BAZAAR.

IN AID OF

Furnishing the New Temperance Hall.

(Under the Patronage of Lady Bonnerman.)

THE New Temperance Hall in this Town being nearly completed it becomes necessary to provide Funds for

properly furnishing the same. A Bazaar will therefore be held, for this purpose, in the said Building,

Wednesday and Thursday,

The 16th and 17th days of December next.

The projectors of this Bazaar deem it essential to the prosperity of the cause in which they are engaged, to have the Bazaar conducted in a simple and attractive style, so as to attract the largest number of visitors, and a credit to the community. To accomplish this object, however, from the Funds of the several Town Divisions, was found to be totally impracticable, without causing serious embarrassment thereto. An appeal to the liberality of the public has, therefore, been determined upon; and it is hoped that those friends who feel disposed to further this object, but who have not yet commenced their labours, will do so without delay. Ladies can promote this object, not only by working for themselves, but also by directing the attention of their friends towards it, and soliciting
