W. Local Improvement Bylaw

Wednesday, April 18th, 1888.

SECTION 612.

1. Deepening any stream, etc., and draining any locality;
2. Making, enlarging, or prolonging any com-

tc.;
5. Reconstructing any of the above works (as listinguished from mere repairs).

SECTION 629.

6. Street sweeping;
7. Street watering;
8. Street lighting;
9. Cutting grass and weeds on any street;
10. Trimming trees and shrubbery thereon;
11. Otherwise cleaning the street.
The amendment now proposed is not to do away with the "Local Improvement System," but simply to limit its operation to the improvements and services mentioned in Section 512.

but simply to limit its operation to the improvements and services mentioned in Section 12.

The result of adopting the Bylaw to be submitted on the 18th instant is, (speaking broadly) that while the expense of opening, extending, constructing and reconstructing sewers, sidewalks and streets, including curbing, sodding and planting, continues to be payable by special local assessment upon the property specially benefited thereby, such services as street cleaning, street sweeping, street watering, street lighting, cutting grass and weeds and trimming trees and shrubbery, will henceforth be paid out of the general rates. The expenses of maintenance and repairs of streets, sidewalks and sewers, and also the expenses of the City Scivenger Department, will continue to be, as they have always been, payable out of the general rates, and not by special local assessment.

ment.

I have the honor to be,
Your obedient servant,
(Sigd.)

Those who are in favor of limiting the application of the local improvement principle, as above proposed, will therefore VOTE FOR THE BYLAW; those who are opposed will VOTE AGAINST THE BYLAW.
