MORE TELEVISORE, FACILITIES.—The Bell Company is still pushing on with its naw lives at the rate of about thirty miles a day, and has completed within the last few days the line from Trenton to Picton, taking in also Bloomfield, Wellington, and the Lake Shore Hotel at West Point. Welland has been connected with Theored and St Wellington, and the Lake Shore Hotel at West Point. Welland has been connected with Thoroid and St. Catharines, and the line is now being rapidly finished to Hamilton. Buffalo, Port Colborne, Niagars Falls, and other connections in that neighborhood will also be complete in a few weeks; Montreal will be in communication with Kingston and all towns on the weight twenty fathoms. Passengers and crew all safe.' The Quebec was built about eleven years ago, we believe, near Chat-ham, Ont., but was registered at Sarnia.

We left the Sault between 6 and 7 o'clock on Wednesday evening, and pro-ceeded througt Bear Lake, and as we neared the entrance to Wilson's Channel, or Devil's Gap, the vessel was slowed up for fully twenty minutes before she struck. Immediately shead, and some distance out from the lighthome, as smudge was burning, which seemed to ling to the water, and just before strik-ing, the smoke thoroughly enveleped the vessel. Very little panic was caused, the bost grazing gently on to the regin ways. The pext day the Ontario ran up The boast grating gently on to the reet, running almost up to the forward gang-ways. The pext day the Ontario ran up alongside and t-ok off five car-loads of freight, when a very stiff breeze com-menced to swing the vessel round, cau-ing her to labor very hard. The wind not abating, the constant pounding had the effect of filing the aull partly with water, and as the shades of evening were closing in, the doomed vessel swung clear of the rocks and went down stern first, in six fathoms of water, or 120 feet. Captain Symes was the last to leave her, and when he did only two or three feet of the pilot house was to be seen.
