

# CHICAGO MARKET.

**UNLOADING BY SCALPERS MAKES LOWER OPENINGS — LARGE PRIMARY RECEIPTS — MARKET MOVEMENTS NARROW.**

Chicago, Sept. 11.

Scalpers expecting higher cable quotations for wheat and also more warlike news than came to hand this morning threw over their holdings for the most part, causing a continued pressure on the market. Bears also were finding little opposition and much material for aggressiveness in what news was reported. There were large Argentine shipments and corrected statistics from the Northwest showed probable increase in weekly stocks as amounting to something like three quarter million bushels. Over a million bushels a day or eight million weekly of primary receipts ensure bearish efforts at least, if not their success, and the flour trade report tends to lower wheat values. Foreign markets continue to be apathetic and furnish no stimulus. The contracted limits of over night puts and calls suggests little hope of immediate activity, and are in line with the narrow fluctuation of grain values for some time.

Liverpool cable reported wheat  $\frac{3}{4}$  lower, corn  $\frac{1}{4}$  lower, both being dull and with very little doing. Following suit the opening sales at Chicago today were in all lines lower, wheat from  $\frac{1}{4}$  to  $\frac{1}{2}$  lower, corn  $\frac{1}{4}$  lower, oats  $\frac{1}{4}$  lower, while in provisions the recessions from Saturday's close were from 2 to 5 cents. So far as could be gathered from the forenoon sales there did not seem likely a higher level within sight today. Wheat, in fact, seemed to be working lower.

Government report winter and spring wheat 79.9 p.c.

Spring corn 85.2.

Snow figures wheat crop on government figures at 495 millions against 512 million last month.
