BATHURST, Tuesday—The funeral of Miss Nellie Power, of North Tatagouche, was held this morning in the Church of the Holy Family, Bathurst Village. Requiem high mass was served by M. G. Varley. The deceased young lady was twenty-nine years of age, the eldest daughter of Mr. and Mrs. P. J. Power. Up to about March last she was employed by W. J. Kent & Co., Ltd., where she made many friends among the staff and the public. Since that time she has been gradually declining until Sunday morning, when she passed peacefully away. She is survived by her parents, three sisters and three brothers. The floral tributes were beautiful, and showed the esteem in which she was held. A beautiful wreath on a stand was sent by the staff of Kent and Co.

O. Turgeon, M.P., accompanied by Mrs. Turgeon left on the Maritime last night for Ottawa.

J. Van Norman, who with his family and six salesmen, have been spending some six or eight weeks in our town in the interests of the Wrought Iron Range Co., left last night for Sherbrooke.

A. J. Fenwick returned to his home in St. John this morning.

Miss Bertelle Blanchard, eldest daughter of Joseph Blanchard, was united in marriage this morning to Joseph Fournier, of Bathurst Village. A reception will be held this evening at the home of the bride's parents, St. Patrick's Street.

ATLANTIC CITY, Wednesday—A. A. Jewett, a retired Philadelphia butcher, with a fortune of a million dollars, is held a virtual prisoner in his room at the Hotel Continental here. He is guarded by a deputy sheriff, whose orders from the court are not to allow the man to leave the house before a damage action brought by his young and pretty wife for support is settled by the Court of Chancery.

Jewett is ill and doctors and nurses are in attendance. He is paying the board of the deputy sheriff. According to the story told by Jewett and lawyers for his wife, the two have been married for five years. They lived happily until within the last year. Decision to live apart was reached while they were here, and Jewett says that his wife accepted \$60,000 in lieu of all claims against him. She declares she is suing for a more liberal allowance.

CORTEYOU PLAN IS WHOLLY WRONG DECLARES BRYAN

Secretary Working Backward Declares The Disingenuous Nebraskan

LOAD ON COUNTRY

Government Should Not Be Made To Bear Banks' Burden.

WILMINGTON, Del., Wednesday—Declaring that the time has come when the national banks of the country should shoulder their own load, rather than to let it upon the National Government, William Jennings Bryan tonight condemned the Cortelyou relief plan as beginning at the wrong end of the problem which now confronts the country.

He said that the principle underlying these plans is that the Government should pay interest on hundreds of millions, and then, in effect, turn the money over to the banks to tide them over their difficulties.

Further he declared that for the government to pay interest on certificates, so that the bank may be enabled to increase their circulation, is entirely wrong in principle, as it imposes upon the people a loan which the banks themselves should bear.

Analyzing the Cortelyou plan, he declared that one factor has apparently been overlooked by those who have computed the enormous profits which will accrue to the banks; which is that even the \$25,000,000 which is to be actually paid to the government for the \$100,000,000 certificates issued, will unquestionably be re-deposited in the banks without interest.

Working Backward, He Says. "The fault of the plans which the administration has put forth to relieve the present financial stringency," said Mr. Bryan, "is that they begin at the wrong end. If I could be convinced that the government of the United States should pay the cost of resuming the depositors of banks, rather than that the banks themselves should bear this burden which is rightly theirs, I should approve these plans of relief. As it is, I do not approve them. We have here, the government actually paying interest on a vast amount of money in order that the banks may be relieved in their predicament. This is precisely what I say is wrong."

"Originally, it was intended that \$100,000,000 in certificates should be put out to draw out money that has been hoarded. On this money, the government was to pay 3 per cent. interest. For what? Why, solely that it might take the money on which it was paying this interest and turn it over to the banks—interest free."

"Now I contend that if this plan had worked out in the way it had intended, it would nevertheless have been entirely wrong in principle. Will Reap Huge Interest. "Now we have a new plan"—and here Mr. Bryan went over the figures, showing that under the Cortelyou plan for a 100,000,000 issue, the banks will be enabled to reap a 35 per cent. on the money actually paid over by them. "There is but one thing that I would add to these figures," he said, "and that is to ask what is to be done with the \$25,000,000 which the banks actually pay over to the government? Why it will merely be loaned back to the banks again, and without interest. So that the profits are again increased."

"Now what is all this for? Why merely to restore the confidence of the depositors in banks which had been shaken. This, in my opinion, is the business of the banks, primarily, and they, rather than the government, should pay the cost of restoring confidence."

"Under the plan which I have suggested this cost would be placed where it properly belongs—on the banks themselves. For the government to assume this load is entirely wrong."

FIRE BURNS UP THREE CHILDREN

Horrible Death of Youngsters In A McGregor Street Blaze In Toronto

(Special to the Morning Graphic.)

WINNIPEG, Wednesday—Three little children—William, Dora and Joseph Denaburg, aged thirteen, six and nine, respectively, met a horrible death in a fire which destroyed their home on McGregor Street at midnight. Three

others were saved from the same melancholy fate by the most narrow margin. The fire broke out around the stove just after the family had retired, and the smoke which poured up the narrow stairway practically cut off those upstairs from escape.

WAITING TO HEAR FROM MR. LEMIEUX

Federal Member Doesn't Believe That Action will be Taken till he Returns.

MAY PRESS MATTER.

But Government Can Scarcely be Expected to Deal With Matter until Mr. Lemieux Reports.

(Special to the Morning Graphic.)

VANCOUVER, B. C.—Wm. Loan, M. P., who left today for Ottawa does not believe that any Federal Government action with respect to the curtailing of the Japanese invasion of the Pacific Coast or Canada will be taken until receipt of the report from Mr. Lemieux. The liberal members for British Columbia may press the government to act, but members can hardly expect to do anything until Mr. Lemieux is heard from fully.

BELIEVE HER HUSBAND WAS A JAP SERVANT

Wedding Announcement Surprises Friends Of Wealthy Widow.

SALISBURY Md., Wednesday—Announcement of the marriage of Lydia W. Franklin, formerly of Princess Anne, near here, and Kikutaro Sakakura, a Japanese, was received with consternation by her many friends in this country. A year ago Mrs. Franklin came to Princess Anne, ostensibly from New York city. She purchased at a high figure an old hotel property in the town and had it remodelled at an expense of thousands of dollars. The hostelry was magnificently furnished and when completed was beyond a doubt the most elaborately equipped hotel south of Philadelphia.

It is said that she made the public statement that as long as she did not lose \$2,000 a year she would be satisfied. This hotel was her hobby. Japanese waiters were imported and employed, and it is the belief here that Kikutaro was one of the table waiters employed at the Franklin Hotel several months ago. Mrs. Franklin sold the property and left New York, Sakakura leaving at the same time. She then sailed for Europe and nothing has been heard of her since.

DAMAGE WAS SLIGHT

Canadian Government Steamer Only Slightly Damaged

QUEBEC, Wednesday—The Canadian government steamer Montcalm, which ran on a rock while making for Point Maurier harbor a few days ago, arrived in port about ten o'clock this morning under her own steam. The damage is not believed to be very serious and it is expected she will be able to come out in time to perform her winter service.

SCRANTON, Pa., Wednesday—A daring robbery was committed last night when a lone highwayman held up a street car and at the point of a revolver robbed the conductor of the nickels he had taken during the day's run.

The car left the terminal of the Laurel Hill line shortly before 10 o'clock for the run to the central portion of the city and had not gone more than a block when the motorman stopped to take on a passenger. It was the highwayman, and the first thing he did was to place a revolver at the head of the conductor and order him to "shut out." Arnold "shelled" to the extent of almost \$20. The hold-up is the second of its kind in this city within the last few weeks.

HEARS APPEAL IN THE HALIFAX ELECTION CASES.

Justice Declares That the Convenience of Counsel Is not to be Considered.

HEAD OF LIST.

He Demands That Appeals are to be Placed in Their Order.

OTTAWA, Wednesday—In the Supreme Court to-day on the Halifax election cases being called, Justice Girouard, presiding, made this announcement: "I observe that these appeals have been placed at the foot of the maritime list, and understand from the registrar that it was done by consent of counsel. I desire to point out that in election cases in which the whole public are interested, the convenience of counsel is not to be considered, and speaking for the Court and with the consent of the chief justice, I wish it understood that in future no election appeal is to be placed anywhere except at the top of the whole list, unless otherwise specially ordered by Court or judge." The two appeals in the Halifax election cases, Roche vs. Hetherington and Carney vs. Hetherington were then called. The appeal was from an order made by the election judges fixing the date of trial of the petition pursuant to a former judgment of the Supreme Court of Canada, and directing that the trial should proceed, the judges having held that they were without jurisdiction. The appellants (respondents to the election petitions) objected to the order. A motion was made to quash the appeal on the grounds that they were taken neither from a decision of preliminary objections nor from judgment or decision of the judges who tried the petition. The Court gave judgment quashing the appeals with costs. The court will meet to deliver judgments on December 13 next.

CLEVELAND TO HOLD FATHERS' CONGRESS

Pastor Starts Move To Make Men Know More About Their Sons.

CLEVELAND, Wednesday—"A fathers' congress is more necessary than a mother's congress. We have too many of the latter; too few of the former. Indeed, I suppose this one we're to have here December 8 is the original," said Prohibition Officer Lewis, of the Juvenile Court, today.

He had just noticed the announcement from the Rev. Dr. A. B. Meldrum, pastor of the Old Stone Church on the public square, that he had invited the fathers of the country to join in a movement to regain closer relationship with their boys and their homes.

"Fathers are too busy these days," continued Lewis. "They're surprised when we bring them into our court to see their boys prisoners. This thing is needed far more than mothers' congresses."

"I would suggest that young, unmarried men be interested in the fathers' congress," said Mrs. S. K. Waterson, head of the W. C. T. U. "Maybe that would keep them out of the saloons."

"The trouble," she continued, "is that the mothers know too little about their homes and children; the fathers, nothing at all. The latter seem to think that if they provide the money that is all that is required."

\$500 each; Jas. Hachey, Campbellton, \$250; T. B. More, of Moncton, a retired member, claimed total disability amounting to \$1,000; Fees and levies for the month are: Class A, \$20; Class B, \$12.50; Class C, eighty cents.
