

CALGARY BALL TEAM IS \$2,100 IN THE HOLE

Would-be Champions of the Western Canada League Made a Big Hole in the Finance-Subscribers to Stock Now Turning Down Drafts

(WEDNESDAY'S DAILY)

Calgary, Oct. 25.—The Calgary Athletic Club, Limited, which is the Calgary Baseball Club under its official name, finished the season of 1910 just \$2,100 to the bad, and the shareholders are beginning to ask how and why. They are also asking just when a meeting will be called and a statement presented to them. In the meantime they are turning down the drafts at ten days which are being sent out by the management in their endeavour to reduce the deficit which is at present being carried by the Traders Bank of Canada. That the drafts will continue to be sent back until a meeting of the shareholders is called, in the statement made by a number of prominent business men in the city who were interviewed on the subject Saturday. Many of them take the stand that they had subscribed stock this season on the understanding that a new ball park would be purchased, and that until a meeting is held and good reasons why the ball park was not purchased given to the shareholders, they would refuse to take up the balance of their stock. In this case they will in all probability never take up the stock, for at the present time there appears to be no way of finding out when, if ever, a meeting will be held.

In the circular letter sent out by the secretary to the shareholders advising them of the drafts and asking that they be taken up, it is stated that as soon as the management can secure a meeting of the league, they will be in a position to call a general meeting of the shareholders and present a detailed report of the transactions of the year. Saturday, however, a Secretary Hornbrook said that a statement had been prepared already, and had been given to the directors, but the reason a meeting had not been called was because Clifford B. Reilly had been absent from the city for some time, and they were waiting on him to call a meeting of the shareholders.

Mr. Reilly has been back in Calgary over a month, and when interviewed on the subject Saturday said that he knew of no reason why a meeting of the shareholders could not be held at any time this season, or at any time in the present.

"It is not up to me," said Mr. Reilly, "I have nothing to do with it at all. It is up to President Middleton."

But Mr. Middleton talks differently. "It is up to the secretary," was his reply to a question as to when the meeting would be called. Briefly, the situation appears to be that Secretary Hornbrook thinks it is up to Mr. Reilly, Mr. Reilly thinks it is up to President Middleton, and Mr. Middleton thinks it is up to Mr. Hornbrook, so that unless these three get together and make some arrangement, the prospects of a meeting in the near future are very remote. Where Mr. Reilly enters into the matter is also causing some discussion, for as far as is known, all he has to do with the club is that he acted for the company when it was being incorporated. President Middleton is an actual member of the club. Alongside him the sphinx is a very garrulous personage.

"I know nothing about any drafts," he said sharply Saturday when asked as to why they were being sent out, and why they were being turned down. "I haven't any information at all to give out," was his reply to further questions. "This is a private company, and I have nothing to say, and no explanations to make to anyone. This was all he would say on the matter, and later when he was again called to the telephone and asked if he had any idea when a meeting would be called, he replied that he "had no information at all to give out, and that the calling of a meeting was up to the secretary."

Secretary Hornbrook, however, was willing to discuss the matter freely and fully.

"Yes, we are \$2,100 in the hole," he said, "and we are sending out drafts to try and get the amount in, as the bank has asked us to pay our liability to them. A statement was presented to the directors at their last meeting, but it has not yet been put before the shareholders because there has been no meeting of shareholders."

Asked who was the one to call the meeting of shareholders, Mr. Hornbrook said that it was up to Clifford B. Reilly. "He was away for a long time, and nothing has been done," he said. Regarding the drafts being returned, Mr. Hornbrook said that there were some coming back, and admitted that many of those returning them had subscribed on the understanding that a ball park was to be bought, and refused to accept the drafts because this had not been done.

OCTOBER ROD AND GUN. Big game hunting is to be the feature of the October issue of Rod and Gun in Canada, published by W. J. Taylor, Limited, Woodstock, Ont., and sportsmen intending to try their fortunes in the woods this season will find the number particularly attractive. Moose, deer, grizzlies, mountain lions and wolves are all told about in both stories and illustrations are bound to find responsive echoes with all hunters. In each case the experiences related are personal and therefore far more interesting than any imaginary tales. In addition to big game stories there are numerous attractive papers dealing with other phases of outdoor life and both the east and west of Canada receive attention in this issue.

Illnesses is due to a disorder of condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, and therefore they act on that organ; to cleanse it, strengthen it, tone and invigorate it to regulate the liver and to banish biliousness positively and effectually. For sale by all dealers.

THE ESKIMOS IN GOOD SHAPE FOR BIG GAME

Edmonton Team Will Have Strong Line-up for Monday's Game in Calgary—Special Train Expected to Carry 200 Supporters of Team from Capital

(WEDNESDAY'S DAILY)

With two full teams out last night the Eskimos had a rattling good practice for their game next Monday in Calgary. Under the watchful eyes of Messrs. Balenger, the coach, Rev. R. Pearson and Deacon White, the boys were put through a gruelling practice for one hour steady on the signals and before this the coach had them chasing down punts on the halves and chasing free kicks down the field until all were pretty well puffed. The majority of the boys are all in fine shape and although they look for a hard game next Monday, they are confident that they will get the long end of the score when the whistle sounds at the end of the play.

No officials have yet been selected and it is no easy matter to find ones on the big sports ground here. Some doubt at the last minute suitable men will be selected. The team will leave on the Rugby Special Saturday night at 12:00 o'clock, and there will be fourteen players, two spares, Sec. Treas. McPherson and Manager Ben. Smith, along with them. Ben. Balenger and Mrs. Balenger will also accompany the boys, to say nothing of a couple of hundred fans who have announced their intention of cheering on their favorites to death or glory in the Cow Town.

The most of the players are glad that it is the Tigers whom they are to play. No reasons are given, but proven themselves gentlemen both on and off the field and it is a pleasure to play them either here or in Calgary as each team is sure to get a good bump that naturally comes in rough in a good manner. The half line will be chosen from the following players: Wilson, Grant, McCarthy and O'Donohue, Tommy Dykes of course being at full back. The scrum will be Ben. Balenger and Alex. Macdonald, and the wing line will be chosen from the following: Bink, Wilson, Stark, Gibson, (capt.) Macdonald, C. Parsell, Kennedy, Conway, Combs, Roughton, Murphy and White. The quarter-back position is still in doubt with Crickmore, Roughton and Mervin trying for the place.

Another full practice is called for Thursday night at 5:00 sharp, and every one above is requested to be on hand sharp as the nights are closing in; it is and it is quite dark down below the hill at six. A game has been arranged with the University of Alberta for Saturday afternoon, although it will only be a practice on as it is too near Monday to take a chance of any of the players being hurt, it will give the boys a good work-out for their game on Thanksgiving Day. This will be the first appearance of the University of Alberta in the sports line in Edmonton and no doubt will be a game worth watching.

The special train, commonly known as the Rugby Special, will leave here Saturday night with a good bunch of roosters that have been yelld for Edmonton in any line of sport, and will arrive in Calgary on Sunday morning at 8:00. From the time they get to night at 12:00 Calgary will see nothing but blue and white ribbons floating around. The tickets will be sold by those in charge of the excursion as the club is not running the same, and may be had at the Hotel Cecil and the Hotel Bowdler, or from F. B. Barnes or Doc Wilson, who will be on receipt of the sum of \$3.95 return fare, and a transfer which on presentation at the C.P.R. ticket office will entitle the holder to a ticket for the trip.

There will be no tickets for the excursion on sale at the C.P.R. ticket office, but only from the places and persons named above and persons intending taking the trip are strongly advised to buy tickets before Friday so that accommodation for all may be provided.

With regard to the berth on the special the price per berth is \$2 to Calgary and must be paid for at the time the berth is reserved at the C.P.R. offices.

IMPROVERISHED BLOOD

A Common and a Dangerous Trouble You Must Escape the Blood to Enrich Danger

Anemia is simply a lack of blood. It is one of the most common and at the same time most dangerous diseases with which growing girls suffer. It is common because the blood so often becomes impoverished during development, when girls are too quickly allowed to over-study, over-work and suffer from a lack of exercise. It is dangerous because of the stealthiness of its approach, often being well developed before its presence is recognized, and because of its tendency to grow so steadily without promptly checked, that it may run into consumption.

The value of the tonic treatment with Dr. Williams' Pink Pills should be known to every mother in the land. These Pills make new rich blood, tone the organs and nerves, bring a glow of health to pale, sickly cheeks, and drive away the weakness, headache, faintness, nervousness and loss of energy so noticeable in young girls who are suffering from anemia. To all such Dr. Williams' Pink Pills are an actual life saver. Miss Mabel McFarlane, Prince Albert, Sask., says: "In my case I can only say that I had lost my magic; all work was a trial, and even pleasure only a task. When I went up to a flight of stairs I was ready to drop from sheer weakness, and I had begun to think life would be a continued burden. But all this is now changed, thanks to Dr. Williams' Pink Pills. These were recommended to me, and after taking them for about a month I found my health renewed. I could sleep better, my appetite returned, and I was so strong and well that housework was no longer a burden to me. My sister seemed to be going the same way last summer and Dr. Williams' Pink Pills made her as well as ever. Dr. Williams' Pink Pills are now the prized medicine in our home, and doctor bills have been fewer since we discovered the virtues of this great medicine."

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

ORDMAN WINS CHAMPIONSHIP. Minneapolis, Oct. 25.—Henry Ordman defeated Kid Cutler at the Auditorium last night, the deadly toe hold winning for the Minneapolis man after Cutler had gained the first fall in 40 minutes and 50 seconds.

Cutler's right knee was broken in two places by the bone-smashing toe grip in the second fall, and several doctors pronounced him unable to jump to go any farther. Because of the broken knee Ordman's victory was not so clean cut as many of his friends had hoped for.

When it was known that Cutler could not reappear, Referee Frank Ritchie declared the match and the American championship forfeited to Ordman.

CANDIDATE SOUNDS CAMPAIGN KEYNOTE

Great Fortunes Are Not Made Honestly and Monopolies Must Be Either Destroyed or Controlled in Interests of People.

Milwaukee, Wis., Oct. 24.—Francis McEvoy, Republican candidate for Governor of Wisconsin, sounded the keynote of the present campaign tonight. He declared the existence of monopolies, quoting an eminent English economist who has said: "Industries in America no longer belong to the industrialist, but to the financier."

He charged that great fortunes were not acquired honestly and said that monopolies must be either destroyed or controlled in the interest of people by the people.

He urged a general tariff reduction, but not free trade, and said that the present tariff duties are too high. He advised the establishment of a national and impartial tariff commission, with power to revise the several schedules in harmony with economic principles.

JACK JOHNSON WAS NO MATCH FOR OLDFIELD

Only Two Hiccs Were Needed to Settle the Question of Superiority as a Race Horse Driver—Negro a Poor Second.

New York, Oct. 25.—The ambition of Jack Johnson to annex other honors as a racing automobile driver, received a slight here this afternoon at the hands of Barney Oldfield. Johnson showed to poor advantage in his new role and Oldfield toyed with the big fighter.

Only two heats were needed to settle the question of superiority. In the first heat Oldfield ran away from Johnson. He was quicker to get away and Johnson's car never showed ahead.

At the finish Oldfield led by a quarter of a mile. His time for five miles was four minutes, forty-four seconds.

THE RING.

BAT NELSON HAS "COME BACK." Chicago, Oct. 25.—Batting Nelson has apparently "come back," and from now on he will have plenty of opportunity to show his real worth. The way he went after Dale at Kansas City the other night made a few of the skeptics sit up and take notice. In fact, the showing of his once durable Dane was nothing short of a surprise.

The only thing to be regretted is the fact that Dale broke his arm in the second round, which caused the ending of the affair in the next session. This handicap no doubt made Nelson's task easier and better than he really was. He was battling a man practically helpless, and in addition he was fighting a man who had considered a fit opponent for a prospective or past champion. It showed, however, that someone the batter carried his old knockout wallop.

He didn't succeed in putting the sleeping lion over Dale during that short period, but as far as things progressed when the second round up the sponge it appeared that Dale would have eventually been dropped by the time he had been knocked out.

With Dale out of the way in a decisive fashion we may now look to see Nelson pursue his course in a most industrious manner. It is funny that he has kept quiet so long after the fight, but unless an awful upset occurs he will be on the job, like the old press agent, at an early hour. So far he has never failed, and at last reports he hadn't changed his old habits.

Of course, his one aim is to launch himself on the job, like the old press agent, and land a match with him. In this he will be successful if he waits long enough. Meanwhile he may keep himself busy coping off the coin with second-raters, and there is good reason to believe that he will take the trick up in a fitting manner.
