Embroidered Taffeta Belt Design No. LN2133.

A belt far more handsome than many shown in the shops may be very easily and quickly made at home. The foundation is a good, firm quality of black taffeta, and on this a scroll design is embroidered in shades of Filo Silk, Gray 2871, 2873. The large scrolls are worked on the scalloped side in Long and Short stitch, and with Outline stitch on the other, while the small scrolls are worked solidly. Star-like centers of steel beads are made by using three beads in a triangular form at every dot.
