## Spring and Summer **CATALOGUE**

**A New Book A Better Book  
NOW BEING DISTRIBUTED**

A book of better values—far better than you would expect under the strained conditions now existing in merchandise markets the world over.

Better values is not a new phrase to connect with the name of **EATON** but one that re-establishes itself time and again with a regularity that makes each new **EATON** Catalogue a more important factor in the Western-Canadian home.

If you are a regular **EATON** customer, a copy of this most interesting book is on its way to your address. If you are not a regular **EATON** customer, your name and address on a postcard is sufficient.
