Nothing But the Truth—Without
Fear or Favour.

TO-NIGHT'S THE NIGHT.

Not since the inception of the League has there been as much interest displayed as is centered to-night in the big clash between the Red Lions and Cubs for the first lap of the League race. Even Old Sol is smiling. Evidently because he knows that to-night is going to produce some good red hot tobacco ball. Just lamp the line-up and draw your own conclusions:—

WAGERS REDUCED.
WINNIPEG, Man., July 18.—The Railway Brotherhood on the western lines of Canadian National railways were officially notified this morning by A. E. Warren, General Manager of the western lines, that a wage cut of 12 per cent. is being effective Saturday last, July 16. Some thousand employees are affected.

A VIRTUAL DEADLOCK.
LONDON, July 18.—The Irish situation, it was declared, responsible quarters to-night, has developed into virtually a deadlock between Lloyd George and Sir James Craig. Usher Premier, and that the latter has been given an opportunity to go to Belfast to see if anything can be done in the circumstances. Sinn Féin leaders have submitted their minimum demands, which have been relayed to the Usher Premier for consideration, it is stated, and it is in connection with such consideration by Usher that Sir James and Lloyd George are expected to meet, as was announced this evening, returning to Belfast to-night.

ENORMOUS LOSSES.
WASHINGTON, July 18.—Operations of United States Shipping Board's fleet for the fiscal year just ended, resulted in a loss of approximately two hundred and eighty million dollars, Chairman Lasker of the Board announced to-day.

EDGAR BOWRING AT HALIFAX.
HALIFAX, July 18.—The Fordney Tariff Bill will pass Congress very much as it is, according to Sir Edgar Bowring, High Commissioner for Newfoundland in London, England, who was in Halifax to-night on his way back to St. John's, Nfld., from Washington, where he has been on a mission for the Government in connection with this Bill. Sir Edgar said he could not say that anything definite had been accomplished in Washington. The American Government could not promise anything at the moment, but when the Bill came before the Senate, and committees of both houses were discussing it, further evidence might be taken as regards Newfoundland trade, which would be vitally affected by the passage of the Bill in its present form. The Bill, Sir Edgar said, would prevent almost all exports of Newfoundland from entering the United States. As to the chances of further development of trade between Canada and the ancient colony, the High Commissioner said that about two-thirds of Newfoundland requirements were obtained from the United States, and if Canadian exporters wanted Newfoundland trade they would have to be prepared to meet American competition in prices and quality. Newfoundland's trade, Sir Edgar said, had suffered severely from the tremendous slump in fish.

WILL INVESTIGATE FIRST.
BERLIN, July 18.—The German Government will investigate the charges of General Leredu, French head of the Inter-Allied Commission in Upper Silesia, that German protective organizations in Upper Silesia are functioning, constituting a danger to Allied authority, before replying to them, it was officially declared here today.

BATTLE WITH CONVICTS.
PITTSBURG, July 18.—Prisoners in the Western penitentiary here to-day broke all bounds of discipline, fired four buildings, and for a time kept the institution in an uproar, while prison guards, Deputy Sheriffs and policemen, reinforced by armed citizens, battled to put down disorders. Six convicts were shot and two others cut in the battle. The prison officials said that three or four of the wounded would likely die.

RESTRICTIONS REMOVED.
DUBLIN, July 18.—Commandant Barry, Chief Republican Liaison Officer in martial law area, announced to-night that General Sir Neville MacCreedy, military commander in Ireland, had agreed to remove all restriction on fairs and markets, and would permit closed croqueries to reopen. Commandant Barry said that, therefore, he desired all citizens to assist in the work of removal of road obstacles, filling in trenches, and repairs of bridges to such an extent as is urgently required.

Isinglass.
Isinglass is made from the air bladder of certain species of fish. The best quality comes from the Russian sturgeon, but the substance is yielded also by the cod, hake and other fish. In the preparation of isinglass the air bladder is torn from the fish and washed in cold water. Then the black outer skin is removed; the rest is washed and spread on a board to dry, the shiner, inner membrane being turned outward. Best results are obtained when the drying takes place in the sun. When dry, the bladder is moistened in warm water, and the inner skin removed by rubbing and beating. It is then passed between iron rollers, which induce it to a thin, partly transparent ribbon having somewhat the appearance of watered silk. The sheets used in the panels of stove doors, and incorrectly known as isinglass, are made from mica.

Medals for Football Fives and the Silver Cup for Baseball at the Killarney Garden Party are on exhibition at McNamara's Jewellery Store.—July 18.

VERS LIBRE OF BASEBALL.

The shortstop stops not short. He dashes in. The fielder fails, the mad-hit ball impinges on his chin. Amid the dust the runner slides. Above him hovering the umpire bides. Faced like a cat-fish. Or perchance a trout. Cries with raucous voice "You're out."

A youthful athlete, ah, the handsome boy. Closely involved in the mad, maddest scene. Upon the verdant green. Snaps up with undulating hands the ball. White the wild multitude. In accents crude, rude. And unsubdued. Cries much of things osteopathic. And of the rich glossy ivory they seek. Where the long narwhal shakes his head. Or, in the tropic dusk. The jungle moon is radiant on the tusk. Of the huge elephant. Ah, me! Oh, thou! Yes, thee! With crash and dinful sound the game proceeds. And, by some snail pool, the shining reeds. Know not of praise or blame. Nor that there is a game. Of ball. At ball!

Kaiser Very Unpopular.

Down.—(Canadian Press).—The former German Emperor is ignoring the repeated demands for payment of his municipal taxes, on the plea that his stay here is involuntary, to which the municipality retorts that it has not the slightest objection to his departure. The former ruler is daily becoming more unpopular; he cannot show himself in the roads without being booed and jeered at, whereas a few months ago he was regarded with pity and indifference.

NOTE OF THANKS.—Mr. and Mrs. John Whalen and family wish to thank Mrs. Rendell and Macpherson, Sisters Oakley and Moore, Nurses Russell and Murphy; also Rev. Dr. Carter, Mrs. Lunstrom, Mrs. Piercey and family, Mrs. E. Russell, Mrs. W. Russell, Misses Madge and Tristie Russell, Mrs. Holland, Miss M. Crimp, Mr. and Mrs. J. Adams, Mrs. C. Adams and family, Mrs. W. Squires and family, Misses B. Roche and A. Roche, Mr. and Mrs. D. Ralph, Mr. and Mrs. S. Griffen, Mr. and Mrs. A. Ebbary, Mr. R. Hanabury, Mr. G. Kennedy, Mrs. J. Household Notes.

When peach puddings are made with canned peaches, serve the peach syrup as sauce.

When making cucumber and tomato salad, cut cucumbers in long, lengthwise strips.

Sprinkle strawberry parfait with shredded coconut and garnish with one or two whole berries.

Stuffed heart should be served with small boiled onions, boiled potatoes and tomato sauce.

Sponge cake is excellent flavored with ½ cupful of orange juice and the grated rind of an orange.

Canned pears are excellent sprinkled with grated cheese and served on lettuce with mayonnaise.

Spread a few leaves of mint under the upper crust of a lamb or mutton pie. These give it a delicious flavor.

Calves' hearts may be stuffed with bread crumbs and sprinkled with hot buttered crumbs and salt and pepper.

Spice buns are good. To plain bread dough add brown sugar, spices, butter and grated orange and lemon rind.

Bread for fancy shaped sandwiches should be sliced across the long way. This gives more surface to work upon.

When making mustard vinegar, use black mustard seed; boil in vinegar until it is strong as desired; then strain and bottle.

If serving ice cream from a box, with a knife cut down sides and bottom of box. Then slice cream and serve as from a mold.

When making mayonnaise for fish, use two tablepoons lemon juice, half cup mayonnaise and one teaspoon prepared mustard.

If going on a long automobile trip, prepare dinner and put in a one-compartment fireless cooker. It will be fully cooked when you reach your destination.

It's not what a collar costs you, but how long it wears determines its value. For long life at the price this is AMERICA'S BEST COLLAR.
