A BICYCLIST BEHEADED.

Prof. Euvrard Run Over by a Railway Train in Massachusetts.

Detroit, Aug. 22 .- Prof. Eugene J. Euvrard, a teacher of languages in the Detroit Seminary, was run over and beheaded by a train yesterday while riding a bicycle on the railroad tracks between Blackinton and Williamstown, Mass.

The deceased came to Detroit four ears ago, and taught in the Albrecht Grebus school, at Fort and Wayne streets, for a time. Then he went to the Detroit Seminary. He was spend-ing his vacation in the east, visiting relatives, when killed. The only re-lation he had in Detroit was an uncle, James J. Goux, of 1,001 Warren avenue. He was an intimate friend of the Renauds, of Renaud's Hotel, and boarded there for several years.

The Diamond Dyes that all chemical experts pronounce to be purest and best, possess more than double the dyeing strength of all other dyes. The colors are made to endure in spite of

Diamond Dye colors are brilliant and bright; imitation dyes give dull and blotched colors. Diamond Dyes are prepared scientifically; imitations dyes are prepared and mixed without regard to the user's interests; the fact is, they are made to deceive and swindle the

unsuspecting. If you would dye well, easily and successfully, you must use the "Diamond." Tell your dealer plainly that you have no use for miserable imitacion dyes.

They Say. "They say a good many things, and the tongues of silly gossips was altogether too much for the good of humanity. But, when 'they say' that you, the head of a family, carry no

life insurance, 'they say' a thing not at all to your credit. Don't give them any longer." "An Endowment Policy is the roof of the house that shelters the family. The owner may creep under himself.

The Compound Investment Policy of the North American Life is an excellent medium under which to accomplish such an object, and is admirably adapted to meet the wants of all classes of intending insurers.
