

5. A Commission may propose an emergency regulatory measure having effect prior to the expiration of the 60-day period referred to in paragraph 2. The members shall make best efforts to implement the measure, unless there is an objection by a member within 30 days after the Commission has proposed it.

ARTICLE 14

1. Each Party shall ensure that such action is taken, including the imposition of adequate penalties for violations, as may be necessary to make effective the provisions of this Convention and to implement regulatory measures which become binding on it under article 13.

2. Each Party shall transmit to the Council an annual statement of the actions taken pursuant to paragraph 1. Such statement shall be sent to the Secretary not later than 60 days before the annual meeting of the Council.

ARTICLE 15

1. Each Party shall provide to the Council available catch statistics for salmon stocks subject to this Convention taken in its rivers and area of fisheries jurisdiction at such intervals as the Council may determine.

2. Each Party shall compile and provide to the Council such other statistics for salmon stocks subject to this Convention in its rivers and area of fisheries jurisdiction as required by the Council. The Council shall decide by unanimous vote the scope and form of such statistics and the intervals at which they shall be provided.

3. Each Party shall provide the Council with any other available scientific and statistical information which it requires for the purposes of this Convention.

4. Upon the request of the Council each Party shall provide to the Council copies of laws, regulations and programmes in force or, where appropriate, summaries thereof, relating to the conservation, restoration, enhancement and rational management of salmon stocks subject to this Convention in its rivers and area of fisheries jurisdiction.

5. Each year each Party shall notify the Council of:

- (a) the adoption or repeal since its last notification of laws, regulations and programmes relating to the conservation, restoration, enhancement and rational management of salmon stocks subject to this Convention in its rivers and area of fisheries jurisdiction;
