Sandon and Nelson Will Erect Skating Rinks.

GRAY IS TO GET A MEDAL

Robert Jaffray of Toronto Promises to Supply the Smelters of Kootenay With Cheap Coke—O. F. E. Sued For \$20,000 Damages.

A movement is on foot for the erection of a curling and skating rink at Nelson, and there a good prospects that the scheme will be successfully carried into effect.

Some months ago T. G. Proctor, presumably acting for the Hall Mines people, took an option from Archie and Joe Fletcher on their fine lime quarry on the lake shore opposite Kaslo. The option was taken up and the figure, \$1,500, paid down last week.

John Gray, who works on the railroad at Sandon, has been advised of a medal awaiting him at Ontario for services rendered during the Fenian raid at Fort Erie in 1866.

The Columbia River Lumber company had to shut down its mill at Golden one day last week in order to use the mill for loading 75,000 ties demanded at once, which was in addition to the very large contract it already had.

Typoid fever is committing serious ravages in Southeast Kootenay. Already two deaths are reported and there are several cases of serious illness, including Provincial Constable Barnes of Fort Steele.

Mayor Houston of Nelson recently received a communication purporting to come from the Gault Coal company of Lethbridge, in which the announcement is made that the company has made arrangements with the Canadian Pacific Railway company whereby its best coal can be delivered in Nelson at \$6 per ton. The letter further states that an agent will be ready to handle the coal in a few days. The letter is not written on Gault days. The letter is not signed personally by any member of the firm.

At the meeting held recently at Sandon for the purpose of forming an Athletic association, it was decided to organize an incorporated stock company with a capital stock of \$5,000, the object of the company being to provide a building of suitable dimensions to include a skating rink and two sheets of curling ice, also an annex with a large gymnasium, ante rooms, etc. About \$1,000 has already been promised for stock subscriptions.

Robert Jaffray of Toronto, one of the members of the syndicate, says that the building of the Crow's Nest Pass railway will enable his company to supply the smelters of the Kootenay country with coke at a much lower rate than it can be secured for elsewhere, that in a short while British Columbia will be able to smelt all its own ores at a cheaper rate than they can be smelted for in than they can possibly be smelted in the United States. At the same time the coal company can produce, but when the company is in a position to supply all the coke required, material reductions may be expected in smelting charges. This will make possible the development of mineral deposits in Kootenay, which, under the old price for smelting, it would not pay to move. Mr. Jaffray sees no reason for sending silver-lead ores to Omaha, in the United States, at a cost of \$21 a ton, from the Slovan district, when, with an abundant supply of coke, they can be smelted for \$7 or \$8 a ton on this side of the line.

Hon. Joseph Martin passed through Revelstoke recently on his way home from Quebec. He was away for about three weeks, and on the purpose of laying before the Canadian commissioners certain important matters affecting British Columbia interests. Asked by the Mail if he had a satisfactory trip he said yes. He got a patient and courteous hearing from British Columbia's case. In a Vancouver interview he stated that he had pointed out to the Dominion government that the Yukon country should be attached to and administered by the British Columbia. While in Revelstoke the minister directed his attention to the advisability of creating a new judicial district so as to allow the holding of courts of assize at Revelstoke. Hon. Mr. Martin said the matter would be duly considered, and asked several questions concerning it. The Revelstoke board of trade will likely go into the matter and still further urge its consideration.

An action for \$20,000 damages has been entered by J. J. Breslin against the Canadian Pacific Railway company. The plaintiff was employed in the construction of a bridge at the Crow's Nest Pass, and met with an accident which necessitated the amputation of one of his legs. He holds the company responsible for the accident and claims the above mentioned amount of damages.

The Canadian Pacific Railway company expects in the course of a few days to open the Crow's Nest extension to passenger traffic.

FROM THE GAZETTE.

The Latest Articles of Incorporations, Registrations, Etc. The British Columbia Gazette of October 13, contains a number of announcements of interest to Rossland people: The Silver Bell Consolidated Mining company, which will take over the old Silver Bell company's assets, has been incorporated under the Companies Act of 1897. Its capital is \$500,000 in 2,000 shares of the par value of 25 cents each. It is specially limited under section 56 of the act. The register provides for the customary powers granted to mining companies. The Rossland Skating & Curling Rink, limited, has also been incorporated and registered. It purposes building a new rink on Second avenue in Rossland. The authorized capital is \$13,000, divided into 520 shares of the par value of \$25 each. The charter is a liberal one, and besides permitting the construction and operation of a skating and curling rink in Rossland, it authorizes the company to deal in all kinds of provisions and supplies, liquid and solid, required by people frequenting the companies premises; to permit the premises to be used

for any purpose thought fit, particularly as a drill shed, and for public meetings; to arrange and promote competitions of all kinds; and to promote subsidiary companies; and to secure concessions from any government or authorities.

The Klondike & Kootenay Venture Syndicate, limited, has been registered as an extra-provincial company. The capitalization is \$20,000, divided into 20 shares of the value of \$1 each. The head office is in London, and the British Columbia office is at 538 Hastings street, Vancouver. Thomas Reynell is named as the provincial agent. No unusual powers are noted in the company's charter. A meeting of the Two Friends Mine, limited liability, will be held on October 24 at the company's office at No. 538 Hastings street, Vancouver.

The Peoria Mining & Milling company will have a special meeting in Rossland at 7:30 p.m. on November 18, to consider the sale of the company's assets. William Melville Newton, a former Rossland broker, who is now making his home at 27 Clements lane, Lombard street, London, has been appointed by the lieutenant-governor to be commissioner for taking affidavits in and for the courts of British Columbia.

J. Fred Hume, minister of mines, has interpreted section 24 of the Mineral Act. Mr. Hume gives notice that the phrase "a free miner or company of free miners" shall be allowed to perform on any one required to entitle him or them to a certificate for work for each claim so held by him or them, shall be construed as applying to a mineral claim for which a crown grant has been issued.

HOFFMAN HOUSE CASE.

A Decision in Favor of McGaughey—Neill Sent Up.

The case of May vs. McGaughey for possession of the Hoffman house was concluded yesterday when the jury returned a verdict in favor of McGaughey. The suit was a complicated one involving McGaughey and McKeller, the former owners of the Hoffman house, Lee Combs, the assignee of the place at present, and Moffatt and May of New Westminster, who were interested in the lot and building occupied by the hotel.

In the spring of last year Moffatt built the hotel but could not pay the contractor. McGaughey & McKeller, who were to occupy it, advanced \$4,000 to Moffatt with which to settle the indebtedness. In return Moffatt gave them a deed to the property on condition that they return to him the title when he repaid the money advanced by them. Moffatt has not settled the loan. He was suing to recover possession of the property and to recover \$350 monthly rent for the time that the defendants were in possession. The jury's findings were all in favor of McGaughey.

Justice Walkem will give judgment today in the case of Clabon vs. Scott, involving a commission for getting Mr. Scott out of the Dundee company directorate. The decision will be a written one. Isaac Neill, who pleaded guilty to holding up "Scotty" Urquhart, was sentenced to 12 months imprisonment at Nelson yesterday morning by Justice Walkem.

The police think that Neill is the man who sandbagged and robbed R. Fraser several nights ago, when the latter was on his way home with \$97 in his pocket.

St. George's Harvest Thanksgiving.

There will be special services in St. George's church on Sunday next, the harvest festival music being taken in hand by the choir; and a special organ recital after the service is to have the usual decorations and gifts of grain and fruit to give point to the special services. The Rev. W. R. Governor, whose residence in Manitoba will give the reason for such a service of thanksgiving.

"The Pirates of Penzance." The first regular rehearsal of "The Pirates of Penzance" was held Tuesday evening at the Dominion Hall, and was well attended. The books have arrived and can be had at McNeill's shoe store. There will be a rehearsal this evening in Miners' Hall, when a full attendance of all the members is requested at 8 o'clock sharp.

Troops Sail For Manila. SAN FRANCISCO, Cal., Oct. 19.—The transport Valencia loaded here with heavy freight and Colonel Fife's battalion of Washington troops and California artillery on board, sailed this afternoon for Manila.

A Popular Teacher Speaks About Paine's Celery Compound.

The Great Life Saver Cures Even at the Eleventh Hour.

Mr. Belyea's Letter Should Be Read by All Sufferers.

GENTLEMEN: In the winter of 1884 I was taken with a severe attack of neuralgia in the head and shoulders. Since then it became seated, and I gave up the idea of ever being cured. I have taken medicine prescribed by different physicians, but all to no avail.

Some three months ago I was induced to try a bottle of Paine's Celery Compound. Before I had taken half of it I began to feel better. Sleep, which I had in these years of affliction been made up of frightful dreams; but not now, as the medicine began to have a telling effect on my nerves.

I have three bottles of this glorious medicine, and today I can say that it is the first time in 11 years that I have felt one of those piercing pains to which I had once been a victim. Let me say to any person who may read this testimonial, in this province or elsewhere, that you do not discredit this statement. I write me and I will only be too glad to inform you of what has cured me of neuralgia and a shattered nervous system.

Yours respectfully, LEVRETT A. BELYEA, Hampstead, N. B.

JUMBO IS ALL RIGHT

M. R. Galusha Says the Property Never Looked Better.

GETTING INTO THE ORE

In the Middle Tunnel an Ore Body of a Shipping Grade Has Been Encountered—Intention Is to Soon Begin Shipping to Pay Expenses.

"The Jumbo never looked better than it does at present," said M. R. Galusha, the general manager of the property the other day. "In the middle of No. 2 tunnel, which is now in a distance of 700 feet, we are just coming into the ore body. This is at a point, allowing for the dip of the vein 350 feet below the surface. The formation at this point is exactly similar to what we found on the surface and in the upper tunnel. There was some 20 feet of black rock which contained iron and now we have got into the quartz, sprinkled with little iron and carrying gold and silver values. It is a silicious ore, and there are some rich tellurides in it which serve to sweeten it and make the smelter returns larger than they would be without their presence. Then on the other side of this quartz we will doubtless encounter 20 or 30 feet of black rock sprinkled with iron again the same as we did up above. The pay ore lies between those two layers of black rock that carries iron. The values above were on the hanging wall of the pay tunnel and we have got into it in this tunnel on the footwall and are now working across to the hanging wall. We expect to find tellurides again when we reach the hanging wall of the pay tunnel. To show you how times have changed I need but tell you that in 1892, in the upper tunnel we crossed 15 feet of ore twice that went \$20 per ton, but paid no attention to it at that time as it would not have paid for its extraction owing to the high freight and treatment charges that then prevailed. Now, however, \$20 ore is a big thing in this camp.

"On tunnel No. 3 we are in a distance of 50 feet and will tap the vein when we have gone in a distance of 275 feet. This tunnel will give us a stopping ground for a distance of 475 feet. "This discovery in tunnel No. 2 has located the ore bodies for 200 feet deeper and I think that it demonstrates that we have a good property. The intention is to begin shipping ore, at least, to pay for the dead work and to stop the levying of further assessments on the Jumbo shareholders. When more development has been done we will begin to ship to the full capacity of the property, but we will not do that for some little time yet," concluded Mr. Galusha.

Coal Mines Inspector Retired.

VICTORIA, Oct. 19.—The provincial government has retired Archibald Dick, inspector of coal mines, to take effect at the end of the present month.

WHAT DOES IT MEAN? SIR WILFRID TALKS HE HOPES AND FEARS

He Dilates on the Great International Conference.

Kingston, Ont., Oct. 19.—In the course of a speech last night, in reply to the civic address, Sir Wilfrid Laurier said: "You speak in this address of another subject, the great international conference which has been sitting in the city of Quebec to settle differences of opinion between us and our neighbors to the south. Sir, I can say I can claim the south. Sir, I can say I can claim only one thing in regard to that. I claim no merit or credit in regard to the commission, because I have done my mission, because I have done my best to bring about such conference and to give us an opportunity of settling our differences. I claim something more. I claim that at this time we are present by a spectacle to the world at large that is teaching it how a simple colony can become a nation, not by revolution, but by evolution. [Cheers.] We exercise today a power of sovereignty. We are negotiating, or trying at events to negotiate, a treaty with our neighbors, negotiate a treaty with the sanction of the motherland. We give a further lesson to the world, that it is possible to be an independent nation while maintaining our colonial ties. [Cheers.] This is an example of which never was given in any part of the world or in any age. You would search in vain the annals of all humanity, and you will not find such an example as the result of this conference. I have hopes that we will be able to meet our neighbors to give and take and have abundant and deep sympathy in my heart for the American republic. [Applause.] I love England well, but I love Canada best of all. [Cheers.] I am not disposed of it for my part, as I make no disguise of it. [Cheers.] We will do our best to settle our differences and improve our relations. You say very truly in this address of yours that we want to be on terms of friendship with our neighbors, as we should. I am not disposed of it for my part, as I make no disguise of it. [Cheers.] We will do our best to settle our differences and improve our relations. You say very truly in this address of yours that we want to be on terms of friendship with our neighbors, as we should. I am not disposed of it for my part, as I make no disguise of it. [Cheers.] We will do our best to settle our differences and improve our relations. You say very truly in this address of yours that we want to be on terms of friendship with our neighbors, as we should. I am not disposed of it for my part, as I make no disguise of it. [Cheers.] We will do our best to settle our differences and improve our relations. You say very truly in this address of yours that we want to be on terms of friendship with our neighbors, as we should. I am not disposed of it for my part, as I make no disguise of it.
