## The Attitude of the Strike Leaders

However strong may be the general feeling towards the workers in the Humber area, it is certain that the threatening tone of the messages received from the leader, Alf Prince, will not tend to win to their side the support of the public. Further, we are convinced that the messages do not represent the sentiments of the greater number of the Newfoundlanders employed there.

The reports which have been received make it evident that the workmen have grievances which demand a thorough investigation without loss of time, and in a reference to their complaints which we made a fortnight ago, we strongly urged that such a course was imperative in the interests of the country, the men and the corporation.

Provided the grievances voiced by the employees are genuine, and as long as the methods which they take to remedy them are not suggestive of lawlessness and violence, they are certain of the sympathy and support of the community, which is essential to the success of their demands, but the attitude adopted by this leader introduces a new element into the dispute, which not only thrusts the real issue into the background, but places the ring-leaders outside the pale of the law.

The people of Newfoundland are law abiding by inclination, and they are not likely to countenance such an attitude or tolerate the introduction of the "red" methods which have been altogether too much in evidence further west. When Alf Prince or anyone else threatens to hold up public utilities, destroy the forests or damage property, in all of which the whole country is interested, he is courting trouble and alienating from his side those whose support he most urgently needs. It is a tactical blunder which shows him unequal to the position and responsibilities of a leader.

It is said that certain individuals who recently arrived in the country from the United States have paid frequent visits to our industrial centres and their actions have given rise to the impression that their room would be preferable to their company. A suggestion to that effect by the authorities might have the desired result.

The Prime Minister's message indicates a genuine desire to see justice done to all concerned, and we trust that the men will not allow their own good judgement to be influenced by the rash advice of self constituted demagogues.

## A Naval Concert To-Night

The public has a treat in store in the concert which will take place to-night and to-morrow night in the Grenfell Hall, when the concert party of H.M.S. Calcutta will give an entertainment. The show, which is under the patronage of H. E. the Governor and the C-in-C, Vice-Admiral Ferguson, is for the benefit of three very deserving objects: the Permanent Marine Disaster Fund, the Seamen's Institute and the 1st Nfld. Sea Scouts. As it is some time since we were treated to a show of this nature from the ships on the station, we speak for Lieut. Swinley and his troupe a large house.

## Coaker Threatens to Interfere!

### Another Element Introduced.

The following message has been received by the Prime Minister from Mr. J. M. Alexander of the Armstrong-Whitworth Co., this morning:

August 1, 1924.  
Corner Brook.

Hon. W. S. Monroe,  
Prime Minister, St. John's.  
We have received telegram Coaker saying he is in close touch with strike committee here and that if we refuse consider raise in wages he will come here and advise men to organize stop. Unless I hear from you during the day I intend going to St. John's this evening to discuss the situation with you.

J. M. ALEXANDER.  
The reply of the Prime Minister reads as follows:

August 1, 1924.  
J. M. Alexander,  
Corner Brook.

If you are still determined that no compromise with respect to wages can be considered I see

no object in your coming to St. John's at present. Am publishing your message.

W. S. MONROE.

In all conscience, the situation is sufficiently serious without introducing the political element into the dispute. On all sides it has been urged that an impartial enquiry should be held and that justice should be done to the employees if it was shown their grievances were genuine. The interference of W. F. Coaker, the man, who from an arm chair, conducted the affairs of the defeated party in the last election, is inimical to a fair settlement and highly prejudicial to the country's interests, however sincere his intentions may be.

Following the threatening message received from the strike leader yesterday, the statement that Coaker is in close touch with the strike committee gives the whole affair an entirely different colour.

## Humber Strike Situation

WARSHIP PROCEEDING TO CORNER BROOK.

According to messages received to-day everything is quiet in the strike area at Corner Brook and no disorder has occurred. Messages received yesterday by the Prime Minister from the Chairman of the Strike Committee were of a threatening nature. A morning telegram was as follows:

CORNER BROOK, July 31.  
W. S. MONROE.

Want you at once. Three thousand men will be held free at Government or Company expense. If train comes, and you not there will be sent back and demand for 1000 expressed will not cross island till you come.

ALF. PRINCE,  
Committee.

In reply the Prime Minister sent the following message:  
ST. JOHN'S, July 31.  
Alfred Prince, Committee,  
Corner Brook.

In best interest of all concerned I suggest call off strike for present, giving Government time to close the House and investigate the whole situation Corner Brook. Personally desirous giving every assistance possible.

W. S. MONROE.

Last night this message was received:  
CORNER BROOK, July 31.  
To W. S. Monroe, St. John's.  
Prime Minister, St. John's.  
"Four thousand men demand your presence at Corner Brook at once. If not plant and forest will be laid in ruins. Every man demands free meals after to-morrow at Government or Company's expense."

Enquiry at the Justice Department this morning in connection with the last message elicited the response from the Attorney General that arrangements had been made for the protection of property and the prevention of disorders and at the request of the Company a warship was proceeding to the scene. A message received by the Minister of Justice at noon today from Head Constable Peet, states that order prevailed. It is understood that the warship is proceeding from Prince Edward's Island and is probably the Westeria.

Mr. H. Russell, Railway Manager received a message to-day stating that there was no change in the strike situation.

## Rosalind's Outward Passengers

S.S. Rosalind sails for Halifax and New York to-morrow, taking the following passengers:—J. W. Brown, A. E. Ryan, Mr. Frayser, N. T. Musgrave, C. Holand, T. J. and Mrs. Orchard, Mrs. J. F. Squires, J. De Champlain, W. A. Tucker, Miss Phillips, Miss Hopkins, Miss E. Johnston, J. E. Harper, C. C. Groves, A. S. Stet, J. J. O'Reilly, J. R. Fides, R. Brown, Miss D. Owen, S. Richberry, E. J. and Mrs. Goldwell, D. and Mrs. Stairs and 2 children, Miss E. Symonds, E. Deschane, W. H. Evans, J. B. Orr, Miss L. Bennett, Miss M. Bennett, Rev. J. C. and Mrs. Lewis.

## Straits Fishery

The following message has been received from Mr. J. Thomas, Baltimore: "Very little fish taken here during the last two days. The weather is very bad and the prospects for big voyages are poor at present."

## Shipping.

S.S. Nico, 2 days from from North Sydney, has arrived in port with a cargo coal.  
S. S. Hangerland sailed from Bell Island yesterday for Rotterdam, taking 10,500 tons iron ore.  
S.S. Digby is expected to sail from Halifax for this port on Monday evening.

## A Further Denial

OF THE CONDITIONS IN WHITE BAY.

Editor Evening Telegram

Dear Sir.—I have just returned from Hampden and was very much surprised to learn that there had been a serious typhoid epidemic reported there. Up to the date of my departure, July 30th, no such condition existed, in fact, there was less serious sickness there than since the beginning of operations by the Company. There were two deaths there during my stay of five weeks, and those who had been sick received the most careful attention.

Two weeks ago a party of nurses and a medical student examined the children and I believe found nothing more serious than tonsils and bad teeth, and found a very few children under weight.

The water is pure as can be as it is carried by a wooden shoot from a brook outside the settlement. The management has taken every precaution to keep the place healthy and has instituted a sanitary organization.

Yours faithfully,  
DANIEL I. MEANEY.

St. John's, Aug. 1st, 1924.

## Dinner at Bally Haly

The Hon. Prime Minister, W. S. Monroe gave a dinner in honor of Sir Alex. Gibb at Bally Haly last night. Present were: His Honor Mayor Cook, Mr. Bailey (Sir Alexander's partner), W. R. Warren, K.C., R. G. Reid, S. J. Foot, K.C., A. E. Hickman, Hon. J. J. Long, Sir John Crosbie, R. B. John, Hon. F. Storr, Hon. R. Cramm, H. D. Reid, L. C. Outebridge, J. A. Paddon, Hon. J. J. Higgins, K.C., Hon. A. B. Morine, K.C., Hon. M. S. Sullivan, Hon. J. R. Bennett, Sir Edgar Bowring.

## Southern Labrador Fishery a Failure

The following message has been received by the Secretary of the Board of Trade in reference to the Labrador Fishery after making careful inquiries in the harbors re fish situation. I find there is not one steamer cargo caught from Indian to Battle Harbor. If no improvement does not take place shortly I fear the whole fishery on the Southern Labrador will be a complete failure.

## TO-DAY'S MESSAGES.

DEADLOCK BROKEN.

LONDON, Aug. 1.  
The deadlock in the Inter-Allied Conference was broken to-day by the proposals of M. Herriot, the French Premier, submitted yesterday to the Allied Plenipotentiaries. The Experts took the proposals in hand this morning and remained with their task this afternoon and to-night with such gratifying results that officials who are close to the Conference Table believe that an invitation for German representatives to come to London will be despatched to-morrow. After discussing with the delegates the methods which have been agreed upon for launching the Dawes plan, the Germans, if they give their assent, will make final arrangements with the Reparation Commission for putting the new reparations project into effect. The Commission decided to-day to sit officially in London for that purpose. The French plan was not entirely acceptable in the form in which it was laid on the table, but the objections to the first proposal were overcome sooner than had been anticipated and after two hours' discussion the Experts announced that the obstacle as to how a German default might be handled under the Dawes plan had been removed. This question has been blocking the progress of the conference for nearly a fortnight.

TORONTO, Aug. 1.  
The condition of Sir Edmund Osler, who this morning was reported to be very low, was unchanged to-night.

## PEPYS BEHIND THE SCENES.

July 31st.—Some small shower in the morning, but soon clearing, the weather very warm again. Very little news in the morning, so after lunch, I to the House, where the Gander proposition is introduced and adjourned for the consideration of the Opposition. But a thing to note is no guarantee asked from the Government, and the project like to be as big as the Humber almost. The rest of the afternoon taken up with a discussion raised by Mr. Halfyard, he might not about certain matters, and did draw forth severe criticism for his behaviour. Strange messages from the strike leader at Corner Brook, being a fellow named Prince, and by the tenor of his message, the worst kind of agitator, since he does even threaten the destruction of property should the Government not feed the strikers. This a demand which methinks neither the Government nor the Company can meet since in the past 6 years too many precedents have been established. All the night evening up my accounts for the month and find myself in much better condition than ever before, for which God be praised.

## Magistrate's Court

A 23-year-old domestic charged with being a loose and disorderly person was sent down for thirty days.  
The postponed case of the two young men charged with bathing in the swimming pool at Bowring Park without proper bathing attire, was heard this morning. They were both convicted and each fined \$5 with the option of 14 days.  
The defendant in an assault case was fined \$5 and costs.  
An abusive language case was withdrawn.

COPPER IN GOOD DEMAND.  
Buyers Break Away From Their In difference and Paying 1 1/2% at 10 cents for Supplies.

(Boston News Bureau, July 28th.)  
BOSTON.—Copper continues in active demand for both domestic and export account at 12 1/2 cents. Consumers have put out additional inquiries and further inquiries come from foreign buyers. Recent sales were on a substantial scale for European shipment, and 1 1/2 cents alongside ship at New York was paid. A broader demand is developing daily lately. Sellers are finding buyers more ready to operate since the market has begun to harden. Some holders are inclined to shut down on further sales below 13 cents. Exports of copper from New York during the first three weeks of this month amounted to 35,883,200 pounds.

## Local Film at Star Movie

Following the regular show at the Star Movie Theatre last night, a local film was screened showing many events of interest which took place during Earl Haig Week. One reel and a half of film was gone through which lasted for upwards of forty minutes. The picture was filmed by Mr. McNeill of the Maritime Motion Picture Company and proved very enjoyable to those who had the pleasure of witnessing it. This picture will be shown at the Star Movie all next week in connection with the regular programme.

## Stowaways From Germany

One of the ore ships which arrived at Bell Island this week had five stowaways on board. Before the ship sailed to the pier, two of the men jumped overboard and swam ashore. They were later arrested. Three others escaped to the woods. Yesterday one was captured on the island. His companions, however, could not be found. This morning one of the men was located in the city and placed under arrest.

## To Patrons of The NICKEL THEATRE

DEAR FRIENDS:—

We take pleasure in announcing that on Monday we offer for your entertainment the great photoplay "The Green Goddess" featuring the world-famous character artist George Arliss.

The story that held New York enthralled for two years the fascinating episode of the English beauty trapped in the palace of the Rajah of Rukh, the Orient's greatest lover, has been told dramatically against one of the most lavish and expensive backgrounds ever created for a motion picture.

The work of the eminent cast of players headed by the great actor George Arliss is in keeping with the magnitude of the production. Alice Joyce, one of the most beloved of all-screen stars, returns to the silent drama more radiant and charming than ever. Since her marriage to a New York millionaire she has become an internationally famous figure.

To Sidney Olcott, director of "The Green Goddess" goes the applause of every man associated with motion pictures. He has built a magnificent spectacle that will surpass by far the fame and profits of the stage success.

Yours very truly,  
THE NICKEL MANAGEMENT.
