

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

FIVE ACTIONS FOR
NON-JURY COURT

J. M. Chivas Suing F. J. Nash
Over Promissory Note.

LATTER COUNTERCLAIMS

Claims Misrepresentation In Sale
of Automobile.

Five actions are set down for the
April sittings of the county
court, which opens before Judge Talbot
Macbeth at the courthouse on Tuesday
next.

John M. Chivas, of this city, is bringing
action against Frederick J. Nash, also
of this city, for damages for \$202.50 paid
for, and at the request of the defendant,
and interest thereon since March 13,
1920. The plaintiff claims that early in
January last year, at the request of
Mr. Nash, he made and delivered to
him a promissory note at two months
for the sum of \$202.50, for which, he
claims, he received no consideration.
He alleges that the defendant agreed to
pay the note when due and save the
plaintiff harmless, but that the defendant
indorsed and negotiated the note at a
local bank and that the defendant
was obliged to pay it when it fell due,
on March 13.

The defendant's version of the transac-
tion is an entirely different one. He
declares that there was a verbal agree-
ment between himself and Mr. Chivas by
which the plaintiff was to finance and
the defendant negotiate the purchase of
18 lots on Trafalgar street, in the
nexus district. The defendant was to
sell the property and the profits divided
equally between the two parties.
According to the plaintiff, the defendant
disposed of at \$400 per lot. Later the
defendant made arrangements for another
sale of 12 lots, but he was informed by
the plaintiff that he had decided to re-
tain the remainder of the property, and
according to Mr. Nash, paid him \$500 on
account of the original sale and agreed to
pay him \$750 for his interest in the
property. Mr. Nash alleges that the
note sued for by Mr. Chivas was part
payment of this \$750, and he counter-
claims for the remaining \$250, which
he says is due him. J. M. Chivas is
acting for the plaintiff and Jarvis &
Vinick for the defendant.

William J. Gray is suing R. W. Seed
for rescission of a contract between the
two parties for the purchase of an au-
tomobile on grounds of wilful misrep-
resentation of the qualities and condi-
tion of the car and breach of warranty.
He also asks the return of \$425 pur-
chase price paid by him to the defendant.
According to the plaintiff, the defendant
indorsed an agreement to purchase a
small car which the defendant had and
states that the latter agreed to put it
in first-class running order. After driv-
ing it only several days he claims that
it was not in satisfactory condition and
was returned to the defendant. He
claims that he has repeatedly asked the
defendant to either fix the car or refund
the purchase money and he refuses to
do either. He asks damages for breach
of warranty.

The defendant says that the car was
in first-class running order when it was
sold to Mr. Gray, but that he brought
it back and said that he could not crank
it and that he could not learn to drive
that type of car. He brought it back
shortly after the 1st of November last
year to have some adjustments made
in the ignition, that these were made,
but that he has never taken the car out
of the defendant's custody since that
time. R. W. Seed is acting for the
plaintiff, and McKillop & Douglas for
the defendant.

LOCAL ARTISTS APPEAR
IN PLEASING PROGRAM

Successful Concert Given Under
Auspices of Riverview Club

Under the auspices of the Riverview
Mothers' Club, a successful concert was
put on last night at the Masonic
Temple, where the local talent displayed
was of a fine order, and where a good
audience enjoyed the program, intro-
duced by Mr. Thomas Rowe, chairman.

As the proceeds from the concert are
to go to the children's hospital and
other worthy causes, the event carried
an extra interest, and much credit is
due the club president, Mrs. George
Young, and Mrs. Thomas Porter,
directress, for the successful event.

The program began with a lovely
Easter tableau, "The Pilgrim's Vision,"
with Mrs. Porter in the leading role,
surrounded by a pretty group of girls
carrying emblems. The Misses Evelyn
Hislop, Christie Sadler, Margaret
Graham, Eliza Reynolds, Beatrice
Cooke, Catherine McKay and Edna Mc-
Kinley took part.

The musical numbers included deligh-
tful solos sung by Mr. Walter Chal-
craft, tenor; humorous songs by Jack
Brighton, and solos by Miss J. Camp-
bell, Miss McElroy and Mr. Hector
Harris. Violin selections were con-
tributed by Messrs. Jack Ballantyne
and Brighton, and the popular
numbers, presented by the Brunel
Trio, included a bright rendering of
"The Bonnie, Bonnie Heather."

A clever little motion song was "No
Sir," prettily rendered by Helen Barnard
and Jean Sutherland, and the vocal se-
lections by the Sunset Quartet were
delightful.

CHILDREN TAKE PART.
There were some attractive dances,
many of them staged by the school
pupils, and displaying great skill and
charm. "Novelty Clogs," danced by
Kenneth Dunlevy, and several dances
by Marion Stark were followed by the
"Lone Reel," charmingly danced by
Gladys Tullitt, Marion Stark and Ken-
neth Dunlevy. Miss Stark and Miss
Dunlevy, who are versatile young
artists, also contributed the ever-popu-
lar "Lancers."

Other attractive numbers were the
readings by Miss Kathleen Stein, and
the "Blue-bird" song by a group of
girls, and a beautiful bluebird emblem
blazoned on their frocks. Mother Goose
rhymes, set to the melody of "The Belle
of St. Mary's," and sung with appropri-
ate gestures by 15 little maidens in the
quaintest of costumes was one of the
prettiest numbers, and for a finale, a
clever patriotic tableau was arranged.

With Mr. Donald Atchison taking the
role of John Bull, Helen Barnard was
"Canada," and Billy Young and Bus-
ter Cotton a soldier and sailor, re-
spectively, while Ben Atchison took
the part of Britannia in an acceptable
manner. As a climax, while the entire
throng of children filled the stage,
shouting "Canada" at the top of their
lungs, the flag was unfurled with the
tableau of "What we have hold" was
complete.

The concert as a whole proved one of
the brightest events of the club season.

WHY WORK HARD WHEN
FATHER WILL PROVIDE

Orville Restrick Had Good Job Living
on Parent—Now Living in Jail.

Orville Restrick, living at 260 Talbot
street, met a girl on the street last
night, and a friend, did not know
her name, took her home and then went
down on the premises of the
Marshall Fur Company. He was ap-
prehended and taken to the police station
before he could get away. He was re-
mained for a week on a charge of vagrancy.

"What are you working at?" Restrick
was asked.

"Nothing. I've had no work for seven
or eight months. Previous to that I
worked about four months and before
that had a job, but the money was not
sufficient, so I quit. I thought I could
better myself."

"Who buys food for you?"
"My father," said Restrick, and then
Magistrate Graydon wanted to know
why the prisoner was sponging on his
father and what business he had being
out with a girl when he was not work-
ing.

Arthur Fisher passed a street car on
the left-hand side with a motor car and
was fined \$5 and costs. Mr. Fisher pro-
duced an apology, showing that he had
thought he should be shown some con-
sideration because he had never done
such a thing before. In answer to ques-
tions the man said he was a student
but did not know the rule about the
street cars. He was told he should not
own a motor car if that were the case.
"Make the fine and go to bed," said
\$5 and costs," said the magistrate, and
then the argument ended.

Two drunks were each fined \$10 and
costs or 10 days. One of them was a
woman.

OUT AGAIN, IN AGAIN,
CLAUSES OF BY-LAW

Board of Health and Council Committee
Try Hand at Framing Res-
taurant Ordinance.

"He who laughs last laughs best" is
well demonstrated in the discussion of
the members of No. 1 committee of the
action of the Board of Health in elimi-
nating a superfluous clause in the res-
taurant by-law. It appears that the
board in revising the by-law found two
clauses which referred to the necessity
for sterilizing the dishes. Naturally one
of these was cut out. But No. 1 com-
mittee last night replaced it and made
some rather caustic comment on the
action of the board. The committee had
not read the by-law closely, and thus it
was not noticed that there were two
clauses in the document relating to the
same thing.

"The members of the committee can
not throw stones at us after this," com-
mented Chairman Cunningham, of the
board. "The aldermen surely should
have given us credit for having some
regard for the health of the city. To
eliminate the clause which calls for the
complete sterilization of all dishes would
be foolish. That is the vital point in
the regulations."

Careless Shampooing
Spoils the Hair.

If you want to keep your hair look-
ing its best, be careful what you wash
it with. Don't use cheap shampoos
or anything else that contains much
alkali. This dries the scalp, makes the
hair brittle, and ruins it.

The best thing for steady use is just
ordinary mulsified coconut oil (which
is pure and greaseless), and is better
than anything else you can use.

PURSE SNATCHER
GOES TO PRISON

J. L. Williamson Given Three
Months To Two Years.

GRABBED MONEY AND RAN

Daylight Robbery of Miss Annie
Murray.

J. L. Williamson brazenly admitted to
Magistrate Graydon in police court
to-day that he snatched a purse con-
taining \$315 from Miss Annie Murray,
daughter of Dr. A. J. Murray 866 Well-
ington street, yesterday afternoon about
5.30 o'clock. He was sentenced to from
three months to two years less one day
in the Ontario reformatory.

Crown Attorney J. B. McKillop, cited
the facts of the case. Miss Murray
was returning home after being up town.
She got off a street car at the corner
of Wellington and Oxford streets and
proceeded north. Near the corner of
Grosvener and Wellington she saw Wil-
liamson beside a post. Later she
heard a man come up behind her, turn
and snatch the purse and then run.

About half a block away Williamson
dropped the purse after taking out the
money. Detective Sergeant Egleton and
Detectives Down and Bolton began
search and 15 minutes later the affair
Williamson was under arrest.

Mr. McKillop described the case as
being most flagrant, and pointed out
that the maximum term for such an of-
fence was 14 years.

"What have you got to say about
this?" Mr. Graydon asked the prisoner.
"Nothing at all" was the reply.

"You're rather proud of it," said the
magistrate.

Williamson, who is a big raw-boned,
husky fellow, quite complacently told
the court that he could not remember
how many times he had been in police
court. Before the man was arrested
he had spent 15 cents of the money in
the purse. The \$3 was recovered on his
person.

PUBLICITY BUILT
BIG BUSINESS

Studebaker Corporation Is Ex-
ample of Advertising.

DEALERS HOLD BANQUET

Optimistic View of Business For
Future.

Sixty Studebaker dealers had dinner
last night at the Tecumseh with some
of the executives of the Studebaker
Corporation.

W. G. Palmer, general sales manager,
congratulated the dealers on their en-
thusiasm and the proof they have sent
in in bona fide orders that Western On-
tario is indeed a most prosperous sec-
tion of all Canada. Mr. Palmer pointed
out that so long as nearly every person
has a desire to own or ride in a motor
car, so long will the business be fun-
damentally sound.

N. F. Rigby, advertising manager,
pointed out to the dealers that Stude-
baker first built a good car and then
used the newspaper persistently to tell
all the people about what a good car
they were making. This successful ad-
vertising has resulted in building
up a business sufficiently large to
warrant the erection of a twenty million
dollar plant, covering 45 acres, for the
production of the light six, so exten-
sively advertised to-day in newspapers
all over North America.

Mr. Rigby urged the dealers to pro-
ject their own business out into the
open and into the favor and custom of
the people of their communities by the
simple means of newspaper advertis-
ing.

Also Strength and Perfect
Health By Taking Vinol.

ALL WORN OUT—NOW WELL

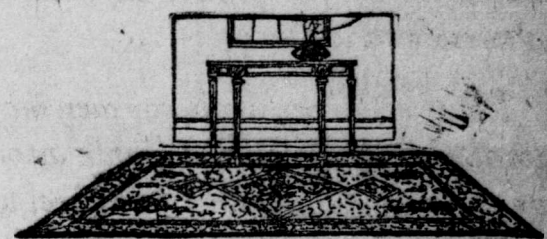

MRS. J. P. EDGERLY.

Boston, Mass.—I got into a very run-
down condition, was nervous, could not
sleep. I did not feel able to do my
housework and had no ambition. I tried
different remedies and was treated by
a physician, but did not seem to gain.
One day I was in a store in Boston and
was told about Vinol and decided to try
it. It made me gain in strength and
flesh, and I have been greatly benefited
by its use, so now I am able to do all
my work.—Mrs. J. P. Edgerly, Boston,
Mass.

The reason Vinol built Mrs. Edgerly
up after all other remedies had failed
because it contains the strength-creat-
ing and tissue-building properties of
cod liver oil (without oil), aided by the
blood-making and vitalizing elements of
iron and beef potatoes. \$1.00 a bottle,
guaranteed.—Adv.

Site and Money

Continued from Page One.

The meeting last night was surpris-
ingly well attended. The directors'
room of the Chamber of Commerce was
crowded with capacity. While prudent
forethought cautioned against the diffi-
culty that would be met with, the
meeting showed a unanimous enthusi-
asm for the project and appeared in-
spired with a determination to "put
the plan over" at all costs.

Major George Little told the central
arena council members that \$35,000 had
already been raised for the erection of
an arena, and that while this sum had
first been pledged for a building at
Tecumseh Park, he was sure that the
amount would be available for any
hockey arena building no matter where
located in the city.

He also promised, on behalf of the
owners of Tecumseh Park, that land
for an arena there would be given free
of charge. The owners of the park
would ask no special privileges in the
building beyond a community interest
in clubrooms, locker-rooms, baths and
restrooms.

He pointed out, however, that the
raising of the necessary funds for the
building would be a difficult matter
unless public enthusiasm could be
aroused. He emphasized the need of
support.

Jack Greer, of the Alerts, submitted
a tentative plan of financing. A stock
company should be formed, he stated,
which would have \$25,000 of its bonds
guaranteed by the City of London. The
arena would seat 5,000 people, and 500
seats would be sold for \$100 each. These
would carry a five-year admission free
clause. This would bring in \$100,000,
sufficient to build an arena without
an ice plant. At the end of five years
the city guaranteed bonds could be re-
tired or the surpluses of several years
invested in an artificial ice plant. Annual
net income was estimated at \$8,000.

Delegates held, however, that artifi-
cial ice would be a necessity of suc-
cessful operation. But this matter will
be decided by the ways and means
committee.

Myor Little, in reply to Dr. L. A.
Wood's question as to the fair board's
attitude, stated that plans were now
drawn by them for a stock arena that
would be suitable for hockey. It was
doubtful, though, that they would go
through with the plan owing to a prob-
able early change of site. He was as-
sured, however, that if they did build
an arena, hockey would be provided for.
He also pledged that the fair board
would have an artificial ice plant in-
stalled and give the fair board assur-
ance of renting the arena for hockey
purposes during at least four months
of the year.

CONFIDENT.
Charles Anderson, president of the
Alerts, brought the enthusiasm of the
meeting to a head by stating: "Since
\$35,000 is already assured, there is no
great obstacle to erecting the building.
I am so sure of that that I pledge \$1,000
towards the building now."

Thomas A. Terry, then moved that
an executive committee of five mem-
bers, with power to add, be appointed
by the chairman. His motion was sec-
onded by Jack Greer, and unanimously
carried.
