

THE ACADIAN.

WOLFVILLE, N. S., JULY 4, 1913.

Editorial Notes.

During the past few weeks we have been sending out accounts to a number of those who are indebted to THE ACADIAN. Where these have so far met with a response we desire to thank those who have handed in amounts due. To those who have not yet made payment we take this opportunity of urging the necessity of immediate settlement. We are making changes in our books which makes it imperative that balances long standing be squared up at once. Some of these accounts will in the course of a few days, if not paid, be handed to our solicitor for collection, but we do not wish to take this course unless circumstances make it necessary. Other accounts will be sent out as fast as they can be made up, and we ask for their prompt attention on the part of our patrons. We find in going over our books a goodly number of cases where nothing has been paid for subscription for a long period of time. On the principle that 'short payments make long funds' we are now seeking to have these accounts settled, and must ask in future for prompt payment each year.

His Excellency the Administrator has received a cable from the Secretary for the Colonies informing him that Field Marshal His Royal Highness the Duke of Connaught has accepted an extension of his term of office as Governor General for one year. The cable also states that His Royal Highness is likely to return to Canada during the autumn when it is hoped that Her Royal Highness the Duchess of Connaught will be well enough to accompany him.

Town Council.

The regular monthly meeting of the Council was held on Wednesday evening with the Mayor and Councillors Messrs. Regan, Porter and Harris present.

Reports were received from the Police and License Committee and the Finance Committee.

The receipts during June amounted to \$1297.49 and the expenditures during the same time \$1624.86. The debit bank balance at the end of June was \$3762.55, against \$5579.00 at the same time last year. The balance sheet as at June 30th, 1913 was also presented.

The following bills were read and ordered to be paid:

Andrew Delahant	\$ 8.45
C. M. Gormley	17.00
Hennings Bros.	5.44
Truro Foundry & Machine Co.	77.70
Hilley & Harvey	9.50
W. M. Black	30.20
Davidson Bros.	10.80
T. McArthur & Son	10.00
F. W. Woodworth	6.70
F. S. Crowell	2.00
A. & W. MacKinnon	2.00
Stur, Margareville	2.00
Daniel Weatherbee	1.60

The Finance Committee was authorized to negotiate a loan of \$8000 to redeem water-bonds falling due July 1st, 1913, in accordance with chapter 12, of the acts of 1910.

The matter of the resignation of C. H. Borden, as chief assessor was taken up and discussed. An application was read from C. M. Gormley for the vacant position at the same salary as previously paid.

On motion of Councillor Porter, seconded by Councillor Harris, it was resolved that C. H. Borden be paid a salary of fifty dollars per year for his services as permanent assessor for the town of Wolfville.

A list of unpaid taxes for previous years was submitted and evoked considerable discussion, the outcome being that the clerk was instructed to issue a warrant for their immediate collection, without exception.

Theatre Going.

'I have never been to the Woodbine. I have never been to a theatre and I never had cards in my house.' That is the statement of a very prominent Toronto citizen who is also a leading Anglican layman. There are those who will count it to him for his righteousness that his attention is so steadfastly set upon the important things of life that he has no time or mind for the frivolities. It all depends upon what a man has done with his time. It is to be feared that some people occupy their time to no little advantage that it might be to their credit if they remained home an evening playing cards, or took their family to a theatre on some occasions. The action that the theatre in itself is held in an old fashioned one and is now held by few people, but unless a man can show that he had made better use of his time than if he had spent it in the theatre, he might as reasonably boast that he had never read a book, a man who entertains from theatre going with the view of becoming an exception to the age as regards his own importance. Theatre going is a habit, and it is becoming more general every year. If the theatre man realizes the increased responsibility as an educator, the habit will become still more general. It is to be feared that the day it will disappear and through the participation of the people who attend will be a theatre, but through the disappearance of its patrons.

The business of the theatre in the first six months of 1913 has been the best in the history of the theatre. The business of the theatre in the first six months of 1913 has been the best in the history of the theatre.

A Miraculous Escape.

Last Friday night when the special train bearing the Farmers' excursion was returning from Truro, a man named Charles E. Phinney, belonging to Middleton, fell from the train while passing over the bridge at Hortonville to the bed of the Gaspean River, a distance of about forty feet, the tide being out. No one noticed the accident and the man lay unconscious for some hours. When he came to, his cries for help were heard by a son of Mr. John Stewart who was asleep at his home nearly half a mile away. Succor was at once sent and Phinney was rescued from his perilous position, just in time as the tide was rapidly advancing. The injured man was taken to the home of Mr. A. N. Perry and medical aid summoned. Dr. Moore, of Wolfville, was soon on the scene and attended to the man's condition. One leg was broken and a shoulder dislocated, and he had sustained other injuries. He was taken by the morning express to Middleton and afterwards to the Victoria General Hospital, at Halifax, where he now is.

Edna Goodrich to Visit Grand Pre.

The following New York despatch to a San Diego, California, paper will be of interest to our readers. We are pleased that we are to be honored by a visit from the celebrated actress, but we are afraid she will be disappointed in her visit to Grand Pre. The people of that very much up to date community will scarcely recognize themselves in the description here given.

New York, June 28th.—Among the hundreds of visitors who will make their way northward this summer to visit the scenes immortalized by Longfellow in his poem, 'Evangeline,' will be Edna Goodrich. Miss Goodrich, now in Europe, returns shortly to this country to go immediately to Nova Scotia. There, in the land of the Acadians on the night of Grand Pre, whence the Acadians in 1755 were deported by order of the British government, Miss Goodrich will devote herself to a study of the customs and costumes of the Acadian descendants.

These simple people are to-day as they were before the great civilization. Civilization, it would seem, has passed them by. They speak the same language spoken in 'Evangeline's' day, spin and weave by hand and till the soil with primitive implements.

Miss Goodrich, who will be seen in the title of Arthur Hopkins' production of Thomas Broadhurst's dramatization of the Longfellow poem, will remain in Nova Scotia until rehearsals are called in August. The production will open in September in this city.

Memorial Service.

On Sunday next, July 6th, at St. Stephen's Methodist church, Kentville, a memorial service for the late Rev. George MacMillan, B.A., will be held. The chair will be taken at 3 o'clock by Rev. R. C. Tait, who will be supported by the town ministers, Rev. J. D. Spidel, M.A., Rev. T. C. Mellor, also Rev. G. W. Miller, B.A., of Wolfville, Moderator Rev. A. Kenney, B.A., of St. Andrew's Presbyterian church, New Glasgow, and Rev. Mr. Bell, of Canada. A very impressive service is anticipated.

No Furnace Dust in Your Home.

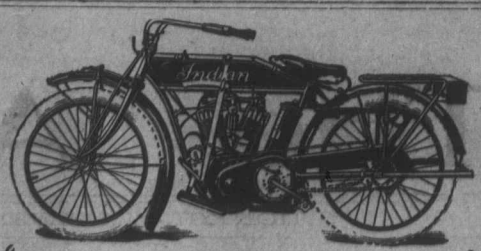

You will have no furnace dust in your home if you have a Sunshine Furnace. A special dust flue prevents this entirely by carrying all dust up the smoke pipe.

The Sunshine has advantages which make it by far the best furnace to install. Our agent will be pleased to explain them, or write for booklet.
