The World had a chat yesterday with Geo. Hess, M.P.P. for North Parth, and head of the shig Listowel and Toronto furniture firm of Hess Bros. He had just returned from British Columbia where his firm does a good trade. C.U. would hand that trade over to the manufacturers of California, who would see to it that the British Columbians did not build up a furniture industry of their own, as it is now possible for them to do in due course of time. Mr. Hess thinks highly of the Pacific Province.

Mr. Cox called attention to the undesired presence of Mr. J. D. The League Disbands.

A bomb exploded at the evening, session of the league by the withdrawal of Buffalo, Syracuse, Toronto, Hamilton and Rochester, One by one the representatives of these clubs handed in their resignations and they were quickly accepted. The withdrawal of the club mentioned was in pursuance of a policy to part company with the league has been anything but satisfactory.

After Messrs, Hobbs and Smith, representing London, Ont., and Elmira, N. Y., had shown be how well prepared these cities were to join the league, it was moved that the money in the hands of the treasurer be divided equally among the clubs remaining in the league. Senator Edwards of Jersey City moved in amendment that the money be applied to the guarantee fund of each club for 1888.

Mr. Campbell of Wilkesbarre said it was evident that a plan was on foot to dispose of the support of Mr. Cox in opposition to the apportionnent of the funds in the manner contemplated by the motion. Mr. Bawands denied that Mr. Day of the New York club was in any way connected with the Jersey City club. He asked if Buffalo would remain in the league if the guarantee was raised to \$1000.

Mr. Cushman reterated the intention of the Buffalos to step out.

Mr. Edwards said the eastern clubs were prepared to do everything that was fair.

Mr. Dickinson of Byracuse said he was prepared to follow Buffalos example.

Mr. Campbell asked why had he taken part in the proceedings of the meeting.

Mr. Edwards asked fresident Gilbert for his rulling upon the withdrawal of Buffalo. Was it made in due form?

The President replied that the matter might have to be decided by the courts.

A recess of ten minutes was then taken to enable members to discuss the situation. Upon reassembling Mr. Cushman again announced Buffalos withdrawal, and it was promptly seconds.

Mr. Cox said the interests of the Toronto club demanded that club's withdrawal also. He had to act with Rochester, Buffalo, Syracuse and Hamilton, as their interests were identical.

Mr. Edwards, in moving that it be accepted, said he did so with regret. The Toronto respected fairly and justly.

Mr. Campbell seconded the motion also with regret. The Toronto respect fairly and justly.

Mr. Campbell seconded the motion also with regret. The Toronto respect for motion and principle, and he recognized that the step taken was necessary. Others, though, were not actuated by the same motives. They were after the "aimighty dollar." With them it was "principles be damned." An injustice was being done the eastern clubs, but they would survive it, and the discontented element will regret is action. Wilkesbeare was prepared to sink \$10,000 next season if necessary to secure a good club.

Toronto's resignation was then accepted, and Hamilton's tendered by Mr. Dixon also.

President Gilbert followed by tendering his resignation, but it was not accepted.

It was given out afterwards that Mr. J. W. Collins of Newark had been elected President and A. W. The league is to meet at the President's call.

President Collins told The World that the league claimed as its property the trophy presented by Spalding Brothers, and now held by the Torontos, and expected to secure its possession.

At the close of the afternoon session of the International League yesterday, Mr. F. N. White presented to President Cox of the Torontos, the elegant Spalding trophy. The trophy cost \$335, and it cost \$67 to get it through the Custom House. The withdrawal of the Torontos from the "International" will not interfere with their retention of it; although a demand will be made for its return to that organization.
