PATENT

WIRED COMB FOUNDATION.

Is better, cheaper and not half the trouble to use that it is to wire frames. Every cell perfect. Thin, flat-bottom foundation has no fish-bone in surplus honey. Being the cleanest is usually worked the quickest of any foundation made. J. VAN DEUSEN & SONS, Sole Manufacturers, Sprout Brook, Montgomery Co., N.Y. b4 1y.

ONE CENT

is all it costs to receive a copy of the best Agricultural Monthly in Canada. Send your name on a post card to the RURAL CANADIAN, *Toronto*, when a sample will be sent free.

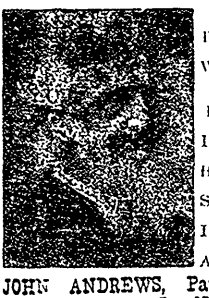
H. FITZ HART,

b 24-1y. Wewahitchka,

MENTION THIS JOURNAL West Florida.

Please Mister Journal,
Canada's Journal.



Tell them the story I give.
When passed chilly winter, and season is vernal
If bees and your servant shall live;
I will take up the breeding of Carnis again;
But at Caughns will the Itals be bred.
So please now remember, all be keepingmen.
If you choose send your orders ahead.
And ask for Price List

JOHN ANDREWS, Patten's Mills. Wash. Co., N.Y.
