## APPENDIX

- (a) The Government of the Federal Republic shall ensure that prospective trainees when received for training by the Royal Canadian Air Force shall have achieved a sufficient standard of academic proficiency, and have the necessary knowledge of the English language, to enable them to absorb all instruction in English.
  - (b) The trainees shall be required to meet such minimum physical and other standards as are required to undergo training in Royal Canadian Air Frce establishments.
- (c) The German Air Force shall issue appropriate service orders to ensure that trainees shall be subject to the control and orders of personnel of the Royal Canadian Air Force of appropriate appointment or rank.
  - (d) The German Air Force shall station at suitable locations in Canada adequate administrative and disciplinary staff and liaison personnel.
  - (e) The training course for trainees shall be based on that laid down for trainees of the Royal Canadian Air Force up to Royal Canadian Air Force wings standard.
  - (f) Trainees shall undergo their course of training in accordance with the Schedule attached hereto and forming part hereof and shall, unless otherwise arranged, be despatched to Canada at such times as are specified therein.
  - (g) The number of trainees accepted for pilot training will be 360, the first entries to commence in September 1957 and the training to be completed in approximately April 1959.
  - (h) The competent authorities of the Royal Canadian Air Force may cease the training of any trainee at any time for such cause as would result in similar action in the case of a Royal Canadian Air Force trainee.
  - (i) Trainees who are required to cease training for any reason whatsoever shall be repatriated with the least possible delay by the Federal Republic.
  - (j) All trainees, while undergoing training in Canada under this proposal, shall be accorded the privileges and have the status of flight cadets in the Royal Canadian Air Force, except that officers, insofar as accommodation and facilities exist, will be accorded the privileges and status of officers in the Royal Canadian Air Force.
  - (k) The Government of the Federal Republic shall accept financial responsibility for death, injury or damage suffered by trainees arising out of or attributable to the course of training and shall indemnify and save harmless the Government of Canada, its officers and servants, including members of the Canadian forces, from any or all claims relating thereto.
  - (1) The Government of Canada shall provide:
    - (i) transportation for trainees within Canada for duty purposes;
    - (ii) rations and quarters for trainees in Canada;
    - (iii) medical and dental services and hospital care for trainees but only to the extent that such services and care are made available to trainees of the Royal Canadian Air Force; and
    - (iv) special flying and training equipment required by trainees in connection with their training on a loan basis.
