Prescribed by Physicians, Recommended by Druggists, Endorsed by Ministers, Guaranteed by the Manufacturers to be

CATARRH.

A New Home Treatment for the Cure of Catarrh, Catarrh of Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and nasal tubes. The eminent scientists—Tyn-dall, Huxley, and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal, and as a natural consequence of such treatment but a permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than three or four times a week, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrh of the nostril, to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrh troubles should carefully read the above.

Household Hints.

TO THE DEAF.—A person cured of deafness and noises in the head of twenty-three years standing by a simple remedy, will send a description of it free to any person who applies to NICHOLSON, 177 McDougal Street, New York.  
A LOVELY thing in perfumes—"Lotus of the Nile."  
TO CLEAN TIN WARE.—The best thing to clean tin ware is common soda; rub on briskly with a damp cloth, after which wipe dry.  
FOR Deep-Seated Colds and Coughs, Allen's Lung Balsam cures when all other remedies fail.  
TO FRY OYSTERS.—Dip from the liquor, let drain on soft cloth, dip each into beaten egg, then into cracker dust, and fry in very hot butter.  
FOR TOOTHACHE.—Go buy a bottle of Pain Killer, and find relief in the twinkling of an eye.  
Best cure for colds, coughs, croup, whooping cough, and other ailments is the old Vegetable Pulmonary Balsam of Dr. J.C. Root & Co. Boston. For sale at large bottle sent prepaid.

The new Substitute for Pills.—Campbell's Cathartic Compound. Easily taken, much more effective.  
FRENCH TOAST.—Take three eggs, beat well, and add one half cup of milk, dip the slices of bread in this batter and fry in butter till brown. Serve while hot.  
FARMER'S COOKIES.—One cup of white sugar, one cup of good, thick, sour cream, one-half teaspoonful of salt, one teaspoonful of saleratus, mix dough quite stiff.  
SNOW CAKE.—Two cups of pulverized sugar, one cup of butter, one cup of sweet milk, one cup of corn starch, two cups of flour, two heaping teaspoonful of baking powder, lemon.  
HOT MILK AS A STIMULANT.—If any one is fatigued the best restorative is hot milk, a tumbler of the beverage as hot as can be sipped. This is far more of a restorative than any alcoholic drink.  
SUBSTITUTE FOR CREAM IN COFFEE.—Beat the white of an egg to a froth, put into it a small lump of butter, and turn the coffee to it gradually so that it does not curdle; it is difficult to distinguish it from fresh cream.  
DR. WISTAR'S BALSAM OF WILD CHERRY is "a combination and formed" for healing and curing diseases of the throat, lungs and chest. It cures a cough by loosening and cleansing the lungs, and allaying irritation; thus removing the cause, instead of drying up the cough and leaving the disease behind.

CAKE FRITTERS.—Cut any kind of stale, plain cake in neat slices, drop each slice in very hot lard, and fry until they are a delicate brown. Place on a platter with a teaspoonful of sour jelly on each slice. Serve hot for dessert.  
MUFFINS.—Beat two eggs in a quart of buttermilk, stir in flour to make a thick batter, one teaspoonful of salt, same of soda, bake in a hot oven in well greased tins. Muffins of all kinds should be broken apart—never cut.  
TESTED BY TIME.—For Throat Diseases, Colds and Coughs, BROWN'S BRONCHIAL TROCHES have proven their efficacy by a test of many years. The good effects resulting from the use of the Troches have brought out many worthless imitations. Obtain only BROWN'S BRONCHIAL TROCHES. 25 cents a box.  
LAMB SCALLOP.—One cupful of cold lamb, chopped fine; one cupful of fried bread crumbs. Arrange all in layers in a buttered dish, having the crumbs at the top; season with salt and pepper, put bits of butter on top, and then bake.

CONSUMPTION CURED. An old physician, retired from practice, having had placed in his hands by an East India Missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 149 Power's Block, Rochester, N.Y.

LEMON FOAM.—Beat well together the yolks of six eggs, half a pound of powdered sugar, two grated lemons, half an ounce of gelatin dissolved in cold water. Simmer over the fire until quite thick. Beat the whites of the eggs to a stiff froth, add them to the mixture; beat together and pour into moulds.  
The Board of Trade Banquet.  
It was remarked by all present that the fine cakes and pastry were unusually good. The reason for this was readily understood when the distinguished gentlemen present were informed that they were made with imperial baking powder, as Harry Webb, the well-known caterer, who supplied the banquet, uses no other kind. These goods are manufactured in Toronto, and can be depended on, as the manufacturers are an old and reliable house, having been in business thirty-seven years, which is a guarantee that the articles they make are thoroughly reliable. The business done by them last year was by several thousand dollars larger than the best previous year they ever had during the time named.  
I AM Subject to Sudden Colds, followed by hard coughs for which I used DR. WISTAR'S BALSAM OF WILD CHERRY, and find it the best remedy. We always have it in the house, and would as soon be without flour as the Balsam. A. DUNKEE, Postmaster, West Brattleboro', Vt.

In a letter from HON. MRS. FERY, Castle Grey, Limerick, Ireland, they are thus referred to: "Having brought your 'BRONCHIAL TROCHES' with me when I came to reside here, I found that, after I had given them away to those I considered required them, the poor people will walk for miles to get a few."  
DR. HARVEY'S SOUTHERN RED PINE for coughs and colds is the most reliable and perfect cough medicine in the market. For all Coughs.
