There goods are of fair quality and will be found just the thing for ordinary business purposes. Send in order and will be found just the thing for ordinary business purposes. Send in order and will be found just the thing for ordinary business purposes. Send in order a careful account of the time worked, which lacked two days or the Methodist Church Sunday evening, to hear the lecture by Mrs. Blair, the well known temperance orator, of Nebraska. The subject was handled skilfully and eloquently. The chalk sketches were most interesting and vividly illustrated the points made by the lecturer.

The interior of the Methodist Church presents a fine appearance since the repent improvements were effected. The walls of the mai mittorium are finished in alabstine of a light drieb shade, with a lighter shade in the ceiling. The cornice and other-relieving points are a light prik, the general effect being very harmonious. This part of the work was done by Mr. Goo. DeVoe. A new plush carpet for the altar space and pulpit, and new matting for the aisles add to the appearance and cgmfort of the edition. The wood work was not neglected in the general work of renovation. The committee having charge of the improvements are to be congratulated.
