surprised the farmers. It was first discovered along the Chicago and Erie and Panhandle railways, and now it can be found in all the farms in great patches all over Lake County. Samples of the weed from Dakota have been sent to exhibit to the farmers, and the weed found is a perfect fac-simile of the Dakota production. It is thought that the railways carrying grain through to the east from the western states have scattered the seed far and wide. When the weed gets ripe it breaks off at the ground and rolls over the country, dropping the seed as it rolls. Experts say that if it ever gets on a farm it can never be gotten out, and will ruin crops as quick as bugs and insects do in the west. The thistles grow as large as hogheads, and when rolling across the country they look like huge clouds passing along near the earth. Those found in Lake County are about half grown, and have not turned to seed yet. A big fight by all the farmers will be made to keep them from spreading over the entire state. Much of the weed is also being found in Porter and Laporte counties along the Lake Shore and Michigan Southern Railway. Another new and pernicious weed is found in Indiana for the first time this year, and is called wild lettuce.

THE PAIN LEFT QUICKLY.

Rheumatism of Seven Years' Standing Cured in a Few Days.

I have been a victim of rheumatism for seven years, being confined to bed for months at a time, unable to turn myself. I have been treated by many physicians in this part of the country, none of whom benefited me. I had no faith in rheumatic cures advertised, but my wife induced me to get a bottle of South American Rheumatic Cure from Mr. Taylor, druggist, Owen Sound. At the time I was suffering a grating pain, but inside of twelve hours after I took the first dose the pain left me. I continued until I took three bottles, and I consider I am completely cured. (Signed) J. D. McLEOD, Leith P. O., Ont.

A Woodstock woman pulled a revolver on a man who spoke to her on the street.

Can Rheumatism be Cured?

The application of Nerviline—nerve pain cure—which possesses such marvellous power over all nerve pain, goes greatly to prove that it can. Nerviline acts on the nerves, soothes them, drives pain out, and in this way gives relief. Try it and be convinced.

The Waterloo House of Refuge is so full of inmates that no more can be received.

WORK OF A SINGLE DAY.

Some Startling Facts Concerning the Action of the Heart.

Do people recognize the immense work transacted by the heart in a single day? It equals that of lifting one hundred and fifty pounds to a height of thirty-three hundred feet. And yet, knowingly, or through ignorance, nine out of ten people abuse this hardest worked organ of the body. There is nothing remarkable in the fact that heart failure and apoplexy are among the most prevalent diseases of the day. Happily a remedy is found in Dr. Agnew's Cure for the Heart, which gives relief instantly. This medicine should be kept in every house, so that on the slightest indication of heart trouble it may be taken. It has saved, by its prompt and efficient work, the lives of thousands of Canadians.

G. K. Mills, of Toronto University, is the new science master at the Goderich High school.

KIDNEY TROUBLE.

The Bane of Millions of Lives, Can be Cured.

The diseases that we so dread do not come upon us at one step. They are a matter of growth. The sad news is only too common of friends who have died of Bright's disease, diabetes and kindred complaints. It is known that in the system of thousands exist the seeds that in a short time will develop into these dread maladies. Disease of the kidneys in its mildest form never stands still. The warning is worth heeding that efforts should be promptly taken to eradicate the slightest symptoms of kidney disease, and in the South American Kidney Cure is found a safe and safe remedy for every form of kidney trouble. Whether chronic, incipient or in some of the distressing phases so well known, it proves an effective, and what is pleasing to know, a ready and quick Cure.

After the Grip

I was in a dreadful state, weak and miserable.

Doctor said I had Bright's disease. My kidneys were in dreadful condition. I read about Hood's Sarsaparilla and decided to give it a trial, thinking at the time it was not much use as nothing helped me before. But, thank God, I got relief after the first bottle. I kept on taking it and used five bottles; and now I am a cured man; never felt better. I owe my life to Hood's Sarsaparilla. JOSHUA SMITH, 201 Market Street, Brantford, Ontario.

Mr. Joshua Smith.

Hood's Sarsaparilla Cures Hood's Pills cure nausea and biliousness.

Three Wants.

"Reason's whole pleasures, all the joys of sense, Live in three words, health, peace and competence."

So says the poet. Competence counts for little when one is sick, and peace is disturbed when health is upset, so that the poet rightly places health first. To have good health you must have pure blood. From the blood the system receives all its material of growth and repair. The best blood purifier is Dr. Pierce's Golden Medical Discovery, which is world-famed and sold everywhere. It is a sovereign remedy for all diseases due to impoverished or impure blood, as consumption, bronchitis, weak lungs, scrofula, old sores, skin diseases, and kindred ailments.

Delicate diseases of either sex, however induced, promptly, thoroughly and permanently cured. Send 10 cents in stamps for large illustrated treatise, sent securely sealed in plain envelope. Address, World's Dispensary Medical Association, 663 Main Street, Buffalo, N. Y.

Paying Position.

Hoax—There goes a fellow whose position pays thousands of dollars a day. Hoax—Come off! Who is he? Hoax—Paying teller in a bank.

Catarrh and Hay Fever Believed in Ten to Sixty Minutes.

One short puff of the breath through the blower, supplied with each bottle of Dr. Agnew's Catarrhal Powder, diffuses this powder over the surface of the nasal passages. Painless and delightful to use, it relieves instantly and permanently, cures catarrh, hay fever, colds, headache, sore throat, tonsillitis and deafness. 69 cents. Sold by druggists. Sample bottle and blower sent on receipt of two three-cent stamps. S.G. Detchon, 44 Church St., Toronto.

Is not light grander than fire? It is the same element in a state of purity.— Carlyle.

The Sting Within.

It is said there is a rankling thorn in every heart, and yet that none would exchange their own for that of another. Be that as it may, the sting arising from the heart of a corn is real enough, and in this land of tight boots a very common complaint also. Putnam's Painless Corn Extractor is a never failing remedy for this kind of heartache, as you can easily prove if afflicted. Cheap, sure, painless. Try the genuine and use no other.

We have more indolence in the mind than in the body.—Rochefoucauld.
