It Pays Advertisers

BECAUSE it possesses the cardinal features that make it profitable to Advertisers: Brightness, Reliability, Honesty, Purity of Tone, Circulation, and the Confidence of its Readers. These are the characteristics that give a paper that QUALITY that shrewd Advertisers seek.

FIFTH EDITION
Indispensable to every live Teacher

Practical Problems IN Arithmetic

For First, Second and Third Classes

By JAMES WHITE, Public School Teacher.
EDMONTON, ONT.

This book has been prepared especially to suit the convenience of Public School Teachers. It contains about 700 Practical Problems suitable for First, Second and Third Classes in Public Schools. It is very carefully graded, and each principle required to be taught is introduced in logical order. It receives the hearty approval of Teachers and Inspectors.

Read their Opinions.

From ALLEN EMBURY, Esq., Inspector, Peel.

I have examined this little book of Arithmetical Problems, and can give it an unqualified endorsement. The questions are carefully graded, and are especially suited to the wants of our over-worked teachers who have not always the time to devote to the preparation of exercises upon various subjects in the school curriculum. The questions are not stated in the form of propositions; but their statement is incidental, leaving the inner connection of the problems to be discovered by the pupil himself; and in this important feature lies their special adaptability as an educational force. I heartily recommend this book to all teachers wishing to economize time and labor in their preparation for ordinary school work.

From E. TROUGHT, Esq., Teacher, Member County Board of Examiners, Inglewood.

I have examined with some care Practical Problems in Arithmetic for First, Second and Third Classes, by Mr. White, Edmonton. Without the slightest hesitation I say they are the best I have ever seen—the best in selection, the best in grading, and above all, the best for developing the reasoning powers of the child, and for exercising his ingenuity. A special feature of the grading is that the principles which have been introduced are being constantly made use of in the succeeding problems which are in their turn introducing new principles, so that the whole work may be said to be one unconsolidated review. It is a great boon to Teachers.

A BRILLIANT WORK. Cape Breton Illustrated

Historic, Picturesque and Descriptive
By JOHN M. GOW.

With 30 Full-Page Photo-Engravings.

Cloth, 423 pages 7x9 inches, - \$3.00
Morocco, gilt edges, 8x10 inches, \$5.00

The following words taken from the Preface set forth in the fewest possible words the scope of this strong, brilliant interesting work.

"In this volume it is attempted to account for the American Puritan and for his progenitor, the English Puritan; to discuss the spirit and the genius of the men before whom the weak tyranny of kings hopelessly fell. The ancient town and fortress of Louisburg is described, and the story of both sides is told in detail. There is a short account of the Colonial Struggle between France and England, and of its immediate and remote results. The erection of the United States into a Separate Nationality, and the formation of the Nucleus of the Dominion of Canada. There is also inserted a short History of Cape Breton, with a description of its prospective commercial advantages, and a presentation of its attractions as a summer resort."

The popular, racy style of the author makes the book one of the pleasantest sort of reading. It is a work every intelligent, patriotic Canadian should be proud to possess.
