Just a month his connection Thomas Adams of Watford died. Since that time, an interesting chat with the engine man who guided her train to Toronto. Here she sang on October 10th. Canada's Wool, Woollen and Knit Goods Industry at the C. N. E.

1. Mrs. Cockshutt, wife of the Lt.-Gov. of Ontario, looking exceedingly smart in an "all-Canadian" costume, in which she attended the opening of the Canadian Woollen Goods exhibit at the C. N. E. The two-piece sports costume is of pearly purple trimmed with grey at the collar, cuffs and pockets, the wool being group, spun, dyed and knitted in Canada. The ensemble coat is of grey marvella, a magnificent specimen of pile cloth with a silk finish from a Canadian loom. The coat has a straight back with godet front, with a shawl collar and cuffs of grey Canadian baby lamb, lined with grey flat crepe silk produced by the silk industry of Canada. Grey shoes and stockings and a purple cloche hat, completed the "all-Canadian" costume.

2. Exhibit of Canadian Woollen Knit Goods machinery at the C.N.E.

3. His Honor the Lieutenant-Governor of Ontario opening the exhibit of Canada's Wool, Woollen and Knit Goods Industry at the C. N. E. He is seen wearing a suit of milled worsted made from wool grown on the Alberta ranch of H. R. H. The Prince of Wales. Mrs. Cockshutt is looking at the prize bred Canadian lamb presented to her by the officers of the Canadian Co-operative Wool Growers' Association.

Thousands of thousands of people obtained an entirely new idea of the wool growing and wool manufacturing possibilities in Canada at the exhibit of the Wool, Woollen and Knit Goods Industry at the Canadian National Exhibition. Also that of the 70,000,000 lbs. of wool used annually to clothe the population of our country, some 50,000,000 could be grown here instead of only 15,000,000 lbs. as at present. The small factory installed with twenty operatives showed the actual manufacture in Canada of fine
