

HOUSE AND HOUSEHOLD.

The Art of Sweeping.

In sweeping, take long, light strokes, and do not use too heavy a broom. "Alice," said Lois, "do you honestly think sweeping is harder exercise than playing tennis?"

"I hesitated. 'I really don't know. One never thinks of hard or easy in tennis, the game is so interesting; and then, it's out-door exercise, and there's no danger of inhaling dust.'"

"Well, for my part," said Marjorie, "I like doing work that tells. There is so much satisfaction in seeing the figures in the carpet come out brightly under my broom! Alice, what did you do to make your reception-room so perfectly splendid?"

"Mother often tells Aunt Hetty," said I, "to dip the end of the broom in a pail of water, in which she has poured a little ammonia—a teaspoonful to a gallon. The ammonia takes off the dust, and restores the colors wonderfully. We couldn't keep the house without it," I finished, rather proudly.

"Did you bring some from home?" asked Marjorie, looking hurt.

"Why, of course not! I asked your mother, and she gave me the bottle, and told me to take what I wanted."

"A little coarse salt or some damp tea leaves, strewed over a carpet before sweeping, adds ease to the cleansing process," said Mrs. Downing, appearing on the scene and praising us for our thoroughness. "The reason is that both the salt and the tea leaves, being moist, keep down the light floating dust, which gets more trouble than the heavy dirt. But now you will all be better for a short time, so come into my little snugery and have a gossip and a lunch, and then you may attack the enemy again."

You have dropped half the labor of housework when you have taken up Pearlina. You can wash anything with it—you can hurt nothing. Little labor, with little Pearlina brings big results. There is no excuse for rubbing and scrubbing, when Pearlina stands ready to do the work. Many of your friends can tell you about it. You can help yourself with it by helping yourself to it.

See Pearlina at 212 N. 1st St., New York.

CATHOLIC NOTES.

Prince Aldobrandini, the second son of Prince Camille, has entered the Jesuit house of St. Ignatius at Rome to make his novitiate. This prince is one of the most ancient and illustrious families in the Eternal City is in his nineteenth year.

The poor Indians of Idaho will soon have no friends but the Jesuits. There are but the remnants of three tribes—the Kootenais, the Nez Percés, and the Owl-hunters—in the vast territory between the Rocky Mountains and the Snake River. But these red-skins are happy in the society of fifteen Jesuits, in the possession of nineteen churches, nine chapels, and sixty-one missionary stations.

A Jesuit father has been sent from France to take charge of a mission among the Indians in the region of the Sierra de Tarahumara, between the Mexican and Californian gulfs. The church there is the oldest on the American Continent, and contains a statue of the Blessed Virgin in pure gold eight feet high. The metal came from the ornaments of Aztec idols.

Father Anderberg, the present general of the Jesuit Order, was at one time a parish priest of Green Bay, Wisconsin, United States. He is considered to be one of the best superiors the society has ever had. He is described as being an incomparable administrator, a polished diplomat and a deep theologian, while as a linguist he rivals Mezzofanti himself.

LE-GOVERNOR OF ONTARIO.

The rumor has reached us, from what we have reason to regard as a good source, that the Premier, Mr. Abbott, has in contemplation to recommend to the Governor-General the appointment of Hon. Frank Smith, as successor to Sir Alexander Campbell, upon the expiration of that gentleman's term of office. We earnestly hope this *can* be true. Indeed, we have no reason to doubt the statement. Senator Smith's appointment to the Governorship of the province in which he has lived from his boyhood, and which he has so materially assisted to build up and advance on its road to prosperity, by his energy, enterprise and indomitable pluck, is precisely what might be looked for from one so appreciative of merit, so astute and far-seeing as Premier Abbott. Few men in the Province of Ontario would be more generally acceptable to every creed, religious and political, and to the various nationalities, than Frank Smith. His friends are legion; enemies he can have none; his wealth, his genial and hospitable character, his popularity and well-known public spirit, eminently fit him for the exalted position with which his name is coupled. It would be a graceful and well-merited tribute to Mr. Smith's co-religionists of Irish birth and origin, irrespective of party lines, were the Dominion Government to make choice of him for the position in question. In doing this Mr. Abbott would be only following the good example set him by Mr. MacKenzie, who did not halt or hesitate in appointing his colleague, Hon. D. A. MacDonald, a Scotch Catholic, Lieutenant-Governor of this Province in 1874.—*Catholic Record*

There are men who are cynical and who do not believe in human virtue. The practice of the confessional soon cures the priest of this. He comes to know the reality and solidity of virtue in a way he had never suspected before. He comes to know the reality of Divine grace and the power of grace in the hearts of men.

If Your House is on Fire
You put water on the burning timbers, not on the smoke. And if you have catarrh you should attack the disease in the blood, not in your nose. Remove the impure cause, and the local effect subsides. To do this, take Hood's Sarsaparilla, the great blood purifier, which radically and permanently cures catarrh. It also strengthens the nerves. Be sure to get only Hood's Sarsaparilla.

It is not the good we intend to do tomorrow, but that we are doing to-day that the devil is afraid of.

DONALD KENNEDY
Of Roxbury, Mass., Says:
Strange cases cured by my Medical Discovery come to me every day. Here is one of them. A young man, named Donald Kennedy, was paralyzed in my left side, and the best doctors gave me no relief for two years, and I was advised to try my Discovery, which did the duty. In a few months I was restored to health. About four years ago, I became blind in my left eye by a spotted catarrh. Last March I was taken with La Grippe, and was confined to my bed for three months. At the end of that time, as in the start, then it struck me that my Discovery was the thing for me; so I got a bottle, and before it was half gone, I was able to go to my work in the mines. Now in regard to my eyes, as I lost my left eye, and about six months ago my right eye became affected with black spots over the sight as did the left eye—perhaps some twenty of them—but since I have been using your Discovery they have all left my right eye but one, and thank God, the bright light of heaven is once more making its appearance in my left eye. I am wonderfully astonished at it, and thank God and your Medical Discovery.
Yours truly, HANK WHITE.
