when he and Thompson found the police would not allow fighting on the stage in London, Ont., Thompson offered to meet Jack Stewart privately, outside the city limits. Stewart refused, producing a doctor's certifi-cate to show that he was not in condition to fight. Thompson said to the same reporter: "Stewart's face is still swollen where I hit him, and he told me he'd never get over it.

Before leaving San Francisco for Sydney, Australia, Hanlan offered to back James Seeley, a California sculler, for \$500, to perform more clever tricks while in his boat than any other oarsman in the West. Seeley is said to perform such tricks as rowing a shell less than 12 inches wide while standing on his feet, then standing on his head; He also swings Indian clubs in his boat, and performs other tricks requiring great steadiness of

leading states authorities are beginning to admit that they are not making wheat prices for the world's markets, for with various once-sufficient causes for an advance holders of stocks on this side are unable to replace their grain for export even at concessions; and also that they well may not, with English offers from 5 to 7c. below their rate. A prominent dealer on N. Y. 'Change sums it up: "We are no longer boss. India is a very conspicuous dark horse, and with Russia promises to still further reduce prices of wheat here." Western markets have been quiet and easy; and a telegram from San Francisco states that heavy rains during the last week have greatly improved the agricultural outlook. Wheat shipments have increased. but the market is weak at \$1.5% per cental. Prices on this side of the Rocky mountains and on the seaboard have, however, varied but little for the week There has been some talk of a reduction of rall freights at Chicago, out not very much seems to be expected from its occurrence; it is credited, however, with being the cause of a rather firmer feeling during the last two hays. PROVISIONS.

PROVISIONS.

TRADE—Seems generally to have been quiet. BUTTER—The supply of choice for local use has continued insufficient, and all offered has found a ready sale at 18 to 19c., and sometimes at 20c.; and in default of better a couple of small lots of medium changed hands at 13c. for one and 14c, for another—both being good medium. But still no enquiry has been heard for shippinglots, though there is abundance on hand, and country stocks also are said to be large. Were this quality to be forced on the market the above quotations of 13 and 14c, are probably a good indication of the prices which it would at present return, nor do dealers expect much, if any, improvement further on. Rolls have been in fair supply and selling much as before at 15 to 11c. for good to fine. Street receipts small but prices easy at 21 to 24c. for pound rolls, and 17 to 19c. for good to choice tubs and crocks, with more wanted.

CHEESE—Scarce and firm; small lots of fine ranging from 13t to 14tc, and medium, if there be any available, held 12 to 12tc.

EGGS—Receipts have been increasing, but with easy prices, so has the consumption and all have been wanted; round-lots have sold at 19c, which would have been paid at the close. On street really fresh have sold usually as before at \$21.

BACON—Quiet but firm. Long clear in carlots has been held at 10fc., with buyers at something very close to this figure, and small lots sold slowly at 11t. Cumberland inactive, and almost nominal at 9t to 10c. Holls steady at 11t to 12c. and bellies at 12t to 15c., with a fair demand. Holders seems to be firm all over, and generally in expectation of firm prices.

HAMS—Smoked have continued in good demand in small lots at 14c, and we have heard of

one lot of 100 sold at 134c. at which price more could have been obtained in lots of similar size.

LARD—There seems to have been no movement in round lots, but small parcels have continued to go off steadily at 12; to 13c, for tinnets and nalls.

ment in round lots, but small parcels have continued to go off steadily at 12½ to 13c. for tinnets and palls.

Hoss-Receipts by rail have almost ceased, but any coming forward have been readily taken at about \$8.75. Street receipts also small, and prices firm at \$8.75 to \$9.

SALT—Quiet and unchanged all over: some enquiry for dairy, but there seems to be none in the market; it was selfing at 50 to 55c. Liverpool coarse still offered in cars at 60c., and small lots seldom selling over 75c. Liverpool fine unchanged at \$1.45. Canadian as before, at \$1.25 by the car and \$1.23½ to \$1.40 for small lots to single barrels.

Hors—There has been no change in the situation. A few single bales have been sold to browers at from 22 to 25c. according to quality. Nothing doing in country lots, which have been generally held above the views of buyers.

DRIED-APPLES—Seem to have been quiet; country lots could have found buyers at \$3 to \$3c. had holders been inclined. Dealers have been selling barrelled as before at 94c. for small lots.

HIDES, SKINS, AND WOOL.

TRADE—Has been quiet but steady.

HIDES—Prices of green declined 25c. per cental, the fall being mainly due to the poor quality of supplies; really good are wanted. Cured have sold as before at \$6. per car-load.

CALPSKINS—Offerings slightly on the increase but all still taken at former prices.

SHEEPSKINS—Unchanged at \$1 to \$1.10 for green, and 74 to 90c. for country lots with the demand slack and offerings large.

WOOL—Fleece seems to have been in rather better demand; low grades have been scarce and wanted at 18 to 17a; a lot of about 6.000 lbs. of good changed hands at 18c; nothing doing in Southdown. Super has sold in one case at 21c, for a lot of about 3.500 lbs., but three or four similar lots have brought 22c. and sales have been made to factories at 22, at 23, and 24c. Extra inactive and unchanged in value.

TALLOW—Seems rather firmer at 63 to 7c. for rendered and dealers holding higher; but nothing doing in lots. Rough unchanged at 34c. Quotations stand as follows:—No. 1 inspected cows, \$7.00; choice No. 1 steers, \$8.00; No. 2 inspected, \$6.00; No. 3 inspected, \$5.00; calfskins, green, 13 and 11c; calfskins, cured, 15 and 13c; calfskins, green, 33 and 14c; wool, fleece, 16 to 20c; Southdown, 25 to 26c; wool super, 21 to 23c; extra super, 28 to 30c.; wool pickings, 9 to 10c.; tallow, rough, 34c.; rendered, 63 to 7c.; HIDES, SKINS, AND WOOL.

We cannot do better than repeat the views expressed last week, as the situation remains unchanged, though the quality of the offerings was scarcely so good!

A short run gave a firmer tone to the market, and while prices for butchers' cattle ruled a shade higher than quotations given below, they are allowed to stand unaltered, as moderate receipts would lower them. The demand was in excess of supply, as large lots are reported as being shipped to Buffalo instead of here. Sheep and lambs were very scarce and quoted ic. higher. Calves are only nominal, as none are coming to hand, but they will sell readily at quotations. Hogs are in good demand at an advance of ic. since our last. Store hogs meet with ready sale, and buyers are prepared to pay 54 to 6c, for round lots. We quote:— LOCAL LIVE STOCK. Steers, averaging CATTLE. Rough to Prime
