WHOLE NO. 946.

About the Moon

Facts Concerning Our Nearest Neighbor in the

A few weeks ago an important admountains, near Riddles and Rosebud, dress was given in London by Sir her great the freekled-faced little grit, typing they are probably most plentiful, but Robert Ball, the Astronomer Royal her eye about for a tidy large enough they do not venture down in the valley much. They stay on the hills, and get water from the living springs which rise there. For the most part they are concealed in the dense growth of oak and fir in these mounts.

being inhabited. As our nearest neighbor in the solar system, the moon must always be an and not to stand on ceremony." eight usually, but at night a herd of forty or fifty, get together and lie down in the same yard—that is, they sleep in the same spot, which is usually a secluded place among the trees. A band of wild cattle have there are always a few bulls to act as sentinels. While the cattle graze in bands of half a dozen or so, there are, nevertheless, close to other bands, so that at an alarm from any one of the bulls, which leisurely feed on higher ground, they all run away together. The cattle are of all colors and wilder than deer. It is a hard matter to get a shot at them, for the reason that their scent is so keen. They can smell a man a long distance off. They

"Ma's up stairs changing her dress," said the freckled-faced little girl, tying

"Run up and tell her to come dow

trees. A band of wild cattle have its physical features more minutely. show off her nice things, and ma don' been known to get together on a learned place like this countries. We know that the moon's diameter is cleared place like this every night in only one-fourth of that of our globe; a couple of years. "When feeding that it is only two hundred and forty and I guess she was mad about some there are always a few bulls to act as thousand miles distant from us; that, sentinels. While the cattle graze in if the moon should disappear from its

A Year's Experience

The Sea Breeze and the Scarf.

Hung on the casement that looked o'er the main Fluttered a scarf of blue; And a gay bold breeze paused to flatter and tease This trifle of delicate hue; 'You are lovelier far than the proud skies are," Showing How Sometimes the Truth Will Out Unexpected Ways.

He said with a voice that sighed;
You are fairer to me than the be Oh, why do you stay here and hide?

dark room; "
And he fondled her silken folds.
'O'er the casement lean but a little, m queen, And see what the great world holds;

sight, Come, fly with me, darling, fly!" Tender his whisper and sweet his cares

Flattered and pleased was she,
The arms of her lover lifted her over
The casement out to sea, e casement out to sea, s to his breast she was fondly pressed,

-Ella Wheeler Wilcox.

BY SUSAN COOLIDGE.

After nearly a year's use of Simson's Liniment I have proved it to be what I supposed at first it was—an excellent liniment to have about a stable. I have used it in cases of cuts, galls, braises and single at the stable of th Making a room pretty nowadays

A Valuable Discovery.

F. P. Tanner, of Neebing, Ont., says he had a largish closet. The most important difference lay in the face that the builder of the house, for some reason known only to himself, had put a small fire-place across the infriendship. One doos the talking regulator.

After Long Years.

"I was treubled with Liver Complaint for a number of years, finding no cure, I tried B. B. I took foor bottles and am now perfectly cured, strong and hearty."

Mrs. Maris Askett, Alma, Ont.
