

A MONTREAL MIRACLE.

FACTS PROVED TO BE STRANGER THAN FICTION.

The Remarkable Cure of a Long-Time Sufferer—Rheumatism of Ten Years' Standing Permanently Cured—A Story Full of Interest to all Other Sufferers.

Sunday Morning News, Montreal.

Impressed with the persistency with which the most astonishing accounts of cures effected through the agency of Dr. Williams' Pink Pills for Pale People in almost all the newspapers of Canada and the United States, a reporter for The Sunday Morning News, to satisfy himself generally of the genuineness of these cures, determined to investigate a case for himself, which had recently been brought to his notice, where the cure was claimed to be due entirely to the efficacy of this medicine. Aware that Dr. Williams' Pink Pills had been tried in the case of a gentleman residing at 709 Sherbrooke street, in the City of Montreal, who had for years been afflicted periodically with rheumatism, the reporter set out on a journey of enquiry to ascertain what the result had been. Arriving at the home of Mr. Granville, the gentleman referred to, he found him apparently enjoying perfect health.

"You don't look as though you had been suffering a great deal lately, Mr. Granville, said the reporter, accepting the invitation of his host to be seated.

"Well, no, you would scarcely suppose from my present appearance and activity that I had just recovered from a most acute attack of chronic rheumatism, which kept me in bed for over two weeks. You see," continued Mr. Granville, "I am an habitual sufferer from rheumatism, or at least I have been for ten years past, and although I have tried almost every remedy it has only been since recently that I have found anything to do me good. It is now about ten years since I first became afflicted with this painful disease, and when it began to come on, having never experienced it before, I was at a complete loss to understand what it was. It was in Chicago that I had my first attack, and I remember the circumstances very well. While on the street I was suddenly seized with a violent pain in my left knee, which continued to grow worse until I could walk no longer, and was compelled to call a cab and be driven home. Once there I took to my bed and did not leave it for ten days, being totally unable to move my leg without experiencing the most excruciating pain, which nothing I could get seemed to relieve."

"Did you not have a doctor?" asked the reporter.

"Oh, yes; but he didn't seem to do me much good. He wrapped the limb in flannels and gave me some decoction of salicylic acid to swallow. But it was of no avail. Each year as winter passes into spring I have been seized with this painful disease and laid out for some weeks, nor have I been able until lately to obtain anything which would even help me a little. You would not believe it if I were to recount the various patent medicines which I have taken both externally and internally during all that time in an endeavor to obtain relief. I must have tried a hundred so-called cures, and never experienced any beneficial

results until I came across Dr. Williams' Pink Pills. I must frankly confess that at the outset I had no great faith in the pills. I had tried so many medicines, all to no purpose, but I was willing to give them a trial anyway, so I sent out to the drug store on the corner and got a supply. I followed the directions carefully and soon experienced relief, and before I had been taking the Pink Pills long I was able to get out of bed, and although I was still a little stiff the pain had almost completely disappeared. I am still taking the pills, and shall keep on taking them for some time, and furthermore I don't intend to be without them in future."

"Then you ascribe your relief entirely to the efficacy of Dr. Williams' Pink Pills," suggested the reporter.

"I most certainly do, and Mr. Curtis the druggist on Bleury street will verify what I have said."

The reporter next visited Mr. H. H. Curtis, the druggist referred to, whose place of business is at 291 Bleury street, and interrogated him with reference to the case. Mr. Curtis stated that he knew of Mr. Granville's ailment and that he had suffered for years, and he had no doubt Pink Pills did all Mr. Granville said. He further said that Pink Pills had a very large sale, and gave universal satisfaction. The reporter then withdrew, quite satisfied with the result of his investigation.

The Dr. Williams' Pink Pills for Pale People are manufactured by the Dr. Williams' Medicine Co., of Brockville, Ont., and Schenectady, N. Y., a firm of unquestioned reliability. Pink Pills are not looked upon as a patent medicine but rather as a prescription. An analysis of their properties show that these pills are an unfailing specific for all diseases arising from an impoverished condition of the blood, or from an impairment of the nervous system, such as loss of appetite, depression of spirits, anæmia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, locomotor ataxia, paralysis, sciatica, rheumatism, St. Vitas' dance, the after effects of la grippe, all diseases depending upon a vitiated condition of the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions, and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature. These pills are not a purgative medicine. They contain only life-giving properties, and nothing that could injure the most delicate system. They act directly on the blood, supplying its life giving qualities, by assisting it to absorb oxygen, that great supporter of all organic life. In this way, the blood becoming 'built up,' and being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulating them to activity in the performance of their functions and thus eliminate disease from the system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this

form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood-builders and nerve tonics, put up in similar form intended to deceive. They are all imitations, whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address, at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold comparatively inexpensive as compared with other remedies or medical treatment.

draughts-checkers

All communications to this department must be addressed directly to the Checker Editor, Mr. W. Forsyth, 36 Grafton St.

THE CANADIAN CHAMPIONSHIP.

The following correspondence is self-explanatory.

Mr. FORSYTH, Halifax—DEAR SIR:—I have been informed that you have issued a challenge to play a match at draughts. I have not seen your challenge, and I do not know the nature of it. I will state that I will be happy to meet you at Toronto in August 1893 to contest a match of thirty games unrestricted, wins and draws to count, for the championship of Canada and a trophy to be presented by the Toronto Draughts Club—neither of us to engage any professional player as coacher, either to play on his own ability, and no money stake to be connected with the match. The gate receipts to be donated to some charitable institution. I have taken this stand in defence of our game as I deem it the proper spirit in which the game may be contested. Hoping this will meet your approval remain, yours very respectfully, ED. KELLY, Draughts champion of Canada, 45 1/2 Main Street, Winnipeg.

To this Mr. Forsyth replied as follows under date of May 25:—

DEAR SIR:—I received yours of the 19 yesterday. In reply I would say that in contesting for championships it is usual to do so for a money stake, and that no one can lay claim to championship honors unless he is prepared to defend the position in the usual way. I am willing to play you a match at checkers in Winnipeg, Toronto or Halifax, for \$200 a side, 30 games, wins and draws to count. I will give you \$60 expenses if you come to Halifax, or will take \$60 and go to Winnipeg, or will go as far as Toronto, neither to be allowed expenses. If the Toronto players wish to add a trophy well and good, and may the best man win it! An immediate reply will oblige yours very truly WILLIAM FORSYTH.

Since the last letter was sent Mr. Forsyth has been by the Toronto Empire that the Draughts Club of that city is trying to arrange a checker tournament, when they hope to gather in their rooms most if not all the best players of the Dominion, and perhaps some visiting players from across the line, and intends to offer a valuable trophy to accompany the title of Champion of Canada. A title won under such circumstances and auspices

would carry a certain official weight that it would not otherwise have. Mr. Forsyth will not decide finally on his course until he learns the details of the proposed meeting.

SOLUTION.

PROBLEM 332—The position was:—black man 7, kings 11, 20; white men 12, 28, king 1; white to play and draw.

1 6 16—20 20—16 16—23
20—16 24 10 12 8 8 3
28 24 drawn.

The only correct solution to the above received was from Oliver McGill, Yarmouth.

GAME 217—"SINGLE CORNER."

Played recently between Messrs. W. Forsyth (black) and B. A. Fielding (white)—the former playing blindfold.

11—15	13—22	30—25	26—17
22 18	26 10	31 26	21 5
15—22	7—14	2—7	white
25 18	32 27	* 3 8	wins.
9—13	3—7	25—30	
29 25	30 26	8 12	
12—16	7—10	30—25	
25 22	26 22	12 16	
16—20	12—16	25—30	
24 19	19 3	16 19	
5—9	10—26	7—11	
18 15	27 23	26 22	
8—12	26—30	30—26	
23 18	18 15	19 15	
4—8	6—10	a-10—19	
27 23	15 6	23 7	
10—14	1—10	14—23	
22 17	22 18	7 2	

a Playing blindfold this position proved too complicated for black and, in the words of Anderson fifty years ago, he "made a very inadvertent move" here which cost him the game. Had he been playing with sight, the error would have been easily avoided, as 26—19 would have drawn readily.

* At this point had Mr. Fielding played 18 15, 10—19, 3 17, 9—13, 23 16, 13—31 it would have evolved the following position, which we present as

PROBLEM 334.

Black man 20, kings 25, 31.

White men 16, 21, 28.
White to play. What result?

Have you tried the
