Chicago, May 23. - A determined drive at prices in the wheat pit today Bay to Toronto is just about complete" led by a prominent Chicago house smashed the quotations for the May option 4 cents to \$1 06½ a bushel. Heavy selling by foreigners through agents in this market had much to do with the big slide downward. Business, however, was chiefly in the September and other new crop futures.

The Chicago firm adopted the unusual course of bringing huge quantities of wheat here from Duluth, and settling by delivering the actual grain rather than pay differences on prices fixed by comparativeli light transactions in the

pit on 'change. The stream of wheat by water from the north continued uninterrupted to- ited to less than a score of stud matday, although somewhat delayed by an accident blocking the Neebish
