ville Division paid a fraternal visit to the
Bellows Falls is a very important place. It is a railway converge here, the Mr L. A. Cooney, a student of Acadla, Cheshire, the Vermont Central, and ing last and spent a very pleasant time.

Mr L. A. Cooney, a student of Acadas, who has been preaching in Rawdon during the summer, was ordained pastor of the Baptist church at that place on Monday last.

Cheshire, the vermont Central, and Conneticut River lines. It thus becomes a very important junction and a vast amount of freight passes through daily. Go to the station when you will you

iosity, being a number of danies grown together from one stalk, which present a very curious appearance.

A steamer has been chartered to load potatoes at Kingsport for Havana. She will carry 5000 barrels. It is expected that 50,000 barrels will be required for this trade during the season.

We are told that a number of dogs have been poisoned on the "back road" dences of the people.

we are told that a number of dogs have been poisoned on the "back road" dences of the people.

The people take much pride in the appearance of their town and display a great amount of public spirit. Nearly the sidewalks and crossings are concrete and are kept as smooth and clean as possible. From its earliest days the planting of ornamental trees has been attended to with the greatest care and to day those who walk the streets are reaping the benefit of the labors of some

It is rumored that Mr Edward Parker, of Somerset, has sold his house, in that place, to Mr A. E. Killam. Mrs George Weathers, a womn up-

A number of excursionists from Boston to Terminal City passed through Moffville on Tuesday afternoon's express, under the care of Conductor Edwards.

Last week a twin plum was handed to us, this week we have to acknowledge a twin apple, from Mr J. W. Follet. It is perfect in form and quite a curiosity in its way.

Go to the station when you will you find yourself in the midst of a stir and bustle, while the numerous sidings are crowded with cars. The immense pile of trunks and satchels that daily adorate the platform gives the observer some idea of the number of travellers that pass this point. We here found one of the most accommodating and efficient baggage masters that we ever met. The amount of baggage that he will put through his hands in a short time is really the platform gives to be a considerable quantity of sewing, and at the time of present writing walked a mile without resting.—Western Chronicle.

K. D. C. at G. H. Wallace's.

through his hands in a short time is really surprising. We were led to contrast this man's work with that of a similar official and the shows of the quill.

We have received from Mrs Everett Palmeter, of Long Island, a genuine curiosity, being a number of daisies grown together from one stalk, which present a very curious appearance.

A steamer has been chartered to load a stan town of the part of the part of the part of the part of the stan and then had to leave it behind for a large section of the surrounding country. It has a large number of very neatly kept stores but none that would been freely made against them at the compare with many to be found in some
